During the month of September, 1,257 unique clients made an initial request for care. Of these 1,257 clients, many of them requested initial treatment in more than one level of care. The total number of initial requests by level of care was 1,893.

Overall, 91.3% of clients received the care level that was requested. Of the remaining 8.7%, who received a different level of care than was requested, 32.7% were placed in a 24-hour setting.
