

Time is Running Out!

Iowa Medicaid Enterprise has partnered with Telligen to provide Electronic Health Record (EHR) Incentive Program and Meaningful Use (MU) assistance for Iowa dentists participating in Medicaid through June 30, 2017.

Do you need assistance with Meaningful Use?

Tools, resources and technical assistance are available for dentists who have already received an EHR incentive program payment or who have attested for the 2016 incentive year. Telligen is available through June 30, 2017, to provide MU assistance for the 2017 incentive program year.

Contact Marlene Hodges for MU assistance before time runs out!
