Dear Child Care Provider,

This letter is in regards to the November 23, 2015 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 441 IAC 110.5(8) Children's Files. An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
 - 441 IAC 110.5(8) "d". An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
 - (1) The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
 - (2) The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
 - (3) For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
 - (4) The examination report or statement of health status shall be on file before the child's first day of care

Findings: One file is missing a statement of health status for schooled-aged children.

- 441 IAC 110.5(8) "e". A statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.

Findings: One file is missing a statement of health status.

- 441 IAC 110.5(8) "h". For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.

Findings: One file is missing a physical exam completed at the time of school enrollment.

441 IAC 110.5(8) "g". A signed and dated immunization certificate provided by the state department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.

Findings: One is file missing the immunization certificate.

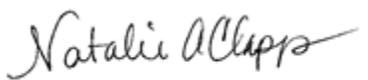

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home.

Please do not hesitate to contact me at DHS at 319-292-2419 if you have any questions regarding this letter.

Sincerely,
