Ten-Day Report of Change for FIP

You must tell us when something changes. You will need to tell us within ten days of the change. If you have applied for FIP, but we have not made a decision on your application yet, you must tell us about your changes within five days of the change.

If you don't tell us when changes happen, we may give you too much or not enough FIP or give you benefits you should not have gotten. If so, you will have to pay back what you got in error.

Instructions

You can report your change by phone, in person, by mail, fax, or email.

To report by phone, please call 1-877-347-5678 between the hours of 7 am and 6 pm Monday through Friday.

To report by mail, fax or email, check the box next to your change. If you have more than one change to tell us about, check all the boxes that apply. Tell us about the change on the last page of this form. Send the form to:
