GENERAL LETTER NO. 8-F-92

ISSUED BY: Bureau of Financial, Health and Works Supports Division of Adult, Children and Family Services

SUBJECT: Employees’ Manual, Title 8, Chapter F, COVERAGE GROUPS, Contents (page 4), revised; and pages 43, 141, 145 through 149, 154, 156, 158, 161, 165, 166, 167, 172, 175, 178, and 182, revised.

Summary

Chapter 8-F is revised to:

♦ Add the 2017 Social Security cost-of-living increase of .3% and update figures affected by this adjustment.

♦ Remove references to the coverage group “People Ineligible for SSI Due to Reevaluation of Childhood Disability.” This coverage group is obsolete because any child who was eligible is now over the age of 18 and no longer eligible under this coverage group.

♦ Update the resource limits for qualified Medicare beneficiaries (QMB), specified low-income Medicare beneficiaries (SLMB), and expanded low-income Medicare beneficiaries (E-SLMB).

Effective Date

January 1, 2017

Material Superseded

This material replaces the following pages from Employees’ Manual, Title 8, Chapter F:

Medicaid cards will automatically be issued and the Medicaid Eligibility file (SSNI) updated when Quality Assurance makes entries on the Presumptive Medicaid Eligibility (PRSM) system.

**Mandatory Medicaid Coverage Groups**

The woman must not be eligible for Medicaid under any of the mandatory Medicaid coverage groups. The mandatory Medicaid coverage groups are:

- Family Medical Assistance Program (FMAP)
- People ineligible for FMAP due to the receipt of child or spousal support
- Transitional Medicaid
- Mothers and children (MAC)
- Postpartum eligibility
- Children receiving IV-E foster care or IV-E subsidized adoption
- Mandatory State Supplementary Assistance recipients
- Essential persons
- SSI recipients
- People ineligible for SSI (or SSA) due to:
  - Requirements that do not apply to Medicaid
  - The October 1972 social security COLA
  - Social security COLAs (also referred to as the 503 Group)
  - Receipt of widow’s social security benefits
  - Actuarial change for widowed persons
  - Social security benefits paid from a parent’s account
  - If the woman is eligible under a mandatory coverage group, establish Medicaid eligibility under that group, even if she is eligible under the Breast and Cervical Cancer Prevention and Treatment Act of 2000.

**NOTE:** A woman is never eligible under a mandatory coverage group if:

- She has no children in the home under the age of 19,
- She is not pregnant, and
- She is not disabled.

---

Ms. A has been diagnosed with breast cancer by a health care provider authorized by the BCCEDP and is in need of treatment. She applies for Medicaid and provides proof of diagnosis from the BCCEDP.

The worker determines that Ms. A is eligible for Medicaid FMAP coverage. Her 16-year-old son lives with her and she meets all of the other eligibility criteria. Medicaid eligibility for Ms. A is established under FMAP.
A State Supplementary Assistance recipient who has transferred assets is not eligible for Medicaid payment of certain services. See 8-D, Transfer of Assets.

While there is federal financial participation (FFP) in the cost of medical care for the State Supplementary Assistance recipient, there is no FFP in the cost of medical care for the dependent person who is not aged, blind, or disabled. Because of this, it is important to enter the "state-only" fund code on the ABC system for dependent persons. See 14-B-Appendix for fund codes.

NOTE: Resources continue to be a Medicaid eligibility factor for children or adults who are eligible as an SSA recipient or dependent relative.

**People Ineligible for SSI (or SSA)**

Several coverage groups provide Medicaid to people who are ineligible for SSI or State Supplementary Assistance benefits due to specific circumstances. The following sections explain coverage requirements for people who are ineligible due to:

- Requirements that do not apply to Medicaid.
- Receipt of a social security cost-of-living adjustment.
- Receipt by a disabled adult of social security benefits from a parent’s account.
- Receipt of the 20% social security increase of October 1972.
- Substantial gainful activity.
- The January 1984 actuarial change in determining widow’s or widower’s benefits.
- Receipt of widow’s or survivor’s social security benefits.

**Due to Requirements That Do Not Apply to Medicaid**

**Legal reference:** 441 IAC 75.1(3), 42 CFR 435.122

Medicaid is available to people who would be eligible for SSI except that they do not meet an SSI requirement that is specifically prohibited in the Medicaid program. The client must meet all other Medicaid eligibility requirements.
To examine 503 eligibility:

1. Determine if the person had concurrent eligibility for both social security and SSI or State Supplementary Assistance (SSA) at some time since April 1977.

2. Determine that the person meets all other SSI standards. For example, if resources or income from other sources exceeds SSI limits, the person is not eligible for Medicaid under the 503 group.

3. Ask the applicant to verify the social security income of any ineligible spouses, parents, or dependents when SSI is canceled. Contact the Social Security Administration if the applicant cannot provide verification.

4. Find the amount of the person’s social security entitlement when SSI or SSA was canceled. Multiply that entitlement by the percent of increase in the COLA for each year since cancellation using the table that follows.

</table>

* The 2000 amount was adjusted for a CPI error.

Add the result to the immediately preceding entitlement. Use that total to calculate the next increase, if any.
Before July 1982, the Social Security Administration rounded COLA benefits to the nearest dime (e.g., $179.555 became $179.60). Since July 1982, Social Security has dropped benefits to the nearest dime ($179.555 becomes $179.50).

If there were no increases other than COLAs, your calculation should be equal to the current social security income. If the calculation is off less than $2 from the current actual gross social security benefit, the difference is likely due to rounding. Consider the figures equal.

Due to an error or another factor, the social security entitlement may have decreased. If so, confirm it with the Social Security office.

If there are benefit increases other than COLAs, count those as income in determining current SSI or SSA eligibility. Verify this income from the client’s records or the Social Security office.

</table>
5. Determine countable income by adding:

- The social security benefit at the time of cancellation,
- Any increase other than the COLA increases calculated in Step 4, and
- Any other current income.

Do not deduct overpayments from the gross social security entitlement. Allow all disregards of income as provided by SSI or State Supplementary Assistance (SSA).

Compare this countable income to the current income limit for SSI or for the current SSA living arrangement. If countable income is below limits for SSI or SSA, the person is eligible under the 503 coverage group.

### 1. Single Person with Unearned Income

Mrs. Z, a single person living independently, applies for the 503 coverage group. She was canceled from SSI in August 1986. Her gross social security benefit in August 1986 was $360.40 and her gross is now $863.00. She also has VA benefits of $57 monthly, for a total income of $920.

The worker determines that there was an increase in social security other than COLAs. The Social Security Administration verifies this amount to be $140 monthly.

To calculate income eligibility for SSI:

\[
\begin{align*}
\$ 360.40 & \quad \text{Social security at time of SSI cancellation} \\
+ 140.00 & \quad \text{Non-COLA social security income} \\
+ 57.00 & \quad \text{Veterans income} \\
$ 557.40 & \\
\text{General income exclusion} & - 20.00 \\
$ 537.40 & \quad \text{Countable income to compare to $735, the need standard for her current situation. Since countable income is less than need, Mrs. Z is eligible for Medicaid.}
\end{align*}
\]
2. **Single Person with Earned Income**

Miss Y, who is over 65, had $394.90 gross social security income in March 2005 when she was canceled from SSI. She continues living independently, and now has $722.00 social security income and $500 monthly gross earned income.

The worker determines that the social security income includes more than the cost of living increases. Social Security verifies that there is $261 per month attributable to a non-COLA increase.

The calculation of income eligibility is as follows:

\[
\begin{align*}
394.90 & \quad \text{Social security in March 1995} \\
+261.00 & \quad \text{Non-COLA increase} \\
655.90 & \\
+217.50 & \quad \text{Countable earned income ($500 - 65 \div 2)} \\
873.40 & \\
-20.00 & \quad \text{General income exclusion} \\
853.40 & \quad \text{Countable income}
\end{align*}
\]

Miss Y’s countable income is over the SSI income limit of $735 for a single person in her own home. She is not eligible for Medicaid under the 503 coverage group. However, she may be eligible under another coverage group when her total social security income and earnings are considered (such as Medically Needy).

3. **State Supplementary Assistance**

Mr. W was canceled from RCF State Supplementary Assistance beginning January 1997. His gross social security income in December 1996 was $725. He is still in an RCF. His current gross social security is $1,042. The State Supplementary Assistance per diem rate that has been established for the RCF that Mr. W lives in is currently $25.20 per day.

The worker has determined that Mr. W’s social security increases were all attributable to COLAs. The calculation of income eligibility for 503 Medicaid is as follows:

\[
\begin{align*}
25.20 \text{ per diem in the RCF} \times 31 & = 781.20 \\
\text{Personal need} + 100.00 & = 881.20
\end{align*}
\]
The countable income is $725, the social security income before cancellation. Since the countable income is less than the need standard, Mr. W meets the income requirement for the 503 coverage group. (Eligibility for the 503 coverage group enables Mr. W to qualify for Medicaid only. He still will not qualify for State Supplementary Assistance.)

4. **Eligible Couple**

Mr. and Mrs. B both received social security income and SSI in December 1990 and were canceled from SSI in January 1991. Mr. B’s gross social security in December 1990 was $333 and Mrs. B’s gross social security income was $165.

Mr. B’s current gross social security is $582 and Mrs. B now has gross social security of $288. Mr. B started to receive a veterans pension in 1994, which is now $300 per month. The worker has determined that there were no social security increases other than COLAs.

Income computation:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>$ 333</td>
<td>Mr. B’s social security in 1/91</td>
</tr>
<tr>
<td>+ 165</td>
<td>Mrs. B’s social security in 1/91</td>
</tr>
<tr>
<td>$ 498</td>
<td></td>
</tr>
<tr>
<td>+ 300</td>
<td>Veterans benefits</td>
</tr>
<tr>
<td>$ 798</td>
<td></td>
</tr>
<tr>
<td>- 20</td>
<td>General income exclusion</td>
</tr>
<tr>
<td>$ 778</td>
<td>Net countable income</td>
</tr>
</tbody>
</table>

Mr. and Mrs. B are eligible for Medicaid under the 503 coverage group, since their countable income of $778 is less than their need standard of $1,103.
Determine countable income using SSI policies. Deduct from current gross social security income the amount of the increase resulting from the elimination of the reduction factor. (The Social Security Administration provided this reduction factor.) Add all countable income to the remainder. Compare this sum to the SSI or State Supplementary Assistance (SSA) income limit.

<table>
<thead>
<tr>

<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td>$ 628.30</td>
</tr>
</tbody>
</table>

Mrs. M, a 63-year-old widow living alone in her home, received SSI and social security income in 1983. She became ineligible for SSI in February 1984 due to the increase in social security benefits due to elimination of the actuarial reduction formula.

Medical eligibility was then established under the coverage group for widowed persons ineligible for SSI or SSA due to the social security actuarial change.

Mrs. M’s current gross monthly income is $536.00 in social security benefits and $269 civil service income. The increase in social security benefits from elimination of the actuarial reduction formula is $35. The COLA increases amount to $121.70.

Mrs. M continues to be eligible for this coverage group, since her income is less than the SSI benefit rate.
Page 156 is reserved for future use.
2. Ms. J enters a nursing facility and applies for Medicaid on July 20. Her only income is social security of $400. In the month of July, Ms. J’s resources are $2,200. As of August 1, her resources are reduced to $1,900.

For the month of July, eligibility is determined under the Medically Needy group. Beginning August 1, because Ms. J’s income is less than the SSI payment standard for one person living at home and her resources are then less than the SSI resources standard, her correct Medicaid coverage group is “people ineligible for SSI due to residence in a medical institution.”

Eligibility is not determined under the “300% income level” coverage group. The 30-day stay requirement does not apply for the month of August.

300% Income Level

Legal reference: 42 CFR 435.236, P. L. 100-360, 441 IAC 75.1(7), 75.5(4), 75.13(2)

Medicaid is available to a person who meets all of the following requirements:

♦ Receives care in a hospital, nursing facility, NF/MI, psychiatric medical institution, or ICF/MR and has been institutionalized for 30 consecutive days.

♦ Meets the level of care requirements for the institution, as determined by the Iowa Foundation for Medical Care or Medicare. See 8-I, Medical Necessity.

♦ Either:
   • Is aged 18 or older and meets all Supplemental Security Income (SSI) eligibility requirements except income, or
   • Is under age 18 and meets all Supplemental Security Income (SSI) eligibility requirements except income and resources.

♦ Has gross monthly income that is more than SSI standards but that does not exceed 300% of the federal SSI benefit for one, which currently is $2,205. If both spouses enter a medical institution and live in the same room, the income limit is two times $2,205, or $4,410.
To examine eligibility under this coverage group:

1. Check that the client has not transferred assets to become eligible for Medicaid. See 8-D, Transfer of Assets. If so, this disqualifies the person in a facility for nursing facility services. Other services may be covered if the person is eligible for this group. To accomplish this, manually determine eligibility and put the person in an aid type that does not pay the facility but pays for other medical services (such as 64-3 and 14-3). Do not do this for waiver cases.

2. Determine assets to be attributed to the spouse of an institutionalized person. See 8-D, Attribution of Resources.

3. Use SSI policy to calculate the client’s gross income. See 8-E. Do not allow the earned income disregard and the general disregard of income. Compare the gross income to the 300% limit of $2,205. If both spouses enter a medical institution and live in the same room, the income limit is two times $2,205 or $4,410.

4. If the person meets all requirements (including level of care), eligibility begins the first of the month of application or entry to a medical institution, whichever is later. People who have lived in a medical institution as private-pay patients may be eligible under this coverage group in the retroactive period.

5. Determine client participation according to procedures in 8-I, Client Participation.
The Social Security Administration verifies that a person is entitled to Medicare Part A through the continuing disability review procedures. When a person is no longer entitled to Medicare Part A, Social Security will notify the Centers for Medicare and Medicaid Services (CMS). CMS then notifies the state of the person’s termination.

Mr. J, aged 31, has a disabling medical condition and continues to work. The Social Security Administration has notified him that he can continue with Medicare Part A coverage, but that he will have a premium to pay. Social Security also notifies him about the QDWP program and the general guidelines for eligibility.

Mr. J applies for QDWP. He has $2,200 in gross monthly earnings. Mrs. J, aged 30, has $2,500 in gross earnings. They have one child, aged 10, who has no income.

**Step 1:** Determine if Mr. J is eligible.

\[
\begin{align*}
\$2,200.00 & \quad \text{Gross monthly earnings} \\
- \$20.00 & \quad \text{Income exclusion} \\
\$2,180.00 & \\
- \$65.00 & \quad \text{Work exclusion} \\
\$2,115.00 & \\
- \$1,057.50 & \quad \frac{1}{2} \text{remainder} \\
\$1,057.50 & \quad \text{Mr. J's net countable income is below 200% of the poverty level for a household size of one}
\end{align*}
\]

**Step 2:** To determine income eligibility for Mr. J, income is diverted to the ineligible child. A maximum of $368 may be allowed to meet the child’s needs. Mrs. J is an ineligible spouse because she is not disabled and is not entitled to Medicare Part A.

\[
\begin{align*}
\$2,500 & \quad \text{Mrs. J's gross earned income} \\
- \$368 & \quad \text{Allocated for the ineligible child} \\
\$2,132 & \quad \text{Amount of income to deem from Mrs. J, the ineligible spouse, to Mr. J.}
\end{align*}
\]
Step 3: Mr. and Mrs. J’s earned income is added together:

\[
\begin{align*}
$2,132.00 & \quad \text{Mrs. J’s earned income after the deeming} \\
+2,200.00 & \quad \text{Mr. J’s gross earned income} \\
$4,332.00 & \\
-20.00 & \quad \text{Income exclusion} \\
$4,312.00 & \\
-65.00 & \quad \text{Work exclusion} \\
$4,247.00 & \\
-2,123.50 & \quad \text{1/2 remainder} \\
$2,123.50 & \quad \text{Net countable income}
\end{align*}
\]

The $2,123.50 is compared to 200% of the poverty level for Mr. and Mrs. J, a two-person household. Mr. J is income-eligible under the QDWP group.

The effective date of assistance for this coverage group is either the first day of the month in which application is filed or an eligibility decision is made, whichever is earlier. Determine eligibility for retroactive Medicaid benefits after checking that there is no retroactive eligibility under another coverage group.

Complete a review of eligibility factors for QDWP cases at a minimum of every 12 months. Complete a redetermination when changes are reported or made known.

Terminate eligibility no later than the first of the month in which the client turns age 65 or when the person is no longer entitled to Part A Medicare.

Mr. V, age 36, files an application on April 13. The date of decision is April 25. The effective date of eligibility for QDWP is April 1.

**Qualified Medicare Beneficiaries (QMBs)**

**Legal reference:** P. L. 100-360, 441 IAC 75.1(29)

People who are entitled to hospital insurance under Medicare Part A may be eligible for benefits through the “qualified Medicare beneficiary” (QMB) coverage group. Medicare refers to the QMB group as a “Medicare Savings Program.” People applying for QMB may refer to the coverage group as the Medicare Savings Program.
Under QMB, Medicaid pays **only** for the person’s Medicare Part A and B premiums, coinsurance, and deductibles, unless the person is also concurrently eligible for full Medicaid benefits under another coverage group. **NOTE:** Persons are not eligible for QMB if they reside in an MHI and are over age 21 and under age 65.

To be eligible for QMB, a person must meet all of the following requirements:

♦ Is entitled to Medicare Part A.

♦ Has net countable monthly income that does not exceed 100% of the federal poverty level by family size. (The standard is defined by the United States Office of Management and Budget and is revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.)

To determine net countable monthly income, follow SSI policies. See **8-E, INCOME POLICIES FOR SSI-RELATED COVERAGE GROUPS**. Allow the earned and unearned deductions. Consider the income prospectively.

♦ Has resources that do not exceed twice the maximum allowed by the SSI program. Treat resources according to SSI policy. See **8-D, General SSI-Related Resource Policies**. The resource limit for the QMB group is $7,390 for an individual and $11,090 for a couple.

♦ Meets all other SSI-related Medicaid nonfinancial eligibility requirements except for disability determination and age.

To be “entitled” to Medicare Part A means that the person is enrolled and eligible to receive Part A benefits or meets the requirements to enroll. See **8-M, Medicare Part A**, to determine dates of Medicare eligibility and who may qualify for Part A. The state buy-in establishes Part A entitlement for a qualified Medicare beneficiary who is entitled to Medicare Part B but is not entitled to free Part A.

People who are not already receiving Medicare Part B must file an application with the Social Security Administration to enroll in Part A and Part B. A person who chooses not to enroll for Medicare Part A benefits cannot be QMB-eligible. This does not affect the person’s eligibility for other Medicaid coverage groups.

When Medicaid eligibility ends, the client is responsible for paying the Medicare Part A and B premiums.
4. Mr. A, age 43, is disabled and is entitled to Medicare. He has $846 monthly gross social security disability. Mrs. A, age 40, has $211 monthly gross social security. Child A, age 15, has $211 monthly gross social security.

**Step 1:** The worker determines if Mr. A is eligible.

\[
\begin{align*}
\text{Monthly social security} & \quad \text{Income exclusion} \\
846 & \quad - 20 \\
\text{Mr. A’s net countable income is below 100% of the poverty level for a household of one} \\
826
\end{align*}
\]

**Step 2:** To determine income eligibility for Mr. A, the worker computes the allocation of income to the ineligible child. A maximum of $368 may be allocated to meet the needs of the child, from Mrs. A, the ineligible spouse.

\[
\begin{align*}
\text{Mrs. A’s gross unearned income} & \quad \text{Allocation for ineligible child since the child has $211 income} \\
211 & \quad - 157 \\
\text{($368 - $211)} & \quad 54 \\
\end{align*}
\]

$54 is less than $368. Therefore, Mrs. A, the ineligible spouse, does not have income to deem to Mr. A.

**Step 3:** Since there is no earned income, only the unearned income of Mr. A is used.

\[
\begin{align*}
\text{Mr. A’s gross social security} & \quad \text{Income exclusion} \\
846 & \quad - 20 \\
\text{Net countable income} & \quad 826 \\
\end{align*}
\]

The $826 is compared to 100% of the poverty level for a one-person household. Mr. A is income-eligible under QMB.

The date of decision is the date the eligibility information is entered into the ABC system. Eligibility for QMB begins the first day of the month after the month of decision, which means there is no QMB coverage for the month of application or the month of decision. This may affect the applicant’s choice of coverage groups.

There is no retroactive eligibility for QMB. However, examine retroactive eligibility under another coverage group, such as Medically Needy.
To determine net countable monthly income, follow SSI policies. See 8-E, INCOME POLICIES FOR SSI-RELATED COVERAGE GROUPS. Allow the earned and unearned deductions. Consider the income prospectively.

♦ Has resources that do not exceed twice the maximum allowed by the SSI program. Resources are treated according to SSI policies. The resource limits for the SLMB group are $7,390 for an individual and $11,090 for a couple. See 8-D, General SSI-Related Resource Policies.

♦ Meets all other nonfinancial SSI-related Medicaid eligibility requirements except for disability determination and age.

Medicaid will pay the only cost of the Medicare Part B premiums for these “specified low-income Medicare beneficiaries” (SLMBs). Medicare copayments, deductibles, and Part A are not covered for this coverage group.

NOTE: People applying for SLMB may refer to the coverage group as the "Medicare savings program," since Medicare uses this term to identify the SLMB group.

A person who wants this coverage must enroll in Medicare Parts A and B. A person who chooses not to enroll for Medicare Part A benefits cannot be eligible under SLMB. The state will not enroll people for Medicare Part A under SLMB. If the person does not enroll for Part A, it does not affect the person’s eligibility for other Medicaid coverage groups.

Mr. S, aged 70, is receiving social security benefits and is currently receiving Medicare Part A and Part B benefits. His income and resources are within limits for the SLMB coverage group. All other general Medicaid eligibility requirements are met. Mr. S’s application may be processed for the SLMB coverage group.

When Medicaid eligibility ends, the client is responsible for paying the Medicare Part B premiums.

Federal financial participation for Medicare Part B is available for all people who meet SLMB requirements. Therefore, it is necessary to identify these people on the ABC system. Enter the poverty level on the system for each person on the case.
Expanded Specified Low-Income Medicare Beneficiaries (QI-1)

Legal reference: 441 IAC 75.1(36)

Medicaid will pay the cost of the Medicare Part B premiums for “expanded specified low-income Medicare beneficiaries” (expanded SLMBs). NOTE: Medicare refers to the E-SLMB group as “qualifying individuals 1” (QI-1) or a “Medicare Savings Program.” People applying for E-SLMB may refer to the coverage group as QI-1 or as the Medicare Savings Program.

Part B premiums are the only service Medicaid covers for this group. Medicare copayments, deductibles, and Part A premiums are not covered. People eligible only for the E-SLMB coverage group do not receive a Medical Assistance Eligibility Card.

These limited Medicaid benefits are available to a person who meets all of the following conditions:

♦ Is entitled to Medicare Part A, which provides benefits for hospital care.

♦ Has net countable monthly income of at least 120% of the federal poverty level for the family size but less than 135% of this level.

<table>
<thead>
<tr>
<th>For family size:</th>
<th>Income is at least:</th>
<th>But is less than:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual</td>
<td>$1,188</td>
<td>$1,337</td>
</tr>
<tr>
<td>Couple</td>
<td>$1,602</td>
<td>$1,803</td>
</tr>
</tbody>
</table>

To determine net countable monthly income, follow SSI policies. See 8-E, INCOME POLICIES FOR SSI-RELATED COVERAGE GROUPS. Allow the earned and unearned deductions. Consider the income prospectively.

♦ Has resources that do not exceed twice the maximum allowed by the SSI program. Resources are treated according to SSI policies. The resource limits for the SLMB group are $7,390 for an individual and $11,090 for a couple. (See 8-D, General SSI-Related Resource Policies.)

♦ Meets all other SSI-related Medicaid nonfinancial eligibility requirements except for disability determination and age.

♦ Is not eligible for any other Medicaid coverage group. (If a person is approved for Medically Needy with a spenddown, the person can receive E-SLMB until the spenddown is met.)
Comment:
When SSA denies a disability due to substantial gainful activity (SGA), the decision is based on verification that the person has earnings of at least $1,170 per month from work. The only payment status code on the SDX that means disability was denied due to substantial gainful activity is N44. If a person’s SDX has code N44, process a disability determination for MEPD.

Payment status codes of N31, N32, N42, or N43 indicate denials of disability based on “capacity for substantial gainful activity.” This means that, despite a medical impairment, the person has the ability to perform sedentary, light, or medium work that would allow the person to return to customary past work or other work. Do not process a disability determination when the person has one of these codes.

See 8-C, Presence of Age, Blindness, or Disability. Note that attaining substantial gainful activity (SGA) is not considered in determining disability for the MEPD group. See 8-C, When the Department Determines Disability.

Income From Employment
Legal reference: 441 IAC 75.1(39)“a”(4)

Policy:
To qualify for MEPD, the applicant must have earned income from employment or self-employment. “Self-employment” is defined as providing income directly from one’s own business, trade, or profession.

Procedure:
Determine whether the applicant has earned income from employment in the month of decision.

♦ If the applicant does not have earned income in the month of decision, do not approve current or ongoing eligibility. An exception for ongoing eligibility is found under Intent to Return to Work if Employment Ends.

♦ If the applicant had earned income in the month of application or in the retroactive months, but has no earned income during the month of decision,
  • Approve the months with earned income, and
  • Deny current and ongoing eligibility.
