Suggestions for Improvement:

This worker spoke with the provider about the use of essential oils in her daycare environment. Currently the provider diffuses a lemon scent in the air in their living room. This worker discussed and the provider shared in their agreement that essential oils are not to be used on daycare children’s skin or as a medicine and that all oils are locked up inaccessible to daycare children. The provider showed this worker the child inaccessible area where they were located.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations by 11/30/15.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home on or after **11/30/15**.

Please do not hesitate to contact me at DHS at 319-208-5521 if you have any questions regarding this letter.

Sincerely,

Chad Reckling
