Dear Child Care Provider,

This letter is in regards to the 11/25/2013 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 110.5(1)e All accessible electrical outlets are safely capped.
- 110.5(1)e All electrical cords are properly used. This means not found under rugs, over hooks, through door openings, etc. **(cords around the cribs should be tethered to the wall to prevent strangulation. )**
- 110.5(1)u The provider has written policies about caring for mildly ill children and the exclusion of children due to illness, and informs parents of policies.
- 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed. Child Care Resource and Referral will check your home for completion of your items out of compliance with the checklist. They can be reached at 319-233-0804

Please do not hesitate to contact me at DHS at 319-292-2419 if you have any questions regarding this letter.

Sincerely,

Angela Huntington  
Social Worker II
