Dear Child Care Provider,

This letter is in regards to the 11-5-15 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 441 IAC 110.5(1) Conditions in the home are safe, sanitary, and free of hazards. *(need to get smoke detectors fixed, email me a picture within 24 hours or this worker will stop by 11/6/15)*
- 441 IAC 110.5(1)“b” All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child *(secure chemicals under kitchen sink and bathroom sink)*
- 441 IAC 110.5(1)“n” The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes *(need top of stairs and new battery in living room, agrees to fix within 24 hours)*
- 441 IAC 110.5(1)“p” Children under the age of one year shall be placed on their backs when sleeping unless otherwise authorized in writing by a physician. *(discussed discontinuing use of infant chair to sleep infant)*
- 441 IAC 110.5(1)“q” Providers shall inform parents of the presence of any pet in the home.

(1) Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice). *(gave form)*

(5) No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times *(need to keep cat out of food serving area while eating meals)*

441 IAC 110.5(2) A provider file is maintained and contains:

441 IAC 110.5(2)“a” A physician’s examination report for the provider and all members of the household . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. The examination shall include any necessary testing for communicable diseases; a discussion of recommended vaccinations; completed no more than six months prior to initial registration; completed by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner; and repeated at least every three years. *(need physicals on husband and Grace)*

441 IAC 110.5(8) “c”. A signed medical consent from the parent authorizing emergency treatment. *(1)*

441 IAC 110.5(8) “e”. A statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement. *(3)*

441 IAC 110.5(8) “g”. A signed and dated immunization certificate provided by the state department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable. *(2)*

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home.
