

HUMAN SERVICES DEPARTMENT[441]

Notice of Intended Action

Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)“b.”

Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services proposes to amend Chapter 78, “Amount, Duration and Scope of Medical and Remedial Services,” and Chapter 83, “Medicaid Waiver Services,” Iowa Administrative Code.

These changes are proposed in direct response to requirements from the Centers for Medicare and Medicaid Services (CMS) for the Intellectual Disability (ID) and Brain Injury (BI) waivers. These proposed amendments address three issues:

- The amendments remove transportation to medical appointments from the Home- and Community-Based Services (HCBS) waiver transportation service description and clarify the use of transportation when provided as part of the supported community living (SCL) service in the Intellectual Disability (ID) and Brain Injury (BI) waivers.
- The amendments remove a “related condition” as a basis of eligibility for Residential Based Supported Community Living (RBSCL) services under the ID waiver. No children have accessed this service within the “related condition” diagnostic category.
- The amendments change the definition of “intellectual disability” to the updated definition found in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5).

These amendments also update the BI waiver SCL service to be the same as the ID waiver SCL service that allows transportation to and from work or day programs to be an SCL service component.

During the ID and BI waiver application renewal review, CMS indicated that the state may no longer provide transportation to medical appointments for HCBS waiver members through the HCBS waiver transportation service. CMS also identified that medical transportation may not be provided to HCBS members as part of the supported community living service within the ID and BI waivers. Transportation provided through the HCBS waiver programs may include only nonmedical transportation. All nonemergency medical transportation (NEMT) must be provided through the state plan NEMT program.

As part of the renewal review, CMS also identified that the state may not include a related condition as a basis of eligibility only for RBSCL services under the ID waiver. Eligibility for the ID waiver must be the same for all services within the waiver. Eligibility cannot be based on a related condition only for the RBSCL service.

The definition of an intellectual disability has changed with the most recent DSM-5 edition. These amendments will update the current DSM-IV definition of “intellectual disability” for use in the ID waiver. Changes to the rules reflect the DSM-5 criteria and the developmental time periods for making the diagnosis. The time line for having current psychological documentation was changed for consistency with recertification requirements.

Any interested person may make written comments on the proposed amendments on or before May 19, 2015. Comments should be directed to Harry Rossander, Bureau of Policy Coordination, Department of Human Services, Hoover State Office Building, Fifth Floor, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Comments may be sent by fax to (515)281-4980 or by e-mail to policyanalysis@dhs.state.ia.us.

These amendments do not provide for waivers in specified situations because requests for the waiver of any rule may be submitted under the Department’s general rule on exceptions at 441—1.8(17A,217).

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code section 249A.4.

The following amendments are proposed.

ITEM 1. Amend subrule 78.37(11) as follows:

78.37(11) *Transportation.* Transportation services may be provided for members to conduct business errands and essential shopping, ~~to receive medical services when not reimbursed through nonemergency medical transportation,~~ and to reduce social isolation.
