STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

4.5 Medicaid Recovery Audit Contractor Program

Citation	The State has established a program under which it will contract with
Section 1902(a)(42)(B)(i) of the Social Security Act	one or more recovery audit contractors (RACs) for the purpose of identifying underpayments and overpayments of Medicaid claims under the State plan and under any waiver of the State plan.
	\underline{x} The State is seeking an exception to establishing such program for the following reasons:
	Under the state's predominately managed care delivery system, there is not sufficient fee-for-service claims volume to attract a RAC contractor.
Section 1902 (a)(42)(B)(ii)(I) of the Act	The State/Medicaid agency has contracts of the types(s) listed in section $1902(a)(42)(B)(ii)(I)$ of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.
	Place a check mark to provide assurance of the following:
	The State will make payments to the $RAC(s)$ only from amounts recovered.
	The State will make payments to the RAC(s) on a contingent basis fo collecting overpayments.
Section 1000	
Section 1902 (a)(42)(B)(ii)(II)(aa) of the Act	The following payments methodology shall be used to determine State payments to Medicaid RACs for identification and recovery o overpayments (e.g., the percentage of the contingency fee):
	The State attests that the contingency fee rate paid to the Medicaid \overrightarrow{RAC} will not exceed the highest rate paid to Medicare RACs, as published in the Federal Register.
	The State attests that the contingency fee rate paid to the Medicaid RAC will exceed the highest rate paid to Medicare RACs, as published in the Federal Register. The State will only submit for FFP up to the amount equivalent to that published rate.

Limitations on Estate Recovery - Medicare Cost Sharing:

(i) Medical assistance for Medicare cost sharing is protected from estate recovery for the following categories of dual eligibles: QMB, SLMB, QI, QDWI, QMB+, SLMB+. This protection extends to medical assistance for four Medicare cost sharing benefits: (Part A and B premiums, deductibles, coinsurance, co-payments) with dates of service on or after January 1,2010. 4.43 EMPLOYEE EDUCATION ABOUT FALSE CLAIMS RECOVERIES.

(a) The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities' compliance with these requirements.

(1) Definitions.

(A) An "entity" includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for-profit or not-for-profit, which receives or makes payments, under a State Plan approved under title XIX or under any waiver of such plan, totaling at least \$5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the \$5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

A governmental component providing Medicaid health care items or services for which Medicaid payments are made would qualify as an "entity" (e.g., a state mental health facility or school district providing school-based health services). A government agency which merely administers the Medicaid program, in whole or part (e.g., managing the claims processing system or determining beneficiary eligibility), is not, for these purposes, considered to be an entity.

An entity will have met the \$5,000,000 annual threshold as of January 1, 2007, if it received or made payments in that

amount in Federal fiscal year 2006. Future determinations regarding an entity's responsibility stemming from the requirements of section 1902(a)(68) will be made by January 1 of each subsequent year, based upon the amount of payments an entity either received or made under the State Plan during the preceding Federal fiscal year.

(B) An "employee" includes any officer or employee of the entity.

(C) A "contractor" or "agent" includes any contractor, subcontractor, agent, or other person which or who, on behalf of the entity, furnishes, or otherwise authorizes the furnishing of, Medicaid health care items or services, performs billing or coding functions, or is involved in the monitoring of health care provided by the entity.

(2) The entity must establish and disseminate written policies which must also be adopted by its contractors or agents. Written policies may be on paper or in electronic form, but must be readily available to all employees, contractors, or agents. The entity need not create an employee handbook if none already exists.

(3) An entity shall establish written policies for all employees (including management), and of any contractor or agent of the entity, that include detailed information about the False Claims Act and the other provisions named in section 1902(a)(68)(A). The entity shall include in those written policies detailed information about the entity's policies and procedures for detecting and preventing waste, fraud, and abuse. The entity shall also include in any employee handbook a specific discussion of the laws described in the written policies, the rights of employees to be protected as whistleblowers and a specific discussion of the entity's policies and preventing fraud, waste, and abuse.

(4) The requirements of this law should be incorporated into each State's provider enrollment agreements.

(5) The State will implement this State Plan amendment on <u>January 1, 2007</u>.
