Medicaid: Mix of Federal & State Matching Funds	NO [7]	YES [2]			YES [5]	YES [6]
Other Miscellaneous Funds Education Chapter 34, Title 1, IDEA Grant, Carl Perkins Grant, USDA school meal reimbursement, Major Maintenance, Capital Improvement, Road Maintenance.	YES					

NOTES:

1. The IJH receives a general fund appropriation. Counties pay a per diem rate for all CINA youth. County payments are deposited in the general fund.
2. Magellan pays for PMIC based on per diem rates.
3. Title IV-B funds can be used for state child abuse prevention services and for programs intended to support and preserve families and/or to reunite children with their families. Title IV-B funds are federally capitated payments. These funds cannot be increased.
4. Title IV-E funds can be used for foster care programs, adoption assistance programs, training child welfare workers, and for programs to assist young people making the transitioning from living in foster care to living independently as adults.
5. Magellan pays for mental health treatment on a fee-for-service basis. Services include Behavioral Health Intervention Services (BHIS), out-patient therapy, medication management, etc.
6. Children placed in out-of-home care are Medicaid eligible for the full range of covered services including: out-patient health care, drugs – including mental health drugs, dental care, etc.
7. Medicaid cannot pay for covered services for delinquent youth in the State Training School for Girls because the girls are considered inmates of a public institution. The Iowa Juvenile Home is not certified as a Medicaid provider.
