1. Amendments to Chapters 105, 113, 114 and 202, regarding Child Abuse, Child Welfare and Foster Care. These amendments implement the federal law, "Preventing Sex Trafficking and Strengthening Families Act." These amendments also update language regarding liability of foster parents and add new requirements about annual fire inspections and building codes. Finally, these amendments change the requirement for provision of transition plan documents to any child leaving foster care at the age of 18 or older.

2. Amendments to Chapter 175, regarding Child Abuse. These amendments implement the federal law, Justice for Victims of Trafficking Act (P.L. 114-22),” which requires state child protective agencies to consider a child to be a victim of “child abuse and neglect: and of “sexual abuse” if the child is identified as being a victim of sex trafficking or a victim of a severe form of trafficking in persons. These amendments also require individuals who patronize or solicit persons for a commercial sex act to be equally culpable for sex trafficking offenses.

Notices of Intended Action

- N-1. Amendments to Chapters 40, 41, and 46, Food Assistance and Family Investment Program. These amendments add definitions for locations where applicants and participants are prohibited from accessing funds with their electronic access cards.
- N-2. Amendments to Chapter 99, Child Support Recovery. These amendments conform the child support process to statutory changes regarding suspension of court orders for child and medical support. Amends the current suspension process to allow for suspension of the child support order if the child goes to live with a caretaker who does not want child support, and both parents consent to the suspension.
