INFORMATIONAL LETTER NO. 1347

DATE: January 31, 2014
TO: Iowa Medicaid Physicians, Nurse Practitioners, Certified Nurse Midwives, Rural Health Clinics (RHC), and Federally Qualified Health Center (FQHC) (Providers Enrolled in the Iowa Wellness Plan)
FROM: Iowa Department of Human Services, Iowa Medicaid Enterprise (IME)
RE: Managed Care Patient Listings
EFFECTIVE: January 1, 2014

Patient listings for both the Medicaid Patient Access to Services System (MediPASS) and the Iowa Wellness Plan are now available on the [Iowa Medicaid Portal Access \(IMPA\) system](#)¹ as a PDF document.

The Managed Care Patient Listing is currently mailed to each participating MediPASS and Iowa Wellness Plan Patient Manager (PM) at the beginning of each month identifying the Medicaid members who are enrolled with the PM. This listing includes the following groups:

- members who are currently enrolled with the PM
- members who are new to the PM as of that month
- members who are either potential enrollees or previous enrollees

Patient listings are a valuable resource for providers to track and identify their assigned patients for Electronic Health Records (EHR) incentive payments and Primary Care Provider attestations.

For electronic access to your patient listing, complete the [IMPA Managed Care Patient Listing Access Form](#)² with identifying information and IMPA username. Each individual provider will have their own patient listing available each month.
