NOTICE OF OPTING OUT OF THE COMMUNITY SERVICE PROVISION

This notice is given pursuant to Section 402(a)(1)(B)(iv) of the Social Security Act. This is written notice that Iowa continues to choose to opt out of the provision that requires a parent or caretaker receiving assistance to participate in community service employment after receiving assistance for two months, when not exempt from work requirements and not engaged in work, as determined under Section 407(c).

However, it is important to note the following:

- Iowa currently provides unpaid community service as an option of the Family Investment Agreement under the PROMISE JOBS program.
- Unpaid community service is appropriate as a method of gaining employability for recipients who are not able to immediately move into paid employment.
- It is appropriate to expect individuals to seek other work-related opportunities where paid employment is not available and unpaid community service is reasonable.
- It is possible that Iowa may expand the use of unpaid community service in the future or may make changes to mandate community service for certain recipients in the future.

However, mandating unpaid community service as provided in Section 402(a)(1)(B)(iv) of the Social Security Act does not appear to be consistent with Iowa's current Family Investment Program or as it may potentially be changed in the future. Therefore, I am notifying you of opting out of the provision at this time.

◆ State Plan Certifications ◆

This has been designed to enable the Chief Executive Officer of a State to certify that the State will operate its Temporary Assistance for Needy Families (TANF) program in accordance with the statutory requirements in section 402)of the Social Security Act.

CERTIFICATIONS

The State will operate a program to provide Temporary Assistance for Needy Families (TANF) so that children may be cared for in their own homes or in the homes of relatives; to end dependence of needy parents on government benefits by promoting job preparation, work, and marriage; to prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies; and encourage the formation and maintenance of two-parent families.

Executive Officer of the State: Terry E. Branstad, Governor, State of Iowa.

In administering and operating a program that provides Temporary Assistance for Needy Families with minor children under title IV-A of the Social Security Act, the State will:

1. Specify which State agency or agencies will administer and supervise the program under part A in all political subdivisions of the State.

The Iowa Department of Human Services is the agency with primary responsibility for administering the program.

The Iowa Department of Human Rights is a TANF sub-grantee agency responsible for administering the Family Development and Self-Sufficiency Program supportive program.

2. Assure that local governments and private sector organizations:
 - (a) Will be consulted regarding the plan and design of welfare services in the State so that services are provided in a manner appropriate to local populations; and
 - (b) Will have at least 45 days to submit comments on the plan and the design of such services.
3. Operate a Child Support Enforcement program under the State Plan approved under part D.
4. Operate a Foster Care and Adoption Assistance program under the State Plan approved under part E, and take all necessary actions to ensure that children receiving assistance are eligible for medical assistance.
5. Provide each member of an Indian tribe, who is domiciled in the State and is not eligible for assistance under a Tribal Family Assistance Plan approved under Section 412, with equitable access to assistance under the State program funded under this part attributable to funds provided by the Federal Government.

Certifications

6. Establish and enforce standards and procedures to ensure against program fraud and abuse, including standards and procedures concerning nepotism, conflicts of interest among individuals responsible for the administration and supervision of the State program, kickbacks, and the use of political patronage.
7. Make available to the public a summary of the State Plan.
8. Claim maintenance of effort (MOE) expenditures only for families that meet the State's criteria for "eligible families" as defined in this State Plan.

OPTIONAL CERTIFICATION

[X] The State has established and is enforcing standards and procedures to:

- (1) Screen and identify individuals receiving assistance under this part with a history of domestic violence while maintaining the confidentiality of such individuals;
- (2) Refer such individuals to counseling and supportive services; and
- (3) Waive, pursuant to a determination of good cause, other program requirements such as time limits (for as long as necessary) for individuals receiving assistance, residency requirements, child support cooperation requirements, and family cap provisions, in cases where compliance with such requirements would make it more difficult for individuals receiving assistance under this part to escape domestic violence or unfairly penalize such individuals who are or have been victimized by such violence, or individuals who are at risk of further domestic violence.

(Refer to (a)(7) of the TANF State Plan for details on implementation of these waivers in Iowa.)

Note: Iowa does not have a family cap provision. In addition, Iowa has never treated families moving into Iowa from another state differently than other families under its TANF programs, even prior to the United States Supreme Court decision: *Rita L. Saenz, Director, California Department of Social Services, et al., Petitioners v. Brenda Roe and Anna Doe, etc.*, 119 S.Ct. 1518 (1999), which prohibits such treatment. Waivers are therefore not applicable to these provisions.

In fiscal year 2013, 11,306 adolescents received education using science based proven effective curriculum with an additional 20,953 students receiving partial curricula and/or topical presentations. CAPP services were provided to 119 school districts in 56 counties.

Grants are available to community coalitions that have a proven track record in achieving results or that will utilize a proven method of service and must include abstinence education. Community pregnancy prevention coalitions prepare requests for grant funding and work with the statewide agency EyesOpenIowa (formerly Futurenet) for service delivery, resources, training and technical assistance.

Community Adolescent Pregnancy Prevention Program Goals:

Students who receive Community Adolescent Pregnancy Prevention programming will have increased knowledge of sexuality, improved communication skills (including skills to resist peer pressure and non-sexual risk factors) and enhanced behavioral predisposition to sexual abstinence.

Pregnant and parenting teens who receive Community Adolescent Pregnancy Prevention intervention programs will have adequate access to prenatal care, well-child care and needed community resources (such as educational programs, employment training and career opportunities) to maximize their self-sufficiency. They also will receive education to prevent subsequent pregnancies.

Goal 1: Seventy-five percent of adolescent youth receiving Community Adolescent Pregnancy Prevention Programs will have increased self-confidence to resist peer pressure for premature sexual behavior.
