Dear Child Care Provider,

This letter is in regards to the 2/18/14 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- 110.5(1) Conditions in the home are safe, sanitary, and free of hazards. Please make sure that any "outside" trash receptacles are left outdoors or any waste can is kept clean.

- 110.5(1)f Combustible materials are kept away from furnaces, stoves, gas dryers, or water heaters. Please address the issue in the basement and make sure that any flammable material is kept away from the furnace, water heater or gas dryer.

- 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits.

- 110.5(1)j The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.

- 110.5(1)o Nonsmoking signs posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone # for reporting complaints, and www.iowasmokefreeair.gov.

110.5(2) A provider file is maintained and contains:

110.5(2)b Certificates or training verification documentation for:

110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.
