Dear Child Care Provider,

This letter is in regards to the April 22, 2015 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

110.5(2) A provider file is maintained and contains:

110.5(2)a A physician's signed statement of health and immunization status on the provider and **all members of the household** who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years.

You stated that your boyfriend, David Shores, resides at your home on the weekends. He works out of town during the week. Since there is a possibility that he may be present during child care hours, he needs to be added to your application and has to complete the record check process. You were asked to call CCA to report the change, which you agreed to do.

David Shores may not have any contact with day care children in your care until approved by CCA Registration.

It was also recommended that you start using a sign in/sign out sheets to track child care hours for both state pay and private pay families.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed.

Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the**

necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: 6/1/15.
