- ◆ The Promoting Awareness of the Benefits of a Healthy Marriage Program, which confers categorical eligibility for Food Assistance.

### **Elderly Members Who Are Disabled**

**Legal reference:** 7 CFR 273.1(a)(2)(ii)

**Policy:**

Under certain conditions, a person who is both elderly and disabled can buy and fix food with others and still be a separate household. However, an elderly and disabled person still cannot be a separate household from people that are listed under [Mandatory Household Members](#).

**Procedure:**

Allow the elderly and disabled person to be a separate household when:

- ◆ The person is unable to buy and fix food independently because of a permanent disability. The disability can be physical or mental, disease-related, or non-disease-related. Determine disability by observing the person or through a statement from a physician or a licensed or certified psychologist saying that the person is unable to buy and fix food without help.
- ◆ The countable gross income of nonmandatory members living with the elderly and disabled person is at or less than 165% of the federal poverty level for the corresponding household size. The following chart gives the amount of monthly countable gross income that is 165% of poverty for the corresponding household size.

<b>165% of the Poverty Level</b>			
Number of People	Maximum Gross Monthly Income	Number of People	Maximum Gross Monthly Income
1	\$1,580	5	\$3,791
2	\$2,133	6	\$4,344
3	\$2,686	7	\$4,897
4	\$3,239	8	\$5,450
For each additional member, add \$553			

Do not include the elderly and disabled person or that person's mandatory household members when determining the household size and income of the other people living in the household.

### **Households Eligible for the Promoting Healthy Marriage Program**

**Legal reference:** 441 IAC 47.1(234), 47.2(234), and 65.39(234)

**Policy:**

The Promoting Awareness of the Benefits of a Healthy Marriage Program (PHMP) uses funds from the Temporary Assistance to Needy Families (TANF) block grant to provide information about the benefits of a healthy and stable marriage. Households are categorically eligible for Food Assistance for any month in which they are eligible for the PHMP.

There is no resource limit for the PHMP. Food Assistance households are eligible for the PHMP if they meet **all** of the following criteria:

- ◆ Total gross countable Food Assistance income is at or below 160% of the federal poverty guidelines.
- ◆ No household member is currently disqualified due to an intentional program violation (IPV).
- ◆ All Food Assistance eligibility criteria other than resource limits and gross and net income limits are met.
- ◆ Food Assistance benefit amount is greater than zero. NOTE: Eligible one-member and two-member households are eligible for the "minimum benefit."

**Procedure:**

There is not a separate application for the PHMP. Eligibility for the PHMP is automatically determined whenever a household applies for Food Assistance. When you process the Food Assistance application, the ABC system will determine eligibility for the PHMP by comparing income to the chart below:

Household Size	Maximum Gross Monthly Income for PHMP	Household Size	Maximum Gross Monthly Income for PHMP
1	\$1,533	5	\$3,677
2	\$2,069	6	\$4,213
3	\$2,605	7	\$4,749
4	\$3,141	8	\$5,285
For each additional person, add \$536			

The notice of decision issued by the ABC system to approve Food Assistance will include language approving the PHMP if the household qualifies. When PHMP eligibility exists, the ABC system will assign the same certification period for the PHMP as for Food Assistance.
