This letter is in regards to the 9/29/15 compliance check of your Level B, Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- (1) The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
 - (2) The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
 - (3) For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
 - (4) The examination report or statement of health status shall be on file before the child's first day of care
