RE: _____

Our records show the court order requiring the above employee to provide health insurance for the dependents in this case is no longer in effect.

This notice does not mean you must terminate the enrollment for the children. We recommend you talk with your employee to ensure there is no longer an order for health insurance. You may also want to review your plan's provisions and talk with your employee about whether to continue health insurance coverage for the dependents.

NOTE: This notice replaces any previous notice about health insurance that the Child Support Recovery Unit (Unit) sent you. This notice means the Unit has stopped enforcing health insurance for this case and is sending you notice of this according to Iowa Code section 252E.6(2). This notice does not affect other child or medical support cases this employee may have.
