

Anthony Lyman Chief Information Officer

Anthony Lyman began his role as Chief Information Officer on Monday, January 8, 2018. Anthony is not new to DHS; he previously worked with SLI Global Solutions (ELIAS Quality Assurance vendor) as the Technical Manager, Resource Capacity Manager and bringing in the Agile framework with oversight of such and serving as DHS' AGILE expert. Lyman has served in several lead capacities for the ELIAS project over the past five plus years, as well as a lead role within the SLI company.

Previously, and for ten years, he was a company owner, leader and manager with a global presence as an entrepreneur with an IT Portfolio in excess of \$400 million with over one hundred employees. He is a member of the Project Management Institute, Scrum Alliance, International Institute of Business Analysis, SAFe 4.5 for Lean Enterprises. Lyman holds a Bachelor's in Business Administration.
