Dear Child Care Provider,

This letter is in regards to the march 27, 2014 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept.
- 110.5(1)l A safety barrier surrounds any heating stove or heating element. (Needs a soft barrier on the granite and fencing in place for the fireplace)
- 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. (Please add to these rooms)
- 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes.
- 110.5(1)p Children under the age of one year are placed on their backs for sleeping unless otherwise authorized in writing by a physician. (Infants need to sleep flat on their backs and not on sides for sleep)
- 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (Need to provide for two kids, please)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed. Child Care Resource and Referral will check your home for completion of your items out of compliance with the checklist. They can be reached at 319-233-0804

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: May 15, 2014
