\* Figure represents the ratio of unique members enrolled / county population

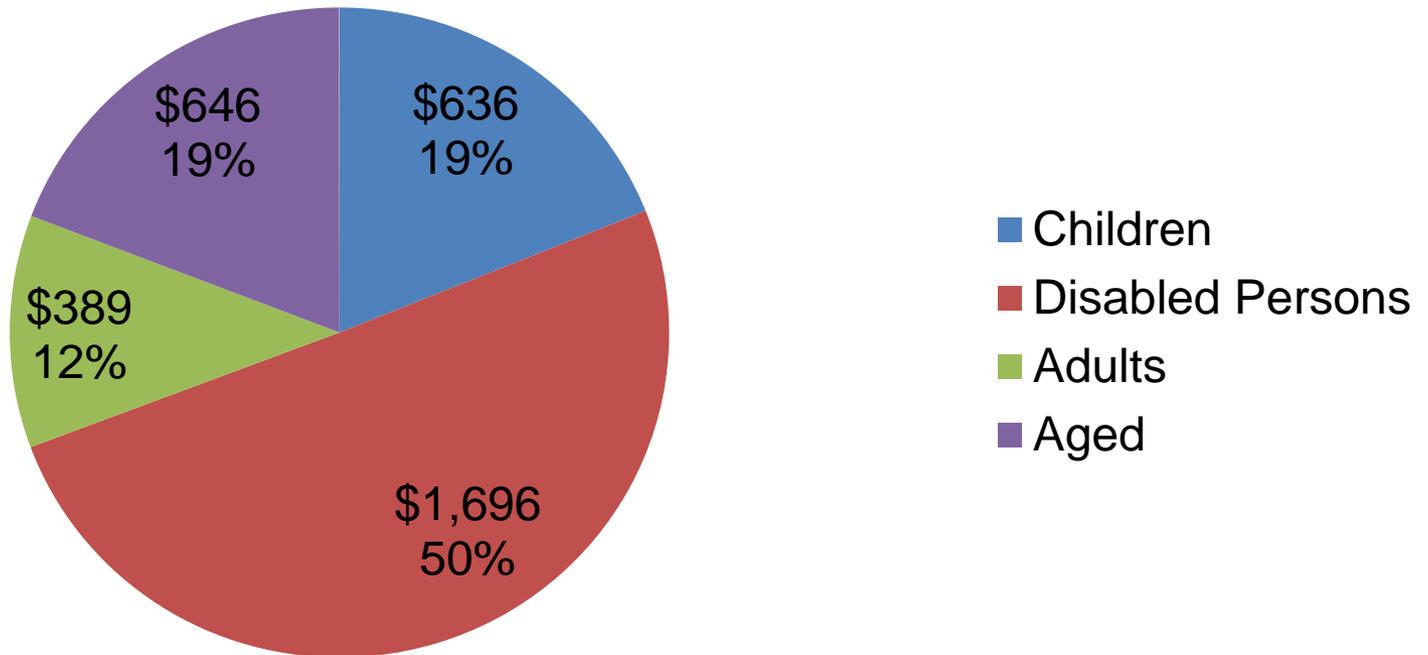

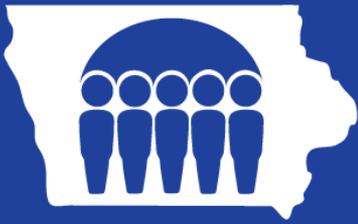

## Medicaid Services Provided: SFY2013

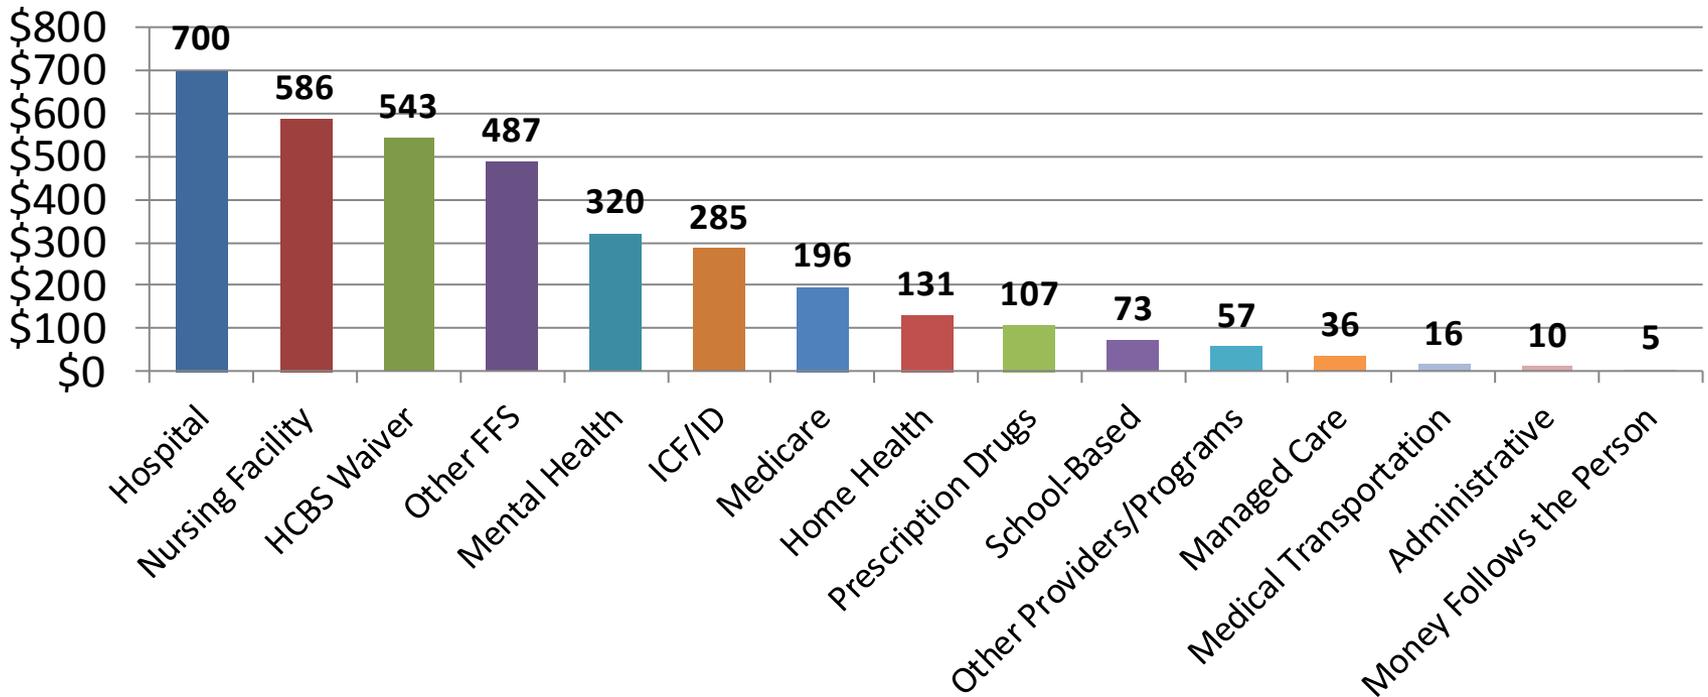

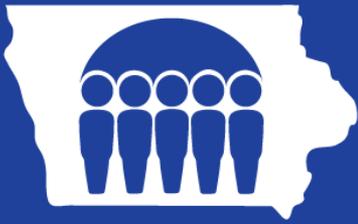

## Expenditures by Enrollment Group: SFY2013 (Millions)

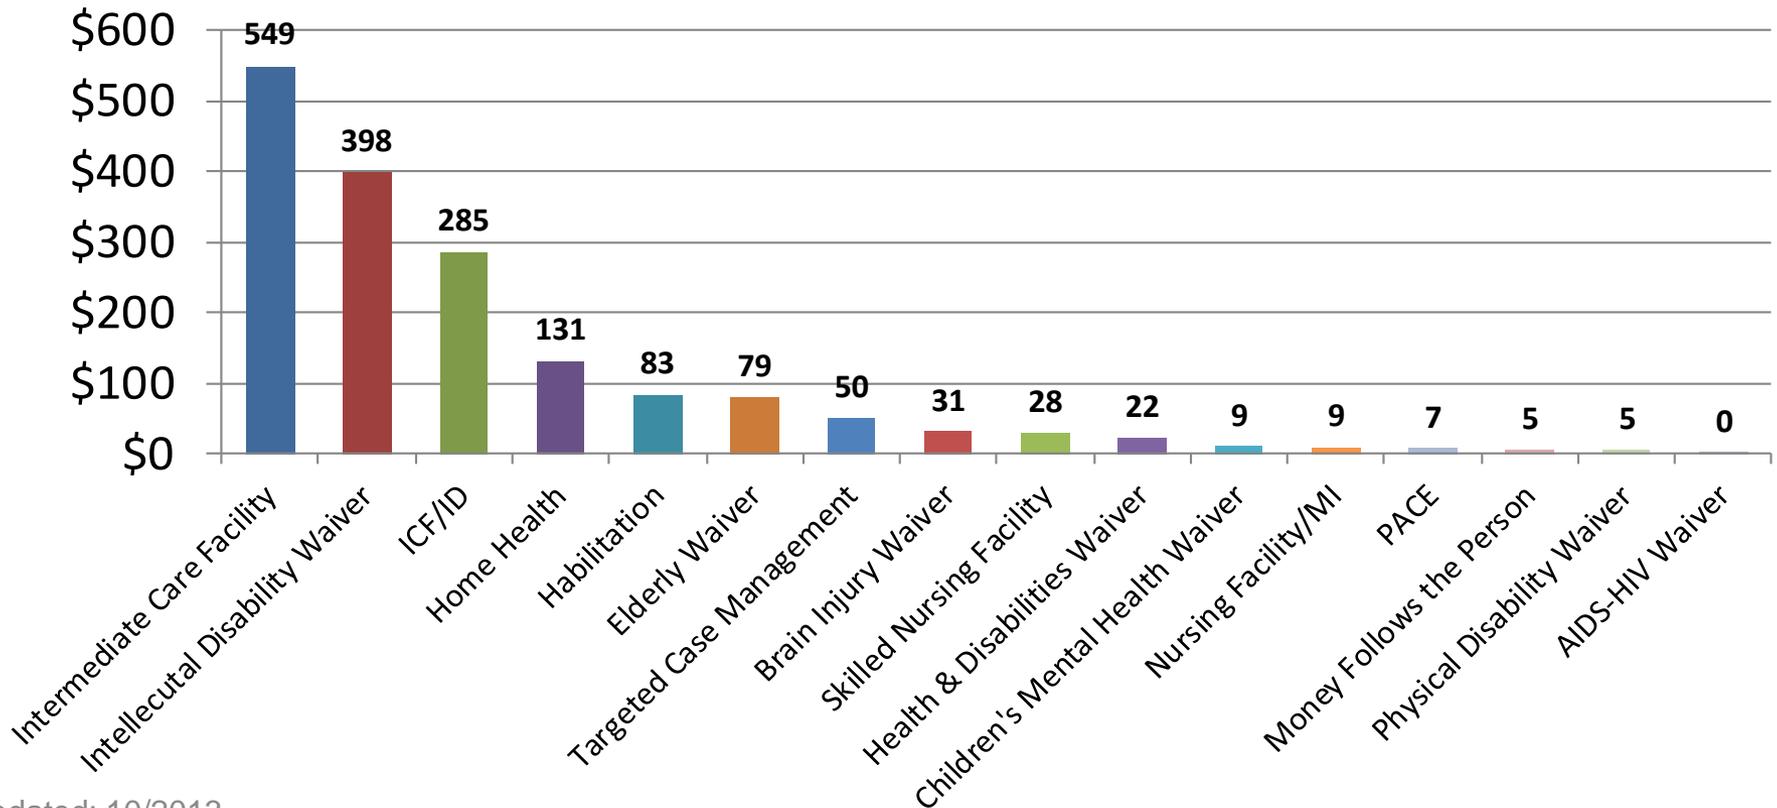

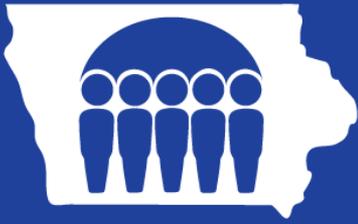

## Top SFY2013 Expenditures by Category of Service (Millions)

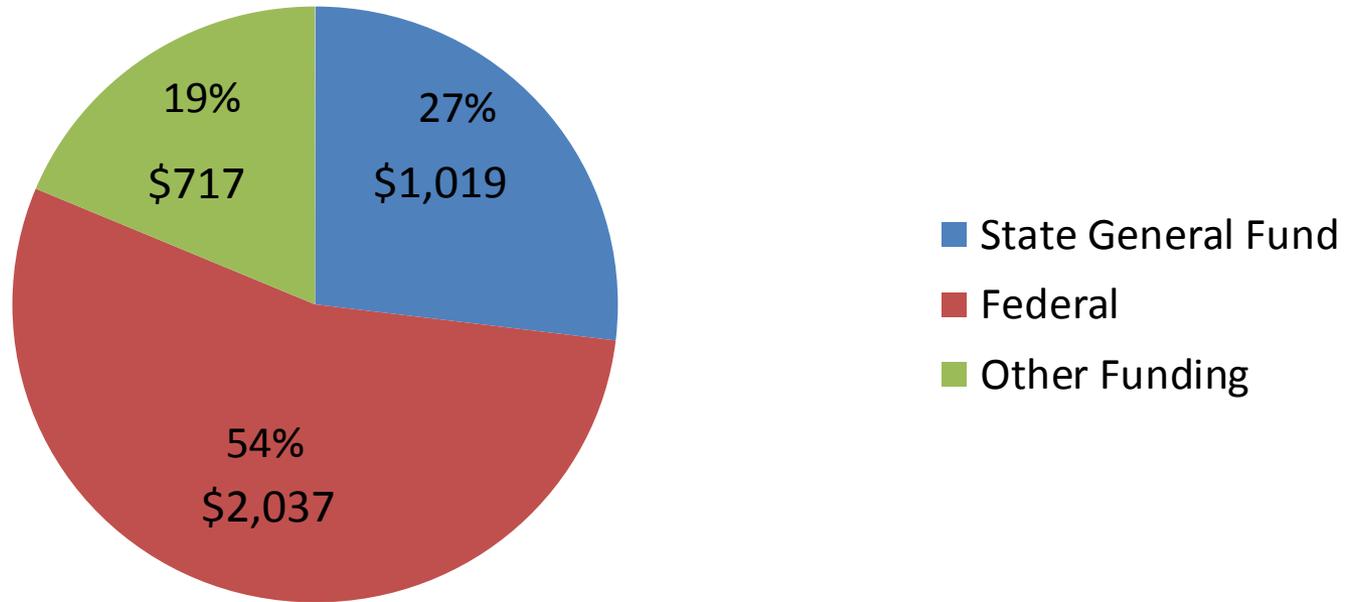

## Long-Term Care Expenditures SFY2013(Millions)

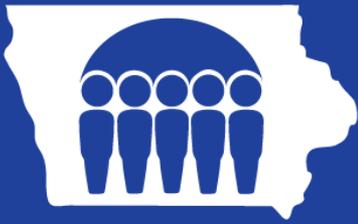

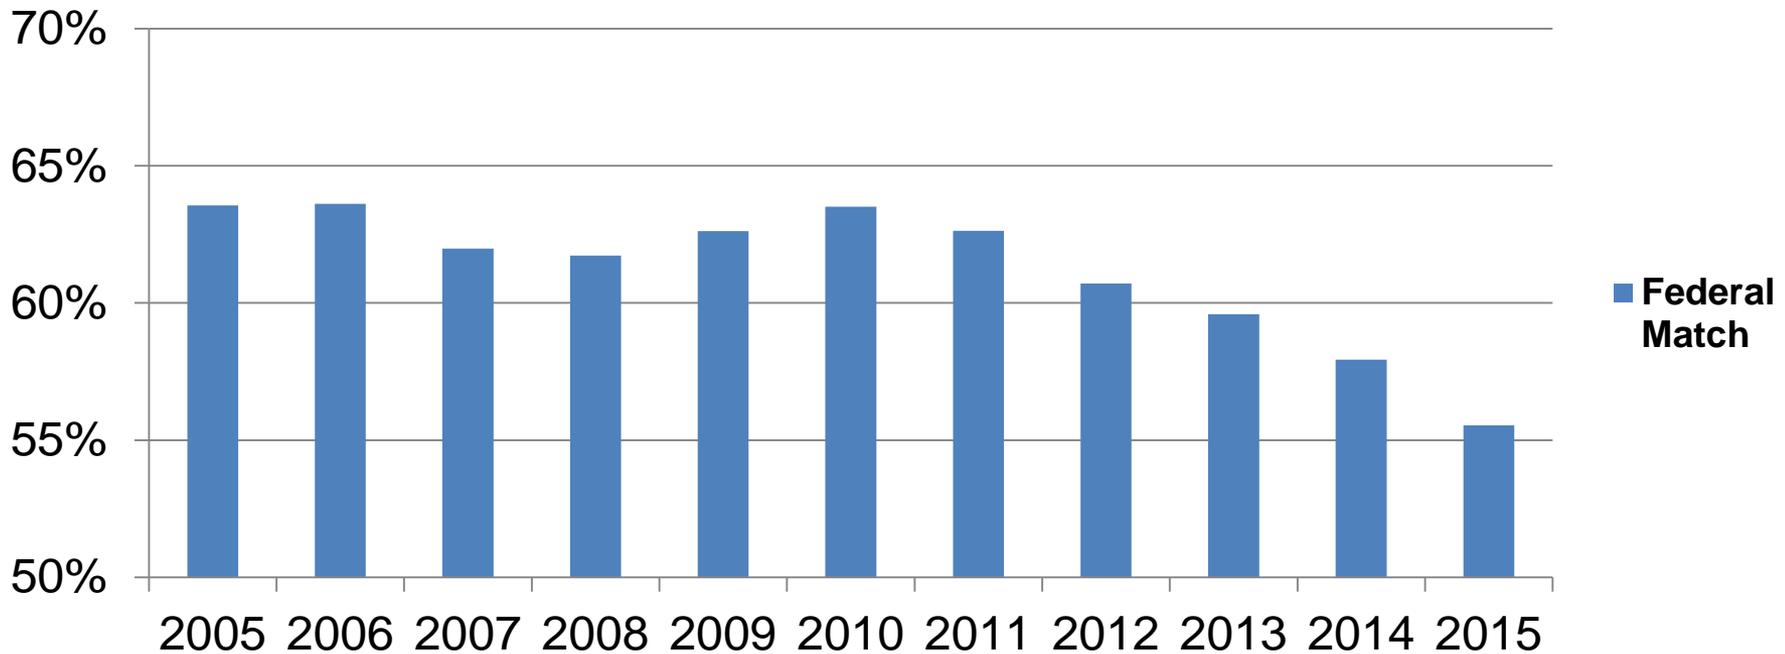

## Funding SFY2013 (Millions)

Total Funding Amount:  
\$3,773,962,076.00

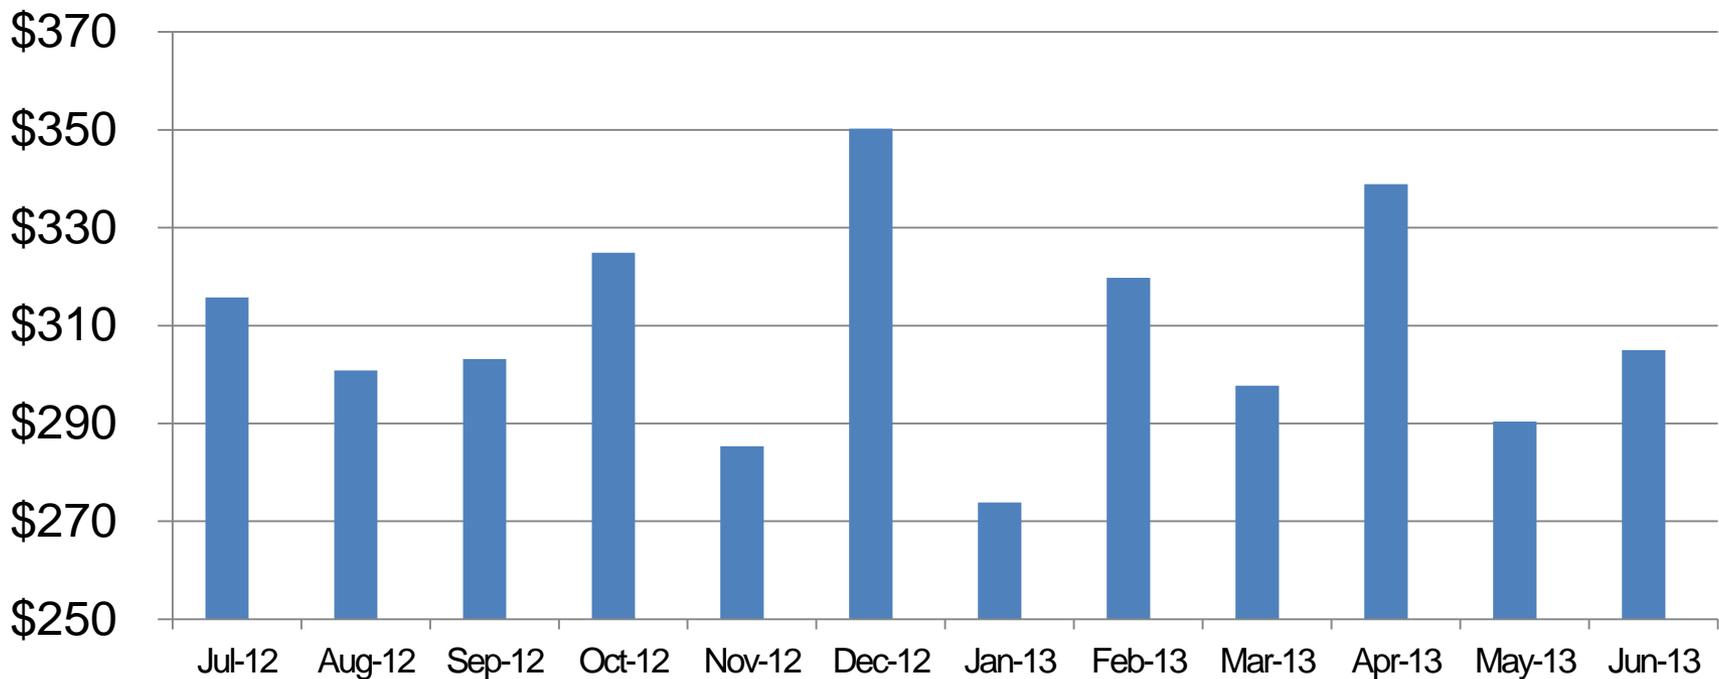

## Federal Medical Assistance Percentage\* (FMAP) FFY 2005- 2014

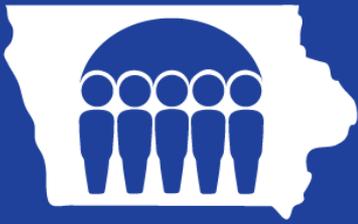

*\*FMAP is the federal government's share of state's costs for most Medicaid services. Remaining costs are financed by the state's budget. American Recovery and Reinvestment Act of 2009 (ARRA) temporarily increased all states' FMAPs for the period October 2008 – June 2011.*

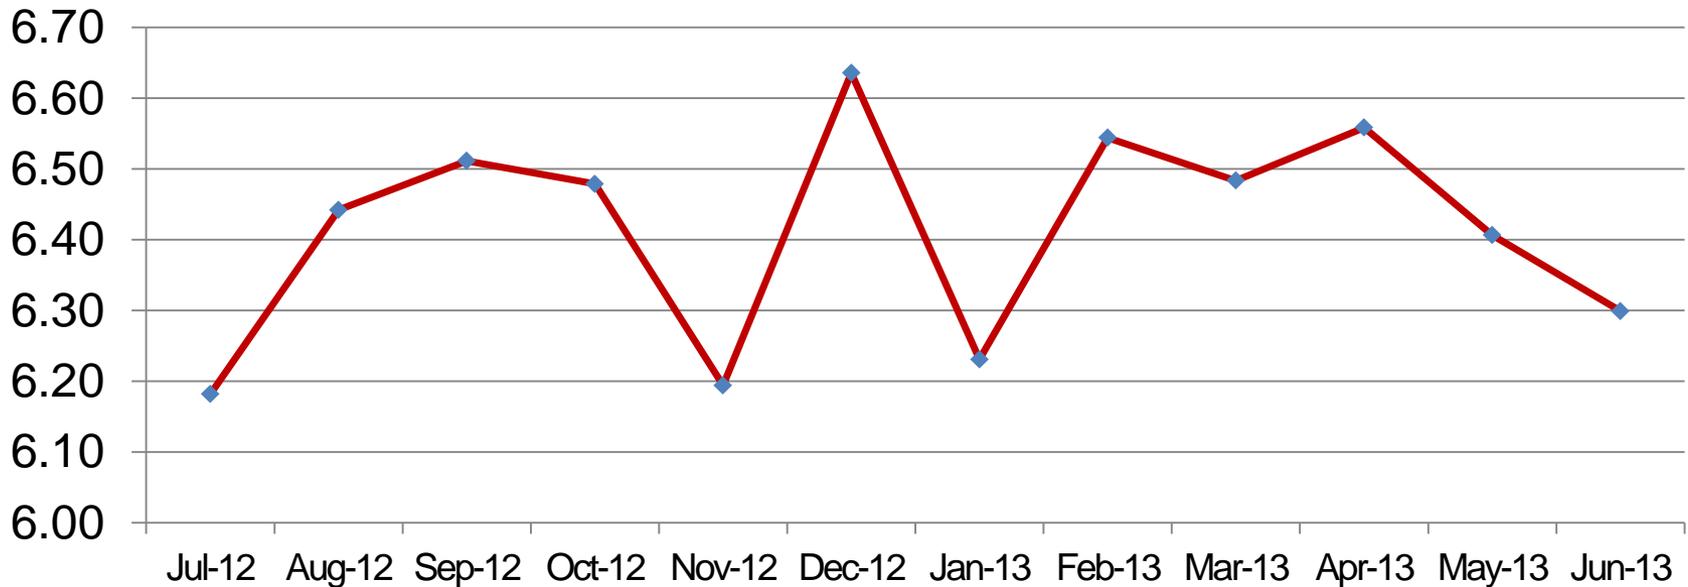

## Total Amount of Medicaid Claims Paid SFY2013 (Millions)

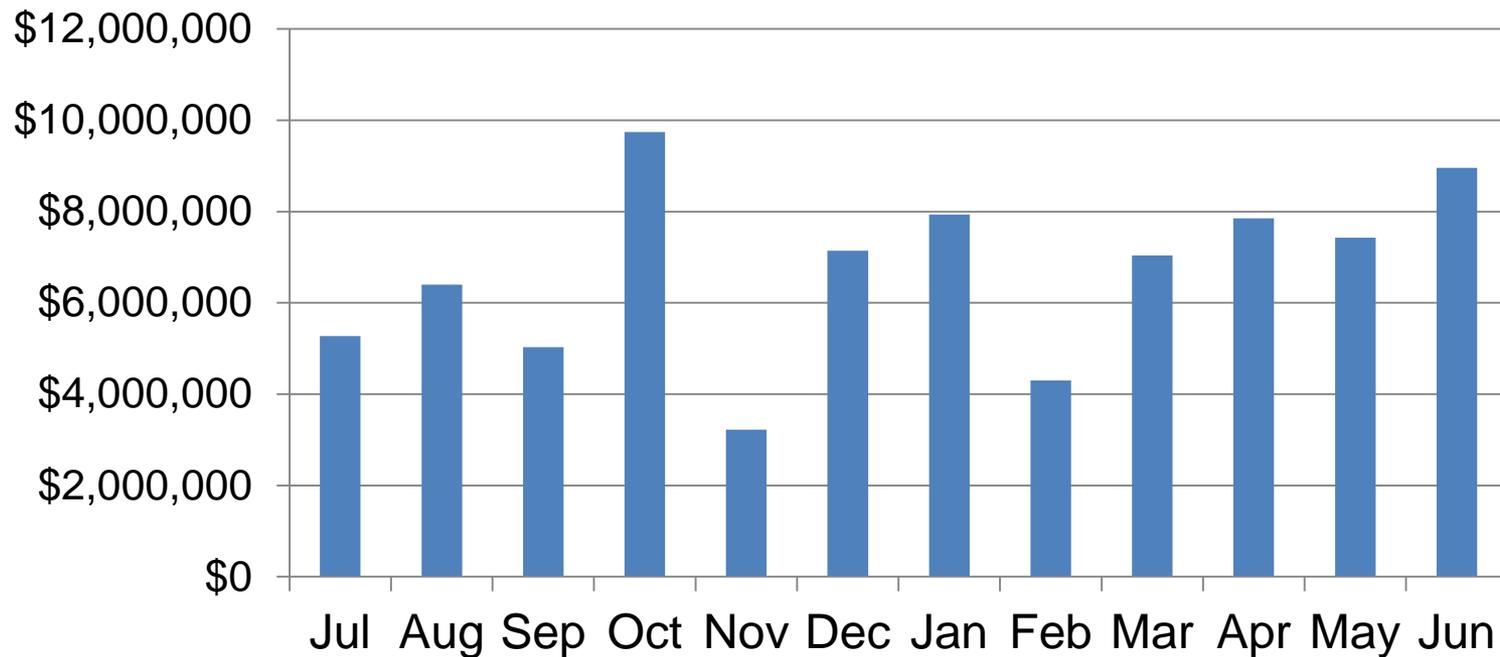

## Average Number of Days from Claim Submission to Claim Payment SFY2013

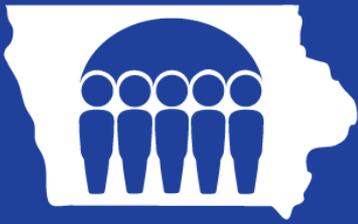

## Recoveries SFY2013\*

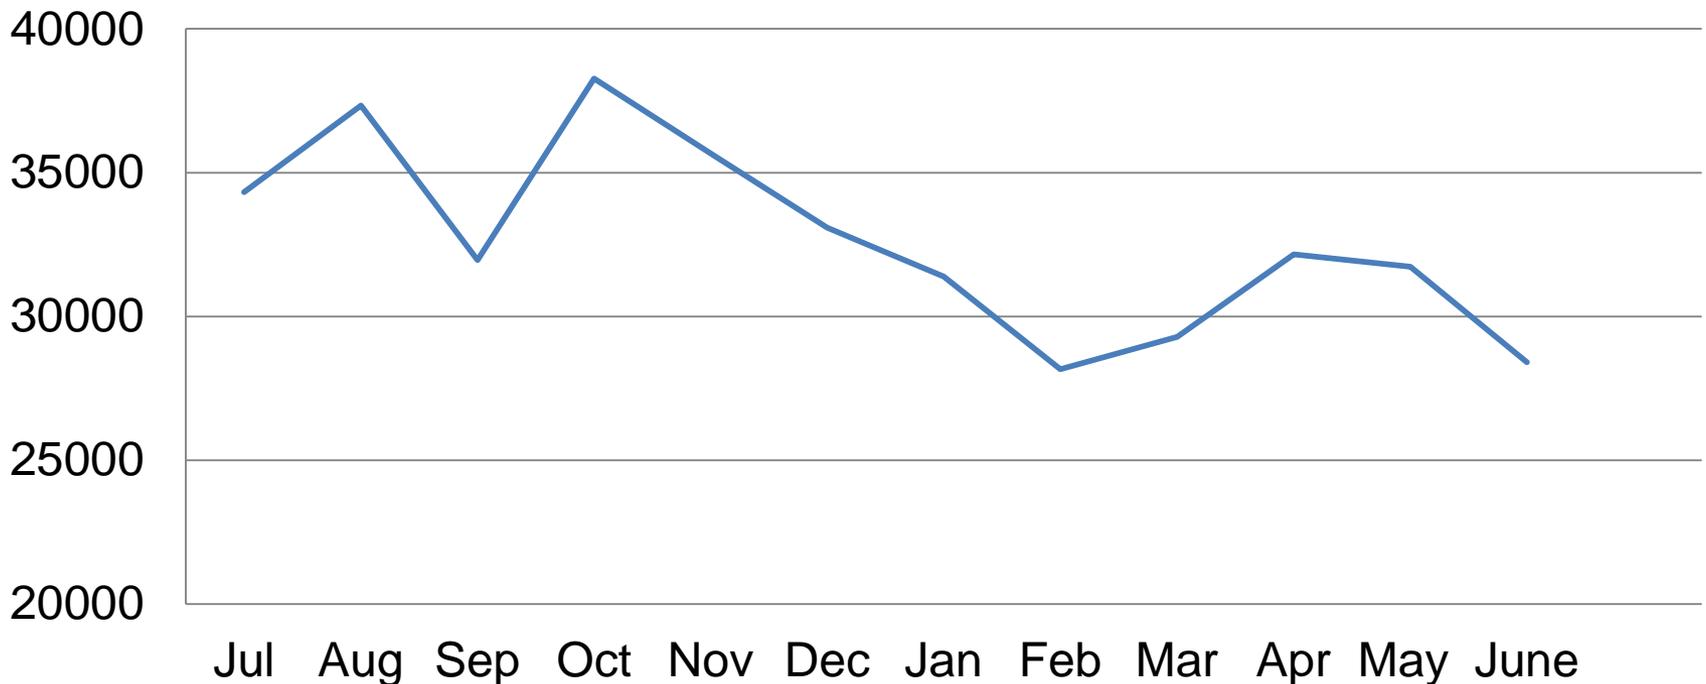

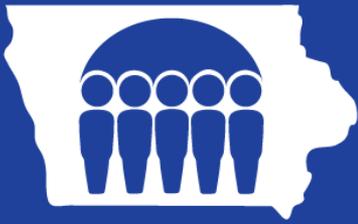

Recoveries are funds where Medicaid has paid prior to a responsible third party that have been taken back.

\*Recoveries based on Revenue Collections only, not including cost avoidance.

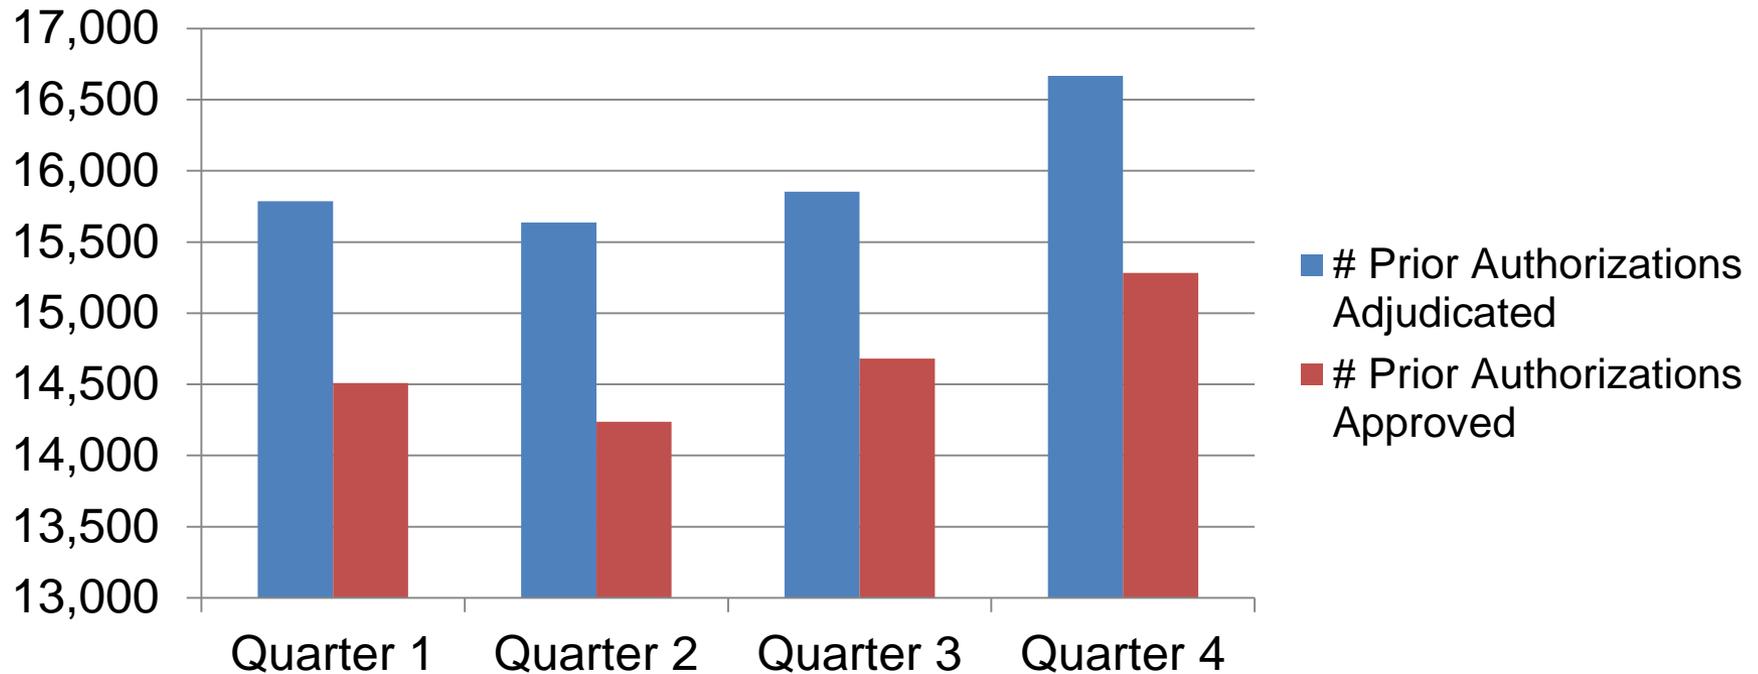

## Member Transportation Service (TMS) SFY2013\*

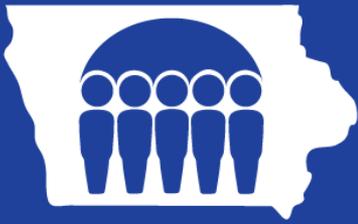

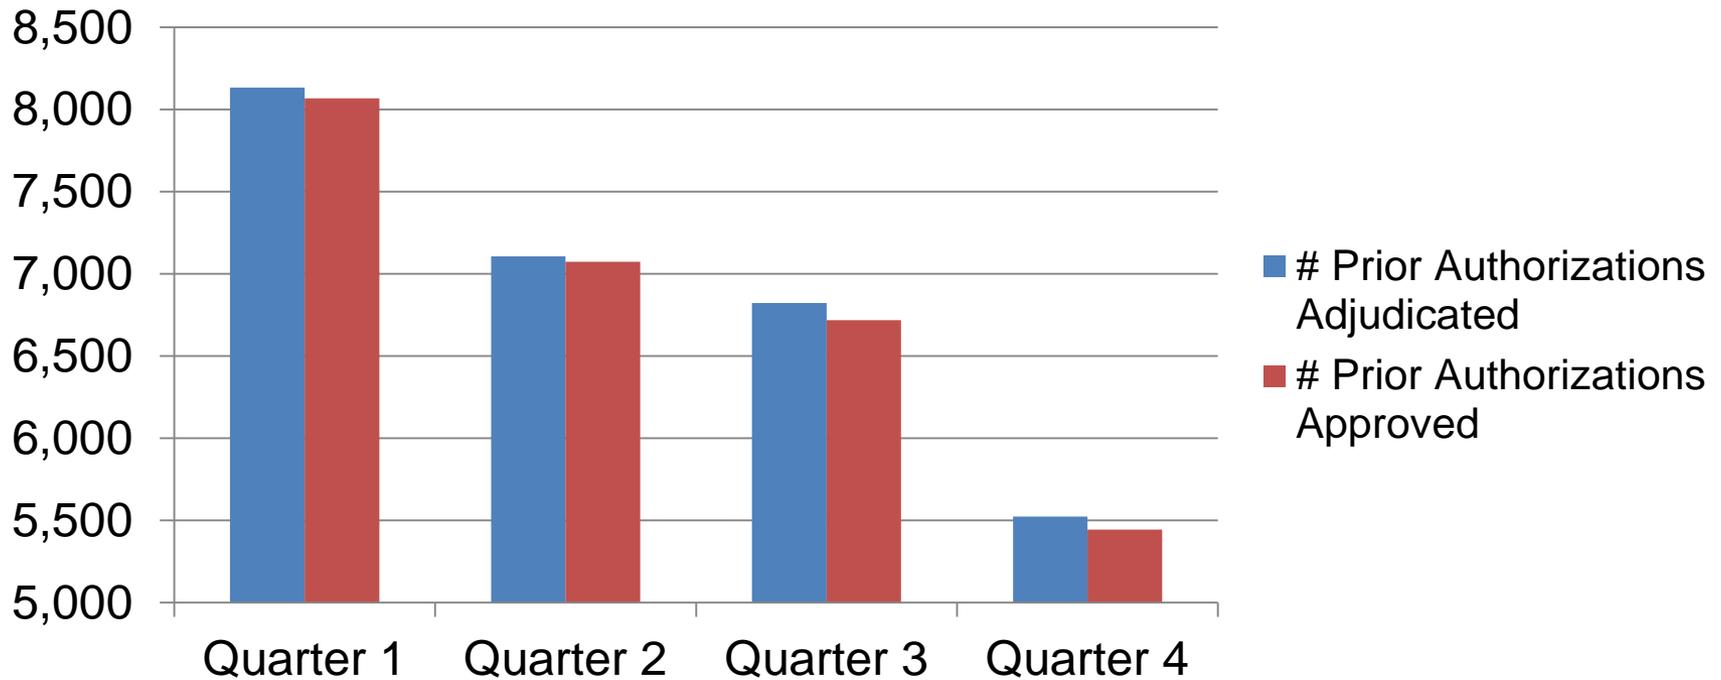

## Prior Authorizations for Medical Services SFY2013\*

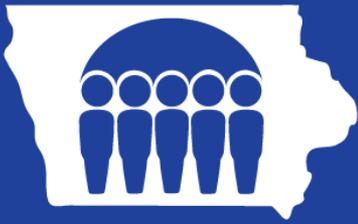

\*All requests must be supported by appropriate documentation certifying medical necessity that can include for services related to vision, radiology, physician and pre-procedure, children's home health, general, durable medical equipment, dental, and audiology. When medical necessity is questioned, a peer consultant is utilized to make the final determination. The medical necessity requirements for most PAs are described in provider manuals and the Iowa Administrative Code.

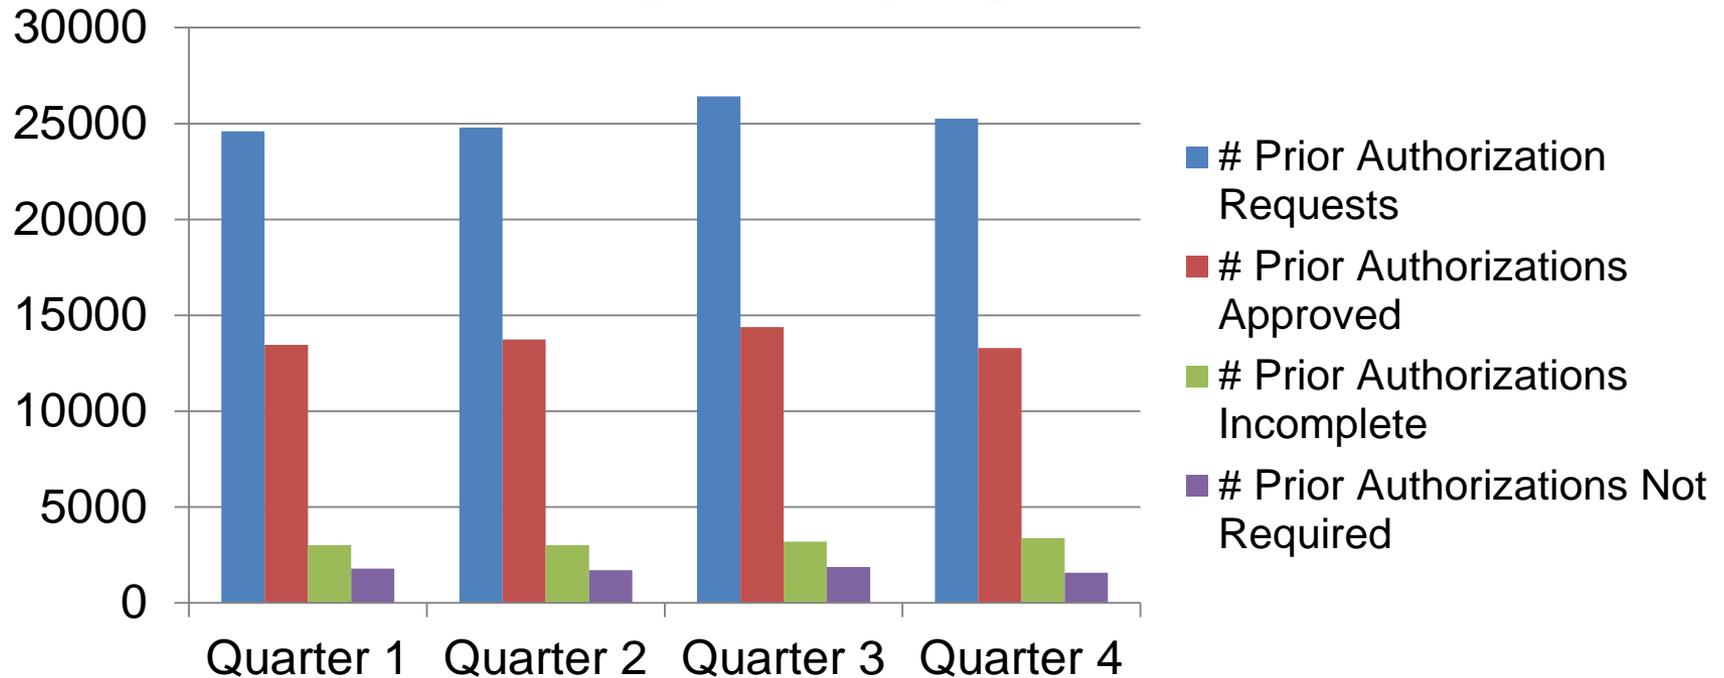

## Waiver Prior Authorizations for Medical Services SFY2013\*

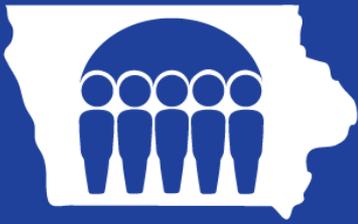

\*All requests must be supported by appropriate documentation certifying medical necessity that can include for services related to vision, radiology, physician and pre-procedure, children's home health, general, durable medical equipment, dental, and audiology. When medical necessity is questioned, a peer consultant is utilized to make the final determination. The medical necessity requirements for most PAs are described in provider manuals and the Iowa Administrative Code.

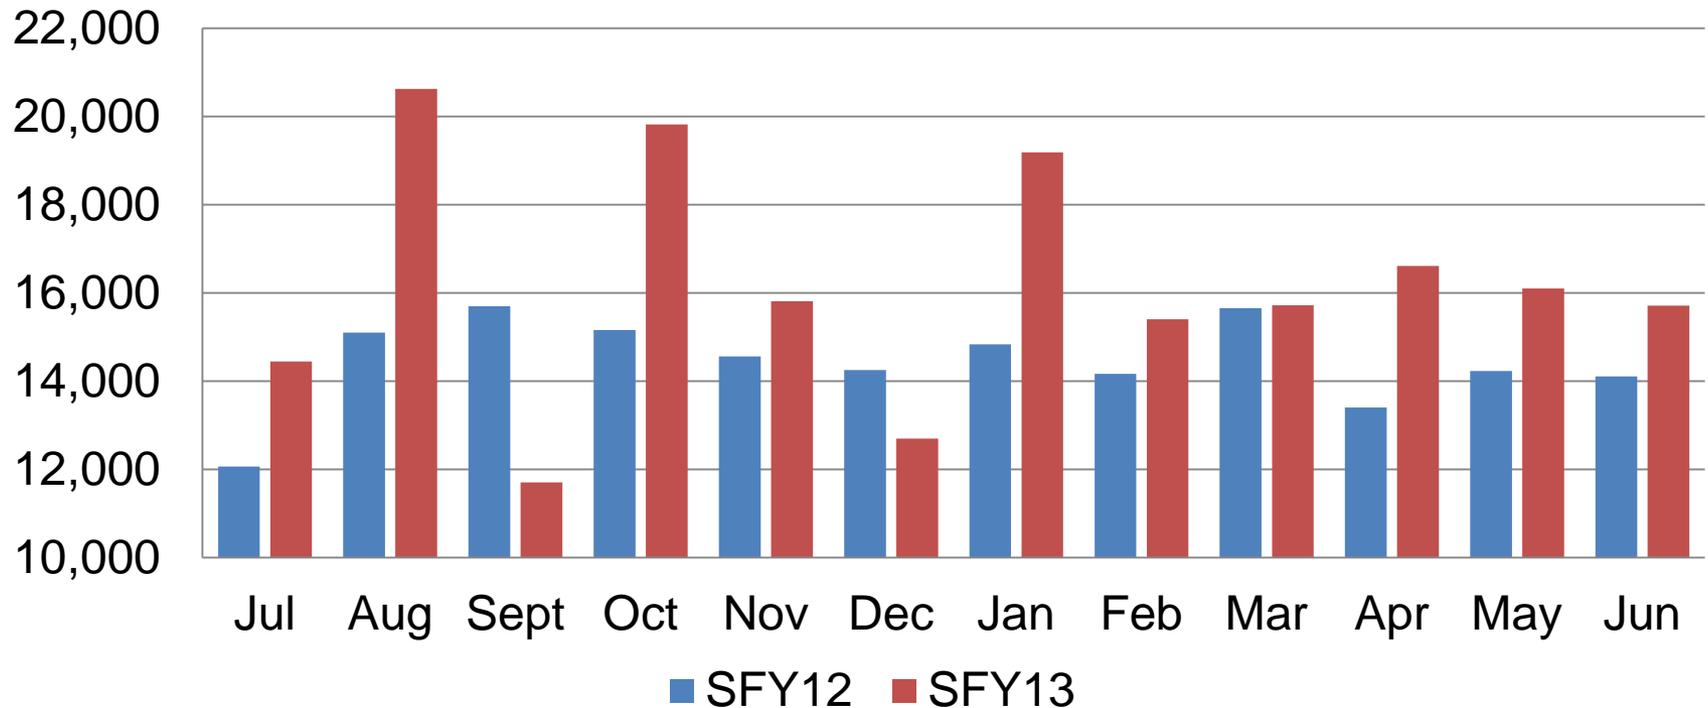

## Pharmacy Prior Authorizations SFY2013\*

\*Prior authorization (PA) is a means of implementing prescribing or practice guidelines. A drug prior authorization (PA) program requires the prescriber and/or the pharmacist to obtain approval in advance from the Medicaid agency or contractor before Medicaid payment will be made for certain drugs. The program is designed to assure that the most economical drug therapy appropriate for given medical conditions is used and to assure that drug therapy is only continued for as long as it is medically necessary.
