

frequently, and specifically before meal times.

The head cook was interviewed. She had not observed any roaches in the center and was not aware of a possible roach issue. The head cook stated children two and older eat in the cafeteria and children under two years of age eat in their classrooms. The cook confirmed that tables are cleaned with soap and water, then rinsed with plain water, and then sprayed with bleach water. The cook stated she is frequently washing her hands throughout the day and specifically, before preparing meals.

No further action is being taken in regards to this complaint. If there was a roach issue, this was addressed and no roaches have been spotted in the last week. The center and staff are cleaning and sanitizing equipment sufficiently at this time.

Special Notes and Action Required:

The kitchen area was observed. All dry and refrigerated food storage was sufficient.

The on-site supervisor stated she would let the owner know of this consultant's visit if the owner has any questions or concerns in regards to this complaint.

Consultant's Signature:

A handwritten signature in black ink that reads "Nate Krupp". The signature is written in a cursive style with a long horizontal flourish at the end.
