Dear Child Care Provider,

This letter is in regards to the October 1, 2015 compliance check of your Level C2, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 441 IAC 110.5(2)“b” (1) Certificates or training verification and record check documentation.

Within the first three months of registration :

Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. The provider shall maintain a valid certificate indicating the date of first-aid training and the expiration date

During the first year of registration, the provider shall receive a minimum of 12 hours of training from one or more of the following content areas. The provider shall receive at least 6 of these hours in a group setting. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting.

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years' training requirements, not including first-aid and mandatory reporter training

Need infant and child first-aid certificate that includes mouth-to-mouth resuscitation for Chereen.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.
