Dear Laura,

This letter is in regards to the 2/25/14 compliance check of your Category B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

110.5(1)k Fire and tornado drills are practiced monthly and documentation kept. (You need to practice and record monthly fire/tornado drills. I suggest using the Emergency Drill Record sheet I shared with you.)

110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (You need to upgrade the fire extinguisher on your main level to a size 2A 10BC.)

**110.5(2) A provider file is maintained and contains:**

110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (You need to obtain copies of physician signed statements of health for yourself and all household members to be kept on file. Per new policy, these need to be renewed every three years.)

110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR. (You need to renew your certification in CPR.)

110.5(2)d An individual file is maintained for each substitute and contains: (You need to establish a file for substitute Madeline which includes a current physician signed statement of health, current certification in mandatory child abuse training, and current certification in CPR/First Aid.)

110.5(2)d A physician's signed statement of health of at the time of employment and at least every two years thereafter.

110.5(2)d Certification of two hours of approved training relating to identification and reporting of child abuse within 6 months of employment and repeated every 5 years.

110.5(2)d Certification in infant and child first aid that includes mouth-to-mouth resuscitation. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

**110.5(8) Children's Files**

110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. (You need to update a couple of your children's files to be sure each has a current physician signed statement of health.)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations on or before 10/2/14.**

Based on the items out of compliance listed above, a re-check or follow-up visit to your home is not necessary. However, it is essential you come into complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

**I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.**

**Please sign and date below, and return this form in the provided envelope by: 10/2/14.**
