Dear Child Care Provider,

This letter is in regards to the 11-14-2014 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 110.5(1)e All accessible electrical outlets are safely capped. (living room)
- 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept. (form given)
- 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. (living room, Master bedroom)
- 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes.
- 110.5(1)q All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites. (taken-needs to find)
- 110.5(1)u The provider has written policies about caring for mildly ill children and the exclusion of children due to illness, and informs parents of policies. (will find)
- 110.5(2) A provider file is maintained and contains:
 - 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years. (all last year)
- 110.5(8) Children's Files
 - 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. Each file contains: (Gabby)

110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number. (Gabby)

110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name number, telephone number, and relationship to the child of another adult available in case of emergency. (Gabby)

110.5(8)c A signed medical consent from the parent authorizing emergency treatment. (Gabby)

110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. (Releigh)

110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. (Rileigh)

110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical. (Whitney, Carrick, Jacob, Ryleigh)

110.5(8)f A list signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child. (Gabby)

110.5(8)g A signed and dated immunization certificate provided by the state department of public health. (Gabby)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed.
