Dear Child Care Provider,

This letter is in regards to the December 16, 2013 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 110.5(1)j The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.
- 110.5(1)o Nonsmoking signs posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone # for reporting complaints, and [www.iowasmokefreeair.gov](http://www.iowasmokefreeair.gov).
- 110.5(1)q All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
- 110.5(1)w Injury report forms are maintained for any injury requiring first aid or medical care. The forms are completed on the date of occurrence, shared with parents and copies are in the child's file. Provider reported she had some but needed to print them up. A good idea would be to print up and put in files or in first aid kit.
- 110.5(2) A provider file is maintained and contains:
  - 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. Provider had physical for self and husband however provider had two adult children present in the daycare assisting with daycare activity. Also provider needs physicals for any foster children who might be present and have copies in the provider file. Provider has these physicals and immunizations but must place copies in daycare files. Provider agreed to put these into files immediately.
  - 110.5(2)c An individual file is maintained for each staff assistant and contains: Adult daughters were present during check and had been assisting with activity. They reportedly

come to the home at least once a month to assist. Provider agreed to obtain all the below information for adult children who might be in the home on a regular basis to assist in caring for children.

110.5(2)c A completed DHS Criminal History Record Check, form B, 595-1396

110.5(2)c A completed Request for Child Abuse Information, form 470-0643

110.5(2)c A physician's signed statement of health and immunization status at the time of employment and at least every two years thereafter.

110.5(2)c Certification of two hours of approved training relating to identification and reporting of child abuse within 6 months of employment and repeated every 5 years.

110.5(2)d An individual file is maintained for each substitute and contains: *Provider was compliant with this but if provider should want to obtain additional subs then this is what they will need.*

110.5(2)d A completed DHS Criminal History Record Check, form B, 595-1396.

110.5(2)d A completed Request for Child Abuse Information, form 470-0643

110.5(2)d A physician's signed statement of health of at the time of employment and at least every two years thereafter.

110.5(2)d Certification of two hours of approved training relating to identification and reporting of child abuse within 6 months of employment and repeated every 5 years.

110.5(2)d Certification in infant and child first aid that includes mouth-to-mouth resuscitation. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

110.5(8) Children's Files

110.5(8) An individual file is maintained for each child and updated annually or when there are changes. **The provider needs to ensure the below forms are fully completed, signed and dated and updated yearly. Provider was missing physicals and immunizations in files but the below list is to assist provider in ensuring all paperwork is included in files per DHS regulations and policy.**

*An example for policy handbook: Department of Iowa Policy states that before the first day of care the parent must complete an intake form and signed medical consent for each child attending. Within 30 days the parent must provide a physical signed by a physician and an updated immunization. Regardless of when children started attending (daycare name), every year by August 1 the parents must provide an updated physical and immunization to provider. Children who do not return the requested paperwork by due dates will not be able to attend*

*(daycare name) until paperwork is returned. Failure to complete paperwork could result in losing a slot at (daycare name).*

Each file contains:

110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number.

110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name number, telephone number, and relationship to the child of another adult available in case of emergency.

110.5(8)c A signed medical consent from the parent authorizing emergency treatment.

110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.

110.5(8)d For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian.

110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually.

110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical.

110.5(8)f A list signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.

110.5(8)g A signed and dated immunization certificate provided by the state department of public health.

110.5(8)h For each school-age child, record of a physical exam completed at the time of school enrollment or since.

110.5(8)i Written permission from the parent(s) for their child to attend activities away from the child development home. It must include times of arrival and departure, destination, and person(s) responsible for the child.

110.5(8)j Injury report forms to document injuries requiring first aid or medical care.

110.5(10) Substitutes

110.5(10)a All standards regarding supervision and care of children apply to substitutes. Subs should know where all files are and all information for compliance check.

110.5(10)b Except in emergency situations, the provider must inform parents in advance of the planned use of a substitute.

110.5(10)c The substitute must be 18 years of age or older.

110.5(10)d Use of a substitute (this is for all subs not for each one) is limited to: No more than 25 hours per month. An additional period of up to two weeks in a 12-month period.

110.5(10)e The provider maintains a written record of the number of hours substitute care is provided, including the date and the name of the substitute.
