RFP Purpose.
The purpose of this Request for Proposal (RFP) is to solicit competitive Proposals from qualified Bidders who are capable of providing the Iowa Department of Human Services (Agency) with Child Welfare Crisis Intervention, Stabilization, and Reunification Services (CISR) as described in this RFP. Specifically, the Agency is seeking qualified Bidders to provide one, two, or three of the following CISR services: Child Welfare Emergency Services (CWES), Foster Group Care Services (FGCS), and/or Supervised Apartment Living Services (SAL) within one, multiple, or all five of the Agency’s defined geographic Service Areas (Attachment E). By combining CWES, FGCS, and SAL into one RFP, the Agency is seeking innovative solutions to integrate services and create a system of care for Children requiring Emergency and/or Out-of-Home Placements. However, RFP responses will be submitted separately by service (CWES, FGCS, and SAL), and Contracts for each service (CWES, FGCS, and SAL) will be awarded separately. Bidders are expected to address Children’s safety, Permanency, and well-being in all aspects of care they are proposing to provide. Qualified Bidders will articulate how they will collaborate with other child welfare stakeholders and contractors to ensure continuity of care.

The combined service array represents the Agency’s intent to provide and support child welfare services that:

- are Family focused;
- are designed to build on Family strengths;
- enhance parents’ or other caregivers’ capacity to protect and safely care for Children;
- connect families to community resources and informal support systems;
- ensure Children who age out of Foster Care have the skills and connections to successfully Transition to adulthood;
- adhere to the Guiding Principles for Iowa’s future Child Welfare System (Attachment F), Family-Centered Model of Practice (see definition, Section 1.2), and Child Welfare Model of Practice (Attachment G) as well as the JCS’s Model of Practice (see definition, Section 1.2); and
- are consistent with the principles of the Child and Family Service Review (CFSR) of Child safety, Permanency, and well-being while encouraging flexibility, innovation, and use of Evidence-Based Practice strategies to build a comprehensive continuity of care system.

The Agency has been holding public conversations since the fall of 2015 regarding child welfare procurements. As previously indicated to the child welfare community, awards resulting from this RFP will be made for each of the five geographic Service Areas (See the Service Area map in Attachment E). This is intended to facilitate the movement of Children back to their home communities to preserve connections to their families, home communities, schools, and community-based supports. The ideal place for Children is with their families; when it is not possible to keep a Child in the Child’s own home, keeping the Child as close to that home is a viable alternative. The Agency and its JCS partners will focus on this principle, intending to make referrals to contractors within each Child’s Service Area in order to preserve and reinforce each Child’s relationships and connections in the Child’s community.

Through this RFP the Agency seeks qualified Bidder(s) to provide services that include, but are not necessarily limited to the following (and as defined in each services’ respective Scopes of Work) in each Service Area.

Child Welfare Emergency Services (CWES)
- Provide 24/7 response to Emergency referrals by the Agency, JCS, or Law Enforcement.
- Provide Diversion services whenever possible to help stabilize a Child and Family such that the Child can remain in or quickly return to the Child’s home, ultimately reducing the time the Child is in an Out-of-Home Placement.
- Ensure CWES are immediately and individually responsive to each Child and their Family’s needs and in the Child’s community.
- Accept referrals and provide contracted services on a No Reject, No Eject basis.
• Provide minimally restrictive, short term, temporary shelter care beds while maintaining as much normalcy for the Child as possible, including attendance at the Child’s school of origin whenever appropriate.
• Maintain all required licenures, certifications, or approvals.

Foster Group Care Services (FGCS):
• Offer a safe, structured, and stable living environment for Foster Care Children unable to live in a Family situation due to social or emotional needs.
• Maintain all required licenures, certifications, or approvals.
• Accept all referrals and provide contracted services on a No Reject, No Eject basis.
• Facilitate Child development and the acquisition of age-appropriate life skills.
• Help each Child develop and maintain relationships with the Child’s Family and community and ensure each Child stays connected to the Child’s kin, culture, and community.
• Support a Child’s education and ensure the Child continues to attend the Child’s school of origin whenever possible.

Supervised Apartment Living (SAL):
• Provide SAL services to eligible Children who have the competence and desire to live with increasing independence in the community with supports.
• Provide guidance and support for a Child to develop life skills to address chores and household duties, budgeting, job searching, job interviewing, and attainment of important personal documents (e.g., driver’s license or Social Security Card).
• Promote school attendance and ensure the Child is working towards the attainment of a high school diploma or high-school equivalency diploma. Contractors will be expected to support the Child’s enrollment in the Child’s school of origin and to assist the Child with post-secondary planning including vocational and collegiate aspirations.
• Develop an individualized Transition plan for each Child and assist the Child, from the time of SAL admission, to prepare for Transition out of the program and into adulthood.
• Accept all referrals and provide contracted services on a No Reject, No Eject basis.
• Maintain all required licenures, certifications, or approvals.

In response to this RFP Bidders may choose to bid on one or more services (FGCS, CWES, and/or SAL) in one or more Service Areas and must be able to articulate how they will collaborate with service providers across the CISR array of services. Bids may be submitted for:
• One service (CWES, FGCS, or SAL) in one Service Area;
• One service (CWES, FGCS, or SAL) in multiple (or all) Service Areas;
• Multiple (or all) services (CWES, FGCS, and/or SAL) in one Service Area; or
• Multiple (or all) services (CWES, FGCS, and/or SAL) in multiple (or all) Service Areas.

Bidders are required to submit a separate Proposal for each service for which they intend to bid: CWES, FGCS, and SAL. A Bidder submitting a Proposal for one service will submit only one Proposal regardless of the number of Service Areas proposed. A Bidder submitting Proposals for two services will submit two separate Proposals, one for each proposed service, regardless of the number of Service Areas being proposed. A Bidder submitting Proposals for all three services will submit three separate Proposals, one for each CWES, FGCS, and SAL, regardless of the number of Service Areas being proposed. If bidding on multiple Service Areas for a service (CWES, FGCS, or SAL), one Proposal (per service) will encompass all the Service Areas for which the Bidder intends to bid, however, Service Area specific topics are required to be addressed in the response.

The Agency intends to award multiple contracts as a result of this procurement. Multiple contracts may be awarded for each service in each Service Area. Each service (CWES, FGCS, and SAL) will be awarded separately for each Service Area. The same or different Bidders may receive contracts for multiple services in multiple
Service Areas. The Agency may award contracts to as many Bidders as necessary to meet the purpose of this RFP. The Agency reserves the right to select eligible Bidders in order to best meet the needs of the Agency, Service Areas, JCS, and the Children and families to be served.

**Duration of Contract(s).**
The Agency anticipates executing contracts that will have an initial 2-year contract term with the ability to extend any contract for 4 additional 1-year terms. The Agency will have the sole discretion to extend any contract.

**Bidder Eligibility Requirements.**
All Bidders shall meet all Agency licensure, certification, or approval requirements for the respective services. These include standards in the 441 Iowa Admin. Code Chs. 105, 108, 114, and 115. Bidders who do not meet licensure requirements by the time bid proposals are due shall have licensure by the date of contract.

For Proposals submitted to provide CWES, FGCS, or SAL, all Eligible Bidders shall meet the requirements of the CWES, FGCS, and SAL Scopes of Work.

Section 1 Background and Scope of Work

1.1 Background.

This RFP is designed to provide Bidders with the information necessary for the preparation of competitive Bid Proposals for providing the CISR services as described in this RFP and for meeting other requirements and Deliverables described herein. A main goal of the executed contracts is to adhere to the Guiding Principles for Iowa’s future Child Welfare System (Attachment F), Family-Centered Model of Practice (see definition, Section 1.2), and Child Welfare Model of Practice (Attachment G) as well as the JCS’s Model of Practice (see definition, Section 1.2).

Iowa’s child welfare and juvenile justice system is intended to serve Children and families needing various amounts of intervention, protection, and support services that ensure safety, Permanency, and well-being. Children and families are served in a number of ways using Iowa’s evolving service array including, but not limited to, Safety Plan Services, Family Safety, Risk, and Permanency Services (FSRP), Recruitment and Retention, Training, and Support of Resource Families (RRTS) activities (formerly separate Recruitment and Retention and Support Services for Resource Families activities), and Crisis Intervention, Stabilization, and Reunification (CISR) services (formerly separate Child Welfare Emergency Services, Foster Group Care Services, and Supervised Apartment Living services). These services, developing public/private partnerships, and cross-system/service domain collaborations (e.g., mental health, health, education) form Iowa’s emerging system of care for Children and families.

The Agency’s goal is to keep a Child in the Child’s home whenever possible. When Out-of-Home Placement is necessary, the Placement is not intended to be a permanent solution, and the Child’s safety, Permanency, and well-being are essential. Contractors are responsible for promoting each Child’s relationships with Family members and other persons in the Child’s Positive Support System when not limited by JCS or the Agency. Children shall be protected in the least restrictive setting necessary, and the Agency and its partners are obligated to provide a nurturing environment where Children can thrive.

Interested Bidders shall be aware the contracts executed as a result of this RFP will contain performance measures. The Contractor will have the opportunity to earn additional payments based on the Contractor’s performance. Subsequent contract renewal decisions may be contingent on Contractor performance. The Agency has identified desired results through performance measures and targets and will monitor the results achieved under the contract. The Agency may re-evaluate performance measures at the end of the initial two-year contracts.

The RFP process is for the Agency’s benefit and is intended to provide the Agency with information to assist in the competitive selection process. It is not intended to be comprehensive. Each Bidder is responsible for determining all factors necessary for submission of a comprehensive Bid Proposal. The Agency adheres to all applicable State and federal laws, rules, and regulations when entering into a contract for services.

1.1.1 Concept Moving Forward

The Agency has made a number of determinations in advance of issuing this RFP. These include the following:

a) The Agency has decided that for this RFP serving each Child near the Child’s home and/or community is a key component to success. Service delivery to Children will occur at a local level, based upon the Agency’s defined Service Areas. Multiple contracts may be awarded for each service in each Service Area, and each service (FGCS, CWES, and SAL) will be awarded separately. This decision was made to encourage the movement of Children back to their communities of origin to preserve connections of Children to their families, home communities, schools, and Positive Support Systems. Bidders may bid for multiple Service Areas, and awards will be made separately for each service (CWES, FGCS, and SAL) in each Service Area. Bidders will submit one Proposal for each service for which the Bidder intends to offer services, and each Proposal will include a section for the Bidder to address Service Area specific questions. The
Agency intends to award multiple contracts per service in each of the five Service Areas. A single Bidder bidding on multiple Service Areas may be awarded contracts in more than one Service Area. Contractors in each Service Area will coordinate with one another, when necessary, to assist a Child and/or Family.

b) The Agency has decided to combine the previously discrete procurements for CWES, FGCS, and SAL into a single new procurement for Crisis Intervention, Stabilization, and Reintegration services. By combining these services into a single procurement, the Agency is seeking to develop a comprehensive, connected approach to serving Children in need of Out-of-Home Placement. Multiple contracts may be awarded for each service in each Service Area. Each Service (FGCS, CWES, and SAL) will be awarded separately for each Service Area.

c) The Agency has decided to emphasize and mandate the use of the One Caseworker Model for each service. A Child in CWES, FGCS, or SAL will have one Caseworker assigned by the Contractor in each service to coordinate the delivery of the Child’s Service Plan and to be the point of contact for the Child, the Child’s Family or other persons in the Child’s Positive Support System, and the Referring Worker. The One Caseworker Model is designed to ensure a Child and Child’s Family have consistent access to Contractor staff and to better coordinate services for each Child.

d) The Agency has decided to pursue a further integration of child welfare services through collaboration across Agency contracts and community providers. In the future, the Agency hopes to continue to pursue a more cohesive and comprehensive array of services.

e) Contractors will participate with the Agency to further develop strategies for:
   - Implementing Evidence-Based Practices;
   - Increasing continuity of care for Children receiving child welfare services;
   - Innovating to provide more community-based services and stabilizing Children and the Children’s families so that Children can return home; and
   - Developing strategies to engage Family members in treatment.

1.1.2 Guiding Principles for Iowa’s Child Welfare System

Child welfare services are primarily focused on promoting safety, Permanency, and well-being for Children, a philosophy consistent with the expectations of the Federal Government under the Child and Family Services Review process and the Agency’s Child Welfare Model of Practice, Family-Centered Model of Practice, and JCS’s Model of Practice. The Agency is continually striving to improve outcomes for Children and families who are involved in the child welfare system. To that end, the Guiding Principles for Iowa’s future child welfare system are in the forefront of planning to improve outcomes for Children and families.

The Guiding Principles of Iowa’s Child Welfare System (henceforth “Guiding Principles”) are included in Attachment F.

1.1.3 CWES Overview

CWES are short term and temporary child welfare interventions provided through the child welfare system and focus on Children’s safety, Permanency, and well-being. They are intended to immediately respond to the needs of the eligible CWES Target Population defined for this RFP. CWES approaches range from the least restrictive approaches that can be used as alternatives to an Emergency Juvenile Shelter Care Placement (e.g., Family conflict mediations or In-Home Onsite Mediation Services and Follow-Up provided before Children require Removal from their home) to more restrictive Emergency services including Out-of-Home Placements with relatives, foster families, or Emergency Juvenile Shelter Care (as permitted by the Iowa Code). CWES eligible Children are referred by the Agency, JCS, and Law Enforcement.

CWES are not intended to be a long-term engagement for a Child, neither the alternatives to Placement or a shelter Placement. Whenever possible, the Agency encourages diversionary shelter alternative services to be provided in the Child’s home thereby mitigating trauma and maintaining the Child’s community connections. For those Children in temporary Placement, connecting the Family to services during and after Placement will reduce
the likelihood of the Child’s return to CWES. Therefore, performance measures have been included to reinforce the Agency’s CWES goals of increasing Diversions from Out-of-Home Placement and discharge to a Family-Like Setting.

A demographic profile of the Children referred to the CWES Shelter alternative services in State Fiscal Year (SFY) 2016 is illustrated in the following Tables 1-4.

1.1.4 FGCS Background

FGCS are one array of services for Child welfare interventions offering a safe and protective structured living environment for eligible Foster Care Children who are considered unable to live in a Family situation due to social or emotional needs, or but are able to interact in a community environment with varying degrees of supervision. Children are adjudicated either for having committed a Delinquent act (Delinquent) or as a Child In Need of Assistance (CINA) and court-ordered to State-licensed Out-of-Home care provided in licensed facilities 24 hours a day and seven days per week offering room, board, and age appropriate and transitional child welfare services.

FGCS services are intensive and aimed at Child development, stabilizing behaviors, and acquisition of life skills. As the FGCS becomes a temporary “home” for the Child, Contractors are responsible for making the FGCS environment welcoming and nurturing, promoting safety, and mitigating the trauma of Out-of-Home Placement. Contractors shall be aware of these goals as staff are hired and trained to work with the Child in FGCS. The Agency’s goals of reducing length of stay, returns to FGCS, Recidivism, and delinquency and increase discharge to a Family-Like Setting are reflected in the performance measures. FGCS Contractors are expected to engage in active planning for Reintegration from the time of the Child’s entrance into FGCS.

In SFY16, there were the following number of unduplicated Children in Foster Group Care. Table 6 provides this background information.

1.1.5 SAL Overview

SAL is the least restrictive Foster Care Placement in the child welfare service array for Children who do not have a Placement in a home and are gaining independence as they approach young adulthood. SAL was designed for the Child who has the ability and desire to live relatively independently with supports in a community with less supervision than is provided in a Family Foster Care or FGCS setting. SAL Contractors promote a Child’s ongoing education and provide guidance to Children to help them develop skills needed for daily living such as developing monthly budgets and paying their bills, shopping for their food, preparing their own meals, doing their own laundry and cleaning, and engaging with the community. SAL services are offered in either a cluster or scattered settings, depending on the Child’s level of independence. To be eligible for Placement in SAL cluster setting, the Child must be at least age 16 ½ years of age. To be eligible for Placement in SAL scattered-site setting, the Child must be at least 17 years of age and have successfully lived in a SAL Cluster site.

SAL is intended to help the Child gain the education and life skills needed to move into adulthood. The Agency’s focus will be to ensure Children referred to SAL are appropriate for the independence of this Placement and will be successful in this Placement. The Contractor is expected to guide the Child to develop abilities to manage life and to gain Self-sufficiency. Progress shall be observable and documented as each month of the Placement passes. This begins with the Contractor accurately assessing the Child’s abilities and weaknesses when SAL services begin and developing an appropriate Service Plan with the Child and their Positive Support System. The Contractor is neither expected to do everything for the Child nor to leave the Child to do everything by himself or herself but to gradually delegate responsibilities to the Child as the Child demonstrates responsibility and capability. Therefore, as the Child in SAL gains additional life skills and demonstrates responsibility, the Contractor will permit the Child to have greater independence.
The Contractor will also focus on assisting the Child to maintain and/or develop Family and Positive Support System relationships and community connections as these relationships and connections will be crucial as the Child moves into adulthood.

The Contractor will also be responsible for promoting the Child’s engagement in Aftercare services after Transition. This means including Aftercare in Transition activities so that Aftercare supports can best aid Transition from SAL to the setting most fitting as the Youth enters adulthood.

The Agency seeks greater Placement stability for Children placed in SAL, the Contractor shall promote a Child’s retention in SAL Placement until the age of 18, unless the Child can appropriately return to a Family Placement before that time. The Agency has developed a performance measure for Placement stability as well as measures for Child attainment of life skills and engagement in Aftercare services.

1.3.1 Service Area Coverage
Service Areas represent five groupings of the ninety-nine (99) counties in Iowa into defined geographic areas for improved, localized administration of programs (See the Service Area map in Attachment E). CISR services shall be provided by Contractor(s) in a Service Area-specific manner with the goal of moving Children back to their communities of origin and preserving connections of each Child to their families, home communities, schools, and community-based supports as well as achieving better outcomes for each Child. Each Contractor shall perform the services listed in their contracted Scope of Work(s) only in the Service Area(s) for which they are contracted. The Contractor shall enact a process for working with Contractors in other Service Areas to facilitate a Child’s services or movement between Service Areas, as applicable.

1.3.2 Collaboration and Consultation
In order to achieve the desired outcomes of safety, Permanency, and well-being for Children, each Contractor, for each contracted service and Service Area shall collaborate with all other CISR Contractors, the Agency, JCS, other Child Welfare and community services providers, and relevant stakeholders. Strong collaboration will strengthen services, identify gaps or needs, promote best practice, and avoid service duplication. The Contractor shall participate in local, Service Area, and Statewide committees, workgroups, and planning groups. The Contractor shall collaborate with entities such as, but not limited to, the following:
   a)  All other CWES, FGCS, and SAL Contractors in all Service Areas;
   b)  Safety Plan and Family, Safety, Risk and Permanency (FSRP) contractors;
   c)  Recruitment, Retention, Training, and Support (RRTS) of Resource Families contractors;
   d)  State and local initiatives such as the breakthrough series collaborative and minority, child, and family initiatives;
   e)  Parent partners;
   f)  Youth-Transition Decision Making (YTDM) meetings;
   g)  Providers of mental health and substance abuse services;
   h)  Churches and faith based community organizations;
   i)  The judicial system including judges, county attorneys, and guardians ad litem; and
   j)  State child welfare and JCS justice initiatives.

While frequent movement of a Child is discouraged, there are cases where it will be necessary for a Child to move from one service to another service or one Service Area to another Service Area. In order to ensure continuity of care and seamless Transitions for each Child, the Contractor shall also:
   a)  Develop strong linkages with other child welfare service providers; and
   b)  Focus on communicating with the Referral Worker and the receiving or sending service to ensure all relevant information regarding the Child is shared, if a Child is going to be moved to a different Contractor or Contract (e.g., FGCS to SAL or one Service Area to another Service Area)
1.3.3 Child Welfare Emergency Services Scope of Work

The Contractor shall provide Child Welfare Emergency Services (CWES) services as follows.

1.3.3.1 CWES Overview

CWES are short term and temporary child welfare interventions provided through the child welfare system that focus on a Child’s safety, Permanency and well-being. This Contract emphasizes the Agency’s goal that Diversion from Placement all together is preferred to temporary Out-of-Home Placement, and when Out-of-Home Emergency Placements are necessary they are less than thirty days. Contractors shall stabilize and support the Child and Child’s Family such that a return to CWES is unnecessary. CWES are intended to immediately respond to the needs of the eligible Target Population defined for this Contract. CWES approaches range from the least restrictive Child Welfare Emergency Interventions that can be used – e.g., Family conflict mediations or other In-Home services provided before Children require Removal from their home – to most restrictive Emergency services including Out-of-Home Placements with relatives, Foster Families, or Emergency Juvenile Shelter Care (as permitted by the Iowa Code). CWES must be coordinated with other Child Welfare and Juvenile justice services and with other domains of a Child’s life, including but not limited to, education, Family relationships, recreation, health care, and mental or behavioral health care.

CWES serve the following groups of Children:

- Children referred to CWES by the Agency, Juvenile Court Services, or Law Enforcement with or without court involvement who may be Diverted from Placement into a shelter bed by successful screening, triage, and interventions – provided at locations such as in the Child’s home, school, police stations, or, possibly at a shelter – in order to keep Children in their homes.
- Children requiring Placement in shelter, as follows:
  - Children referred to CWES with court orders for immediate Placement into shelter care;
  - Children referred to CWES for whom it has been agreed upon between the Contractor and Agency or JCS that the lesser restrictive CWES service alternatives cannot successfully prevent Out-of-Home Placement, and Placement into a shelter bed is the most appropriate service.

Child Welfare Emergency Services shall not be confused with mental health crisis or mental health Emergency services that may be available for Children that focus on psychotherapeutic treatment or similar services provided through Iowa’s State or community mental health systems. Mental health Emergency services are intended to provide community-based access to mental health services and supports in place of mental health institutional care.

On the other hand, CWES are intended to address the child welfare/juvenile justice needs of Children and families as they relate to safety, Permanency, and well-being. Children and families may be involved with CWES for a matter of hours, or perhaps days or weeks if a shelter bed has been ordered, whereas mental health-related treatment may be available as long as needed in order to stabilize psychiatric crises. This Contract does not address mental health crisis services.

While Emergency mental health services are not directly tied to the child welfare and Juvenile justice system and CWES are not based on mental health needs, it is important that Contractors recognize where or when their child welfare/juvenile justice services overlap with the emerging Children’s mental health initiatives. Such appreciation by Contractors will ensure the Contractor’s activities are closely coordinated in order to meet needs related to safety and Permanency as well as needs related to mental health.
CWES shall be available Statewide in each of the Agency’s Service Areas and accessible to Children and families in each Iowa county. CWES must be available close to a Child’s home with programmatic intent to divert referrals from Placement into a shelter bed. Contractors shall develop strong community coalitions that include, at a minimum, the CWES referral network, the judicial system, and community resources. These community coalitions shall be used to develop CWES approaches that will consider and utilize all available alternatives to Out-of-Home Placement before that becomes necessary. Removing a Child from their home shall not be the first but the last approach. Contractors shall provide access to an array of CWES, from the least restrictive to most restrictive settings as necessary.

Services shall be flexible, but as individualized as necessary to best meet the unique needs of eligible Children. CWES will be based on the following principles:

- Child welfare Crisis Intervention and Stabilization activities are immediate, individually responsive to Child and Family needs, and provided In The Home (or foster home, school, or community) if at all possible.
- Child Welfare Emergency Services are consistent with the Child and Family Service Review (CFSR), focusing on the safety, Permanency, and well-being of Children in the Child welfare/Juvenile justice system.
- Out-of-Home Emergency care shall be provided in the least restrictive setting possible and shall be short term and temporary. When Removal from the home is needed, Children shall be placed with relatives, Family friends, or foster homes whenever possible. These Placements shall consider a Child’s individual needs, last only as long as necessary, and be as close to home as possible.
- Emergency Juvenile Shelter Care Placement shall be reserved for the most difficult cases when lesser restrictive options are not feasible and when Placement in shelter is specifically required, such as by court order.
- Emergency Juvenile Shelter Care or other congregate Placements shall only be used if they are the most appropriate setting for a Child – appropriate permanent settings shall be identified for each Child as soon as possible.
- Every effort shall be made to avoid Placement of Children under the age of twelve (12) in an Emergency Juvenile Shelter Care (Iowa Code Section 232.21(6)), unless there have been reasonable but unsuccessful efforts to place the Child in a Foster Family home that is able to meet the needs of the Child. The efforts shall be documented at the shelter care hearing.

1.3.3.2 Program Administration

The Contractor shall provide the required services for each Child served in the CWES program to meet the specific needs of the Child as follows:

1.3.3.2.1 Regulations and Policies

i. Handling client appeals and grievances;

ii. Reporting abuse and denial of critical care of Children;

d) Participate in the annual Agency’s child welfare services contractors’ meeting.
e) Develop and use internal continuous Quality Assurance processes using data analysis, process and practice modification, supervision, and other methods to ensure the quality of services provided.

1.3.3.2.2 Delivery of CWES
Throughout the delivery of CWES, the Contractor shall ensure the safety, Permanency, and well-being of each Child. It is essential the Contractor consider the temporary nature of shelter bed Placements as care is provided to the Child. In all CWES provision, the Contractor shall:

a) Ensure that CWES are provided in a manner consistent with the expectations of the Guiding Principles, JCS’s Model of Practice, Family-Centered Model of Practice, Child Welfare Model of Practice, the Federal Child and Family Services Review, and when appropriate, the Family-Team Decision Making Model.

b) Safeguard Children from abuse while receiving CWES.

c) Collaborate with partners at the local and State levels to achieve the most desirable case-specific and system outcomes.

d) Make decisions with families using approaches that include informal supports and the Child’s Positive Support System.

e) Ensure a safe and supportive environment for each Child receiving CWES.

f) Accept all referrals and provide contracted services on a No Reject, No Eject basis.

g) Use measurable outcomes to evaluate the quality of CWES.

h) Use approaches to services for outcomes that best address the needs of the child welfare and juvenile justice systems.

i) Implement culturally and linguistically competent approaches and practices. Each Child engaged in care shall be provided services that address any special language needs, reinforce positive cultural practices, and acknowledge and build upon ethnic, socio-cultural, and linguistic strengths. This shall be measured utilizing the Culturally and Linguistically Appropriate Service Standards adopted by the Agency (Attachment I).

j) Ensure no Child is ever refused services or discharged from service except in Agency approved cases per the Admission and Discharge Protocol.

k) Collaborate with the Agency to develop and implement written plans for the Contractor’s response to disasters and other emergency situations that are consistent with State, federal, and local guidelines.

1.3.3.2.3 Ensuring Access to Services
The Contractor shall develop and implement CWES delivery methods for alternatives to shelter Placement and for shelter Placement that are diverse and flexible enough to ensure accessibility in the communities for which the Contractor is responsible. These shall include and extend beyond the community where the Contractor may be physically located. Direct access to CWES alternatives to shelter Placement in these communities is crucial to successful implementation. The Contractor shall:

a) Serve Children up to 18 years of age referred by the Agency, JCS, or Law Enforcement (LE) and Children court ordered to Emergency Juvenile Shelter Care Placement.

b) Provide an array of appropriate interventions that range from the least restrictive alternative to a shelter bed Placement to the most restrictive, i.e. Placement into an Emergency Juvenile Shelter Care bed.
c) Serve the specified age groups or genders for which the Agency has contracted with the Contractor for Emergency Juvenile Shelter Care.

d) Implement an Agency approved CWES referral protocol that provides for accessibility to CWES regardless of where the Child lives.

e) Demonstrate strong working relationships with others in the Contractor’s community, such as, but not limited to, community resources, community leaders, and judges.

1.3.3.2.4 Screening for CWES
A fundamental aspect in producing successful safety, Permanency, and well-being outcomes is the Contractor’s initial screening process when a Child enters CWES. To provide appropriate and effective CWES screening, the Contractor shall:

a) Use the Agency’s CWES screening tool (Attachment J) to complete screening promptly and uniformly throughout the contracted Service Area where CWES is available to determine the urgency of need and the appropriate level of CWES engagement, from the least restrictive to the most restrictive needed.

b) Coordinate the recommended level of CWES engagement with the Agency or Juvenile Court Services, and collaborate with the Agency or Juvenile Court Services to decide whether or not Placement into a shelter bed is required.

c) Promptly identify community resources and alternative service options that are appropriate for the Child's or Family's immediate and future needs. Linkages must be established with other Child and Family service systems.

d) Determine in conjunction with Agency and Juvenile Court Services Referral Workers the level of CWES engagement that will meet those needs, and the process to be followed if it is determined that the Child and Family needs exceed the scope of CWES and referral to another service is in the best interest of the Child and Family.

e) Follow the requirements of the Admission and Discharge Protocol as it relates to Placement in Emergency Juvenile Shelter Care.

1.3.3.2.5 Shelter Alternatives and Diversion Services
The Contractor shall provide alternatives to shelter as Diversion services when a Child can appropriately and safely receive them instead of being placed in a shelter bed. In regards to alternatives and Diversions, the Contractor shall:

a) Actively work to safely keep Children in their home.

b) Respond to referrals from the Agency or JCS within one hour and initiate services to the Child and Family in need as soon as possible.

c) Serve Children up to 47-hours outside their home as a Diversion from shelter Placement.

d) Provide Mobile Outreach for Child Welfare Emergency Intervention in all counties covered by the CWES contract. The Contractor shall go to the Child, rather than have the Child go to the Contractor.

e) Provide In-Home Onsite Mediation Services and Follow-up diversionary activities.

f) Develop a plan for the Child receiving alternative or Diversion services, in the format and timeframe required by the Agency.

g) Maintain supporting documentation for alternatives services and Diversion services provision. The Contractor shall have a case file/record completed for each Child and submit of documents in the timeframe required by the Agency.

h) Complete a case file closure summary for the Child when alternative or Diversion services conclude, in the format and timeframe required by the Agency.

i) Provide CWES alternative services for all Children in the Contractor’s contracted counties and not only in the community where the Contractor may be physically located (e.g., if a Contractor is a shelter provider, CWES alternatives to shelter shall be available...
in surrounding communities, with the services available not only to Children from surrounding areas, but with services provided to Children in those communities).

The Contractor may provide access to an additional array of CWES alternative services. This array may include, but is not limited to:

j) Child welfare crisis telephone lines or other manners of access available around the clock;
k) Intensive supervision or services provided daily in a Child’s home that prevents shelter Placement;
l) Establishment of information and referral networks;
m) Individual or Family counseling provided by appropriate, approved entities;
n) Exploring options other than shelter care when a Child’s situation needs stabilization;
o) Collaborate with the RRTS contractor to develop the capacity of family Foster Care homes with training and supports to deal with Emergency Placements; and
p) Development of community partnerships to provide any of the above or other service approaches determined to be locally relevant.

1.3.3.2.6 Emergency Juvenile Shelter Care
There will be instances when a Child cannot be served with alternatives services and will require Emergency Juvenile Shelter Care. In providing Emergency Juvenile Shelter Care, the Contractor shall:

a) Accept all referrals for Children into its contracted number of Emergency Juvenile Shelter Care beds.
b) Discharge Children in Emergency Juvenile Shelter Care to a permanent Placement at the earliest possible time and work closely with the Referral Worker to develop a service approach to accomplish this within 30 days from the date of admission.
   i. Extension requests shall be made, substantiated, and approved by both the Agency/JCS and Contractor by the twenty-fifth day of care. Maximum length of stay should not exceed 45 days.
c) Administer the CWES Emergency Juvenile Shelter Care component following the Reasonable and Prudent Parent Standards.
d) Structure Emergency Juvenile Shelter Placement to pursue the least restrictive and most Family-Like Setting and to maintain Family connections as appropriate.
e) Utilize the Agency's assessment tool (to be identified at a later date) to assess the well-being of each Child and ensure the results are loaded into the assessment tool's online portal. The assessment will be administered by the Contractor at the intervals determined by the Agency, and assessments will begin on a date agreed upon by the Contractor and Agency. Contractor staff shall participate in any required training to learn about the administration of the assessment tool.

1.3.3.2.6.1 Service Documentation and Individual Service Plan
Contractors shall maintain a system of individual service documentation and files/records for each Child referred and maintain these notes and files/records in an organized and confidential fashion. Files/records shall include the Agency’s CWES screening tool (Attachment J). Specifically, the Contractor shall:
a) Develop an individualized Service Plan for each Child in an Emergency Juvenile Shelter Care that is based on each Child's unique needs and contains goals and objectives with projected dates of accomplishment. Specifically, the Contractor shall:
   i. Develop a Service Plan utilizing the Agency’s approved Service Plan form for each Child in the timeframe required by Agency.
ii. Complete a Service Planning Conference for each Child within five (5) Business Days of a Child’s admission to a shelter bed and utilize the information gathered at this conference to develop the individualized Service Plan.

iv. Develop the Service Plan with input from the Child, the Referring Worker, and Child’s Family, unless a reason for noninvolvement is documented in the case record.

v. Include in the Service Plan information from other plans that affect the Child’s care including but not limited to the Child’s Case Permanency or Juvenile Court Services Plan, other child welfare services plans, or Behavioral Health and Intervention Services (BHIS).

vi. Submit the completed Service Plan to the Referring Worker in the timeframe required by Agency.

vii. Provide a copy of the completed Service Plan to the Child’s parents or guardians in the timeframe required by Agency.

viii. Update the Service Plan whenever a new Case Permanency Plan/Juvenile Court Services Plan is received for the Child, as needed to address the needs of a Child, or at a minimum of every six (6) months.

b) Maintain a daily log for each Child in Placement. The log shall be used to note general progress in regard to the Service Plan (if applicable) and any problem areas or unusual behavior for each Child in addition to any other Agency approved and required material.

d) Complete a discharge summary for each Child in Emergency Juvenile Shelter Care utilizing the Agency’s approved discharge summary report form in the timeframe required by Agency.

e) Make sure supporting documentation for service provision and service billing supports the provision of child welfare services and Emergency Juvenile Shelter Care Services as defined in rule 441 Iowa Admin Code § 105.14 and 441 Iowa Admin Code §105.17(4). Service documentation shall be detailed, describe service provided, and clearly connect to the Service Plan goals and objectives.

1.3.3.2.6.2 Admission and Discharge Protocols

The CWES Contractor shall adhere to the shelter bed Admission and Discharge Protocol (Attachment H) and accept referrals and provide contracted services on a No Reject, No Eject basis. This protocol describes a process that applies to Agency and JCS Placements, and it applies equally to all beds included in the CWES Contract. The Protocol acknowledges that Emergency Juvenile Shelter Care facilities will serve some difficult cases. It does not apply to Placements made by Law Enforcement.

1.3.3.3 One Caseworker Model for CWES

The Contractor shall provide one Caseworker for each Child and Child’s Family while the Child is in CWES. This person shall be the day-to-day liaison for the Child and the Child’s Family to seek answers to questions and express concerns. The person assigned to each Child and Child’s Family shall be the chief point of contact regarding the Child for the Agency or JCS. Other individuals delivering services will interact with the Child and Family, however the Contractor shall ensure these services are coordinated through the Child’s Caseworker. Any major information, ranging from transfer of service to Clinical results, shall be communicated to the Child and Family through the Caseworker. The Caseworker
shall be present at intake. The name and contact information for this individual shall be documented in the Child’s Service Plan and provided to the Referring Worker and the Family. The Caseworker shall communicate information gathered about the Child to the Referring Worker and the Family.

1.3.3.5 Family and Community Connections in Emergency Juvenile Shelter Care

The following section applies to the provision of Emergency Juvenile Shelter Care. The Contractor shall assist the Child in developing and maintaining relationships with the Child’s Family and other individuals in the Child’s Positive Support System, especially given the temporary nature of CWES engagement. Throughout the provision of CWES, the Contractor shall actively ensure that the Child stays connected to the Child's kin, culture, and community. A lack of interaction with a Child’s Family or Positive Support System can increase trauma that can result from a Child’s Out-of-Home Placement and make a Child’s Reintegration more difficult. The Contractor shall facilitate the Child’s interactions with Family or other individuals in the Child’s Positive Support System as these connections are crucial to the Child’s well-being and to the Child returning to the community. Contractors shall report on Child and Family connections, and failing to meet the standards set forth in this section for Family connections may result in a Performance Improvement Plan. For Emergency Juvenile Shelter Care, the Contractor shall:

a) Follow the Standards of Family Interaction (see Attachment K) when a Child has a Family Interaction Plan.

b) Facilitate meaningful contact between the Child and parents daily (via phone, Internet video, or comparable means).

c) Facilitate a minimum of weekly face-to-face contact between the Child and the Child’s parents or other persons in the Child’s Positive Support System unless limited by JCS, Court order, or the Agency. If a Child’s parents live more than fifty (50) miles from the Child’s Placement, video conferencing may be used as a substitute for two (2) of the approximate four (4) monthly face-to-face visits.

d) Coordinate the Child’s Family Interaction Plan, if the Child has a Family Interaction Plan, with the Service Plan.

e) Collaborate with community agencies to develop connections to coordinate services.

h) Assist the Child with Family Finding Efforts.

i) Maintain a Child’s connections with the Child’s school-of-origin, Family, friends, and churches as appropriate. Developing and maintaining linkages to strengthen the relationship with the Child's home community and/or the community in which he/she may reside is critical to success upon discharge.

j) Execute a plan for a Child’s services to continue in the Child’s community after disengaging CWES to prevent reentry to shelter care or other CWES engagement. This may include follow-up phone calls to the Family or home visits.

k) Initiate follow up contact within three days after the Child leaves a shelter Placement or other CWES alternative service unless the Child has been placed in another Foster Care setting, PMIC, detention, or other institution. This information shall be document in the Child’s file.
1.3.3.6 Crisis Intervention and Stabilization in Emergency Juvenile Shelter Care
The following section applies to the provision of Emergency Juvenile Shelter Care. Contractors shall have a global Crisis Intervention and Stabilization Plan and an individualized plan for Crisis Intervention and Stabilization incorporated into each Child’s Service Plan. The Contractor shall accept referrals and provide contracted services on a No Reject, No Eject basis.       i. Train staff in Trauma-Informed Care, behavior management, and de-escalation techniques as a means to reduce and address situations that may lead to Critical Incidents;
      ii. Cultivate a culture that includes de-escalation training, expectations, procedures, and policies that are appropriate for the needs of Child placed in shelter; and
      iii. Submit this plan to the Service Contract Specialist and the Agency’s program manager by July 31st annually.
   d) Include Child-specific Crisis Intervention and Stabilization planning as a component of each Child’s Service Plan. The crisis components of the Service Plan shall:
      i. Be individualized to the Child’s unique needs and reflect the elements of the Agency-approved Contractor Crisis Intervention and Stabilization Plan; and
      ii. Consider appropriate staffing patterns and competencies, Child trauma, treatment needs, and other elements needed to appropriately de-escalate and manage a Child’s behavior.

1.3.3.7 Reintegration Planning in Emergency Juvenile Shelter Care
The following section applies to the provision of Emergency Juvenile Shelter Care. CWES is temporary and when a shelter Placement is used the Contractor will be responsible for planning the services needed during Placement and after discharge, in order to promote successful safety, Permanency, and well-being outcomes for each Child after the Child leaves child welfare services. For Emergency Juvenile Shelter Care, the Contractor shall:

   d) Integrate CWES plans in partnership with the Agency and/or JCS, and with the Child and the Child's Positive Support System.
1.3.3.8 Education in Emergency Juvenile Shelter Care
The following section applies to the provision of Emergency Juvenile Shelter Care. The Contractor shall ensure educational continuity is maintained to the extent possible despite the Child’s changing circumstances. For Emergency Juvenile Shelter Care, Contractor shall:

a) Provide an Education Specialist who will coordinate education needs and services with a Child’s Referral Worker, the Child’s Caseworker and the Service Plan while a Child is in shelter care. This shall include, but need not be limited to:
   i. Handling and transferring of educational records to which the Contractor has access;
   ii. Addressing to special education recommendations;
   iii. Providing school supplies;
   iv. Collaborating with the Referral Worker to keep a Child in their school of origin unless not in the best interest of the Child; and
   v. Arranging relevant academic testing needed for services.

b) Coordinate and/or provide transportation on each school day to each Child to enable attendance in the Child’s school of origin or when a school other than the school of origin is identified in the Case Permanency Plan unless any of the following conditions exist:
   i. The school of origin or other school identified in the Case Permanency Plan is more than 45 miles from facility.
   ii. It is not in the Child’s academic, emotional, or social best interest to travel to the school of origin or the school identified in the Case Permanency Plan. For example, if a Child has special needs or diagnoses that would limit travel.

c) Record mileage related to a Child’s transportation to and from his/her school of origin utilizing the form provided by the Agency and submit to the Agency on a separate Invoice.

d) Monitor and address educational progress and needs.

e) Provide access to supplemental educational support such as tutoring and school-based conferences as needed.

f) Explore alternatives to learning, such as online courses and other options that might be available. The Contractor may use on-line curriculums and reporting to ensure school progress.

1.3.3.9 Physical Health for Children in Emergency Juvenile Shelter Care
Although CWES is temporary and long-term management of physical health needs will be rare, Children may arrive in CWES with immediate physical health needs the Contractor must address. When Children are placed into CWES shelter, the Contractor shall review each Child’s health status at intake for the purpose of identifying medication needs and problems that need immediate medical attention. For each Child in Emergency Juvenile Shelter Care, the Contractor shall:

a) Gather standard health information including the Child’s last physical exam, primary care physician information, current medications, allergies, and vision and dental information. For Children served outside their home up to 47-hours without Emergency Juvenile Shelter Placement, the Contractor ensure basic health information (current medications, allergies, and any other vital facts) are known by the Contractor’s staff.

b) Within seven (7) days of intake (when a Child is expected to remain in Emergency Juvenile Shelter Care more than four (4) days):
   i. Make all reasonable efforts for a more comprehensive health assessment to be performed by an appropriate Clinician, including a vision assessment, on each Child who has not had a comprehensive health assessment within the past year. If the assessment cannot be performed within seven days, it shall be arranged for the earliest possible time, and the reasons for the delay shall be documented. A registered nurse, an advanced registered nurse practitioner, a physician assistant, or a physician shall perform the comprehensive health assessment.
   ii. Gather records of all illnesses, immunizations, communicable diseases and follow-up treatment, signed medical and surgical authorizations, medical and dental examinations including findings, and the date of the last physical examination prior to Placement.
iii. Determine with the Child’s Referring Worker what medical interventions may be required while the Child is in care and schedule appointments as needed.

1.3.3.10 Mental/Behavioral Health and Clinical Supports for Children in Emergency Juvenile Shelter Care

Children’s mental and behavioral health needs are key components of meeting safety and well-being goals. If a Child has been receiving mental and behavioral health services prior to CWES, it is important to ensure continuity of care. Additionally, there is a high likelihood mental and behavioral health services will need to continue during Reintegration. For each Child in Emergency Juvenile Shelter Care, the Contractor shall:

a) Communicate concerns that arise at intake pertaining to mental health/behavioral health to the Referring Worker.

b) Coordinate CWES service planning with any plans developed by mental health or behavioral health providers.

c) Educate Children, parents, guardians ad litem, and Referral Workers about the Service Plan that shall incorporate monitoring efforts, medication management, and other relevant information.

e) Coordinate care with Integrated Health Homes if the Child in Placement has one.

f) Discuss at intake and the Service Planning Conference the need for substance abuse evaluation and coordinate with a substance abuse professional and the Family when needed.

j) Arrange for required mental health/behavioral health appointments and coordinate consent with the Referring Worker to screen for these services.

1.3.3.11 Training

The Contractor shall provide all staff with appropriate and comprehensive training to deliver the services for which the individual is responsible and in a manner that teaches staff to promote the safety, Permanency, and well-being for each Child. The Contractor shall:

a) Develop a training plan and submit to the Agency for review and approval within 30 days after the contract start date.

1.3.5 Supervised Apartment Living Scope of Work

The Contractor shall provide Supervised Apartment Living (SAL) services as follows.

1.3.5.1 SAL Overview

SAL Foster Care is the least restrictive Placement in the Child welfare service array. SAL should not be considered for a Child who can live successfully in a Family home. SAL is designed for Children who have the capacity and desire to live relatively independently in a community with less supervision than is provided in a Family Foster Care or FGCS setting and who are presently unable to live with Family. Children in the SAL program are expected to attend school, prepare their own budgets, pay their own bills, shop for their own food, prepare their own meals, do their own laundry and cleaning, and engage with the community. The goal of SAL is for a Child to move to Self-Sufficiency while developing interdependence with their community and the systems that supports the Child’s completion of education, development of life skills, and preparation to move into adulthood. SAL Contractors shall guide the Child to develop skills and abilities to address responsibilities for day-to-day tasks and monitor whether this guidance has been effective or if additional needs exist. SAL Contractors shall promote a Child’s participation in Aftercare services once the Child has exited SAL services. These goals are reflected in the SAL Performance Measures.

Under this Contract, SAL Contractors shall assist a Child in the development of the Child’s Positive Support System. If a member of the Child’s Positive Support System is willing, able, and appropriate to have the Child live with them and can assist the Child with the development of life skills, the Contractor shall with the Service Area RRTS provider to Transition the Child into a Placement with the identified member of the Child’s Positive Support System. The RRTS provider would be responsible for validating the appropriateness and safety of the Placement via background checks and other required RRTS items as agreed upon with the Agency.

To be eligible for Placement in SAL cluster setting, the Child must be at least age 16 ½ years of age. To be eligible for Placement in SAL scattered-site setting, the Child must be at least 17 years of age. A Child cannot live in a scattered-site until the Child has successfully lived in a SAL Cluster site. A Child age 18 or 19 may participate in the SAL program with specific Agency approval if the Child remains eligible for Foster Care.

SAL Foster Care is one type of Foster Care Placement in which Children reside in a range of settings characterized by two general categories:

- SAL scattered setting with access to SAL Contractor staff 24 hours a day, seven days a week (e.g., an apartment unit).
- SAL cluster setting which allows up to six Children to be placed in the same building, such as apartments located in one building or private housing. Contractor staff is on-site (present and available to the Children) in the living arrangement at any time more than one Child is present in this type of setting.

SAL offers a community based living environment with the benefit of a degree of direct supervision, 24-hour support available, and Life Skills Training. Contractors shall utilize real life learning opportunities within the structured SAL community, especially in a cluster setting, in order to help the Child develop life skills needed for successful Transition to adulthood. For instance, the SAL Contractor may use mealtime as an opportunity to develop responsibility around meal preparation and to stimulate meaningful discussions to support the Child’s development.

A successful SAL program ensures staff supervision and training are flexible to meet the needs and behaviors of each individual Child. The SAL Contractor is expected to work with the Child and their
Positive Support System to identify a SAL living arrangement with the approval of the living arrangement by the Referring Worker.

SAL shall be designed and implemented in such a way as to conform to the Models of Practice of the Agency and of JCS. The Agency’s Child Welfare and Family-Centered Models of Practice are based on the principles and practices associated with a strength-based approach.

Bidders are encouraged to familiarize themselves with Chapter 22 before submitting a Bid Proposal. The Agency will copy public records as required to comply with public records laws.

The Agency will treat the information marked confidential as confidential information to the extent such information is determined confidential under Iowa Code chapter 22 or other applicable law by a court of competent jurisdiction.

In the event the Agency receives a request for information marked confidential, written notice shall be given to the Bidder seventy-two (72) hours prior to the release of the information to allow the Bidder to seek injunctive relief pursuant to Iowa Code § 22.8.

The Bidder’s failure to request confidential treatment of material pursuant to this section and the relevant law will be deemed, by the Agency, as a waiver of any right to confidentiality that the Bidder may have had.

2.21 Copyrights.
By submitting a Bid Proposal(s), the Bidder agrees that the Agency may copy the Bid Proposal(s) for purposes of facilitating the evaluation of the Bid Proposal(s) or to respond to requests for public records. By submitting a Bid Proposal(s), the Bidder acknowledges that additional copies may be produced and distributed, and represents and warrants that such copying does not violate the rights of any third party. The Agency shall have the right to use ideas or adaptations of ideas that are presented in the Bid Proposals.

2.22 Release of Claims.
By submitting a Bid Proposal(s), the Bidder agrees that it shall not bring any claim or cause of action against the Agency based on any misunderstanding concerning the information provided herein or concerning the Agency’s failure, negligent or otherwise, to provide the Bidder with pertinent information as intended by this RFP.
2.23 **Reserved.** *(Presentations)*

2.24 **Notice of Intent to Award.**
Notice of Intent to Award will be sent to all Bidders that submitted a Bid Proposal by the due date and time. The Notice of Intent to Award does not constitute the formation of a contract between the Agency and the apparent Successful Bidder.

2.25 **Acceptance Period.**
The Agency shall make a good faith effort to negotiate and execute the contract. If the apparent Successful Bidder fails to negotiate and execute a contract, the Agency may, in its sole discretion, revoke the Notice of Intent to Award and negotiate a contract with another Bidder or withdraw the RFP. The Agency further reserves the right to cancel the Notice of Intent to Award at any time prior to the execution of a written contract.

2.26 **Review of Notice of Disqualification or Notice of Intent to Award Decision.**
Bidders may request reconsideration of either a notice of disqualification or notice of intent to award decision by submitting a written request to the Agency:

Bureau Chief  
c/o Bureau of Service Contract Support  
Department of Human Services  
Hoover State Office Building, 1st Floor  
1305 E. Walnut Street  
Des Moines, Iowa 50319-0114  
email: jwetlau@dhs.state.ia.us

The Agency must receive the written request for reconsideration within five days from the date of the notice of disqualification or notice of intent to award decision. The written request may be mailed, emailed, or delivered. It is the Bidder’s responsibility to assure timely delivery of the request for reconsideration. The request for reconsideration shall clearly and fully identify all issues being contested by reference to the page and section number of the RFP. If a Bidder submitted multiple Bid Proposals and requests that the Agency reconsider a notice of disqualification or notice of intent to award decision for more than one Bid Proposal, a separate written request shall be submitted for each. At the Agency’s discretion, requests for reconsideration from the same Bidder may be reviewed separately or combined into one response. The Agency will expeditiously address the request for reconsideration and issue a decision. The Bidder may choose to file an appeal with the Agency within five days of the date of the decision on reconsideration in accordance with 441 IAC 7.41 et seq.

2.27 **Definition of Contract.**
The full execution of a written contract shall constitute the making of a contract for services and no Bidder shall acquire any legal or equitable rights relative to the contract services until the contract has been fully executed by the apparent Successful Bidder and the Agency.

2.28 **Choice of Law and Forum.**
This RFP and the resulting contract are to be governed by the laws of the State of Iowa without giving effect to the conflicts of law provisions thereof. Changes in applicable laws and rules may affect the negotiation and contracting process and the resulting contract. Bidders are responsible for ascertaining pertinent legal requirements and restrictions. Any and all litigation or actions commenced in connection with this RFP shall be brought and maintained in the appropriate Iowa forum.

2.29 **Restrictions on Gifts and Activities.**
Iowa Code chapter 68B restricts gifts that may be given or received by State employees and requires certain individuals to disclose information concerning their activities with State government. Bidders must determine the applicability of this Chapter to their activities and comply with the requirements. In addition, pursuant to Iowa Code § 722.1, it is a felony offense to bribe or attempt to bribe a public official.
2.30 **Exclusivity.**
Any contract resulting from this RFP shall not be an exclusive contract.

2.31 **No Minimum Guaranteed.**
The Agency anticipates that the selected Bidder(s) will provide services as requested by the Agency. The Agency does not guarantee that any minimum compensation will be paid to the Bidder or any minimum usage of the Bidder’s services.

2.32 **Use of Subcontractors.**
The Agency acknowledges that the selected Bidder(s) may contract with third parties for the performance of any of the Contractor’s obligations. The Agency reserves the right to provide prior approval for any subcontractor used to perform services under any contract that may result from this RFP.

2.3.3 **Bidder Continuing Disclosure Requirement.**
To the extent that Bidders are required to report incidents when responding to this RFP related to damages, penalties, disincentives, administrative or regulatory proceedings, founded Child or dependent adult abuse, or felony convictions, these matters are subject to continuing disclosure to the Agency. Incidents occurring after submission of a Bid Proposal, and with respect to the Successful Bidder after the execution of a contract, shall be disclosed in a timely manner in a written statement to the Agency. For purposes of this subsection, timely means within thirty (30) days from the date of conviction, regardless of appeal rights.
### Section 3 How to Submit A Bid Proposal: Format and Content Specifications

These instructions provide the format and technical specifications of the Bid Proposal and are designed to facilitate the submission of a Bid Proposal that is easy to understand and evaluate.

**Important Note on Proposal Submissions:** As described in the RFP Purpose section, Bidders may choose to bid on one or more services (FGCS, CWES, and/or SAL) in one or more Service Areas. Bids may be submitted for:

- One service (CWES, FGCS, or SAL) in one Service Area;
- One service (CWES, FGCS, or SAL) in multiple (or all) Service Areas;
- Multiple (or all) services (CWES, FGCS, and/or SAL) in one Service Area; or
- Multiple (or all) services (CWES, FGCS and/or SAL) in multiple (or all) Service Areas.

Bidders are required to submit a separate Proposal for each service for which they intend to bid: CWES, FGCS, and SAL. A Bidder submitting a Proposal for one service will submit only one Proposal regardless of the number of Service Areas proposed. A Bidder submitting Proposals for two services will submit two separate Proposals regardless of the number of Service Areas being proposed. A Bidder submitting Proposals for all three services will submit three separate Proposals regardless of the number of Service Areas being proposed. If bidding on multiple Service Areas for a service (CWES, FGCS, or SAL), one Proposal (per service) will encompass all the Service Areas for which the Bidder intends to bid, however, Service Area specific topics are required to be addressed in the response.

The following information applies to each separate Proposal. Proposals for multiple services (CWES, FGCS, and SAL) may not be combined.

3.2 Contents and Organization of Technical Proposal.
This section describes the information that must be in each Technical Proposal. Bid Proposals should be organized into sections in the same order provided here using tabs to separate each section.

3.2.1 Information to Include Behind Tab 1:

Transmittal Letter.
The transmittal letter serves as a cover letter for the Technical Proposal. It must consist of an executive summary that briefly reviews the strengths of the Bidder and key features of its proposed approach to meet the specifications of this RFP.

3.2.2 Information to Include Behind Tab 2: Proposal Table of Contents.
The Bid Proposal must contain a table of contents.

3.2.3 Information to Include Behind Tab 3: RFP Forms.
The forms listed below are attachments to this RFP. Fully complete and return these forms behind Tab 3:
• Release of Information Form
• Primary Bidder Detail & Certification Form
• Subcontractor Disclosure Form (one for each proposed subcontractor)

3.2.4 Information to Include Behind Tab 4: Bidder’s Approach to Meeting Deliverables.
Bidders shall complete the Technical Response Template for the services (CWES, FGCS, and/or SAL) for which the Bidder intends to offer. The respective Technical Response templates are included as Attachment N (CWES), Attachment O (FGCS), and Attachment P (SAL) Completion and submission of this document, along with the rest of the Technical Proposal described in Section 3.2, is a requirement for a complete Proposal.

3.3 Cost Proposal.
Each Service (CWES, FGCS, and SAL) requires a separate Cost Proposal to be included in its Proposal.

Proposed Beds by Service

Bidders shall indicate the number of beds proposed for each Service Area using the Service-specific Cost Proposal Templates: Attachments Q (CWES), R (FGCS), and S (SAL). The Agency will decide the number of beds per contract after contract award. The number of contracted beds per Contractor may differ from the number of beds proposed by the Bidder.

The following assumptions by Service have been set by the Agency.

• CWES:
The Agency intends to guarantee funding for approximately 160 Emergency Juvenile Shelter Care beds that will be distributed among Contractors based on historical and anticipated Service Area need. The expected number of Guaranteed Payment Beds is estimated as follows:

  o SA 1 (Western): 41
  o SA 2 (Northern): 38
  o SA 3 (Eastern): 6
  o SA 4 (Cedar Rapids): 24
  o SA 5 (Des Moines): 51

The Agency intends to develop access to CWES for all Iowa geographies and Bidders are encouraged to study the map provided in Attachment E that shows the counties in each of the DHS Service Areas. This will help inform the development of Bidders’ Proposals.

Contracts may also include additional beds to assure an accessible bed capacity for expected fluctuations in daily use. The Agency reserves the right to determine the final number of beds and the amount of CWES services that will be Contracted in each Service Area.

• FGCS:
The Agency intends to guarantee funding for approximately 650 FGCS beds that will be distributed among Contractors based on historical and anticipated Service Area need. The expected number of Guaranteed Payment Beds is estimated as follows:

  o SA 1 (Western):
    ▪ Community (D1): 45
    ▪ Comprehensive (D2): 58
    ▪ Enhanced (D3): 26
  o SA 2 (Northern):
    ▪ Community (D1): 42
The Agency intends to develop access to FGCS for all Iowa geographies and Bidders are encouraged to study the map provided in Attachment E that shows the counties in each of the DHS Service Areas. This will help inform the development of Bidders’ Proposals.

Contracts may also include additional beds to assure an accessible bed capacity for expected fluctuations in daily use. The Agency reserves the right to determine the final number of beds and the amount of FGCS services that will be Contracted in each Service Area.

- **SAL:**
  The Agency intends to guarantee funding for approximately 42 Cluster sites beds and 27 Scattered Sites that will be distributed among Contractors based on historical and anticipated Service Area need. The expected number of Cluster Site Beds and Scattered Sites is estimated as follows:

  - SA 1 (Western):
    - Cluster: 6
    - Scattered: 5
  - SA 2 (Northern):
    - Cluster: 6
    - Scattered: 6
  - SA 3 (Eastern):
    - Cluster: 6
    - Scattered: 5
  - SA 4 (Cedar Rapids):
    - Cluster: 6
    - Scattered: 3
  - SA 5 (Des Moines):
    - Cluster: 18
    - Scattered: 8

The Agency intends to develop access to SAL for all Iowa geographies and Bidders are encouraged to study the map provided in Attachment E that shows the counties in each of the DHS Service Areas. This will help inform the development of Bidders’ Proposals.

The Agency reserves the right to determine the final number of Cluster Site beds and Scattered Sites that will be Contracted in each Service Area.
Service Delivery Costs

In the Cost Proposal(s), Bidders must also present and describe cost details with accompanying narrative that adequately supports their Proposal and can reasonably be expected to lead to achievement of the desired outcomes for Children and Families sought in this Proposal. The costs must include sufficient detail to assure evaluators that the Proposal can be undertaken within the rates the Agency will pay.

At a minimum, the costs must detail the following cost categories:

1. Staffing (both direct service and supervisory);
2. Services Costs (these must be separated into as many sub-categories as needed for clarity of the services and associated unit and overall costs);
3. Subcontractor Costs (identified by name of subcontractor entity);
4. Administrative Costs (detail by category); and
5. Other

The Cost Proposal shall clearly describe all costs associated with the Service. Bidder shall also include a detailed narrative describing their costs.

Administrative Costs.

The Agency is placing a limit on the amount of funds that may be spent for Administrative Costs in any contract(s) resulting from this RFP. Spending on Administrative Costs, for both the Contractor and all their subcontractors, cannot exceed 15% of the total contract amount for each Service. For the purposes of this subsection, ”Administrative Costs” means the costs that may include, but are not limited to, such categories as: salary and benefits for administrators and support staff, utilities, data collection and data processing costs, printing, communications equipment and services, and other costs necessary to support the delivery of services.

Contractor Proposed Costs

The Contractor will be paid in accordance with Sections 1.3.3.15 (CWES), 1.3.4.15 (FGCS), and/or 1.3.5.15 (SAL) of the Contracts. Therefore, the costs submitted by the Contractor is not binding on the parties, except that the Contractor is bound by the provisions that cap the percentage that can be paid for Administrative Costs.

Content and Format.

The Cost Proposal shall be submitted using the worksheet set forth in Attachments Q (CWES), R (FGCS), and S (SAL) of this RFP. Bidders should submit both an Excel version and printed version of these Attachments. Bidders may include the detailed cost narrative as a separate attachment. Each Service (CWES, FGCS, and SAL) requires a separate Cost Proposal to be included in its Proposal.
Section 4 Evaluation Of Bid Proposals

**Important Note about Evaluations:** As described in the RFP Purpose section, Bidders may choose to bid on one or more services (FGCS, CWES, and/or SAL) in one or more Service Areas. Bidders are required to submit a separate Proposal for each service for which they intend to bid: CWES, FGCS, and SAL. Each Service (CWES, FGCS, SAL) will be evaluated separately and independently. The following information applies separately to the evaluations of Proposals submitted for each Service (CWES, FGCS, SAL).

### 4.1 Introduction.

This section describes the evaluation process that will be used to determine which Bid Proposal(s) provides the greatest benefit to the Agency. When making this determination, the Agency will not necessarily award a contract to the Bidder with the highest point total. Rather, a Contract(s) will be awarded to the Bidder that offers the greatest benefit to the Agency.

### 4.2 Evaluation Committee.

The Agency intends to conduct a comprehensive, fair and impartial evaluation of Bid Proposals received in response to this RFP. In making this determination, the Agency will be represented by an evaluation committee. There will be separate evaluation committees for each of the three Services (CWES, FGCS, SAL).

### 4.3 Proposal Scoring and Evaluation Criteria.

The evaluation committees will use the method described in this section to assist with initially determining the relative merits of each Bid Proposal.

#### Technical Proposal Components.

When Bid Proposals are evaluated, the total points for each component are calculated by using the evaluation team’s raw score (between 0-4) for the component, divided by the maximum raw score (4), multiplied by the component’s assigned weight.

For each Bidder, there will be a Common Technical Proposal totaling a possible seventy-five (75) points as shown below for each Service. These Common Technical Proposal points will be allocated to the Respondent's proposal regardless of Service Areas covered.

Additionally, there will be a Service Area-Specific Technical Proposal for every Service Area the Bidder chooses to bid for, totaling a possible twenty-five (25) points per Service Area as shown below. For each Service Area, the Respondent's total technical proposal score will be the sum of its Common Technical Proposal score (out of a maximum of 75) and its Service Area Specific Technical Score for that Service Area (out of a maximum of 25). Responses will be measured against other Proposals within the same Service Area.

The evaluation components are separate by Service and are as follows (See Attachments N (CWES), O (FGCS), P (SAL) Technical Response Templates for more information):

Attachment D: Additional Certifications
(Do not return this page with the Bid Proposal(s).)

CERTIFICATION OF INDEPENDENCE AND NO CONFLICT OF INTEREST
By submission of a Bid Proposal, the Bidder certifies (and in the case of a joint proposal, each party thereto certifies) that:

1. The Bid Proposal has been developed independently, without consultation, communication or agreement with any employee or consultant of the Agency who has worked on the development of this RFP, or with any person serving as a member of the evaluation committee;
2. The Bid Proposal has been developed independently, without consultation, communication or agreement with any other Bidder or parties for the purpose of restricting competition;
3. Unless otherwise required by law, the information in the Bid Proposal has not been knowingly disclosed by the Bidder and will not knowingly be disclosed prior to the award of the contract, directly or indirectly, to any other Bidder;
4. No attempt has been made or will be made by the Bidder to induce any other Bidder to submit or not to submit a Bid Proposal for the purpose of restricting competition;
5. No relationship exists or will exist during the contract period between the Bidder and the Agency that interferes with fair competition or is a conflict of interest.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION -- LOWER TIER COVERED TRANSACTIONS
By signing and submitting this Bid Proposal, the Bidder is providing the certification set out below:

1. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the Bidder knowingly rendered an erroneous certification, in addition to other remedies available to the federal government the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
2. The Bidder shall provide immediate written notice to the person to whom this Bid Proposal is submitted if at any time the Bidder learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
3. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principle, Proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this Proposal is submitted for assistance in obtaining a copy of those regulations.
4. The Bidder agrees by submitting this Proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Agency or agency with which this transaction originated.
5. The Bidder further agrees by submitting this Proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
6. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred,
suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. A participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

8. Except for transactions authorized under paragraph 4 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND/OR VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

1. The Bidder certifies, by submission of this Proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the Bidder is unable to certify to any of the statements in this certification, such Bidder shall attach an explanation to this Proposal.

CERTIFICATION OF COMPLIANCE WITH PRO-CHILDREN ACT OF 1994

The Bidder must comply with Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act). This Act requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted by an entity and used routinely or regularly for the provision of health, day care, education, or library services to Children under the age of 18, if the services are funded by federal programs either directly or through State or local governments. Federal programs include grants, cooperative agreements, loans or loan guarantees, and contracts. The law also applies to Children’s services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to Children’s services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities (other than clinics) where WIC coupons are redeemed.

The Bidder further agrees that the above language will be included in any subawards that contain provisions for Children’s services and that all subgrantees shall certify compliance accordingly. Failure to comply with the provisions of this law may result in the imposition of a civil monetary penalty of up to $1000 per day.

1. No federal appropriated funds have been paid or will be paid on behalf of the Sub-Grantee to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of the Congress, an officer or employee of the Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any
federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant loan or cooperative agreement.

2. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of the Congress, or an employee of a Member of Congress in connection with this contract, grant, loan, or cooperative agreement, the applicant shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

3. The Bidder shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C.A. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor shall provide the following:
{To be completed when contract is drafted.}

1.3.2 Performance Measures.

1.3.3.1 Agency Monitoring Clause. The Contract Manager or designee will:
- Verify Invoices and supporting documentation itemizing work performed prior to payment;
- Determine compliance with general contract terms, conditions, and requirements; and
- Assess compliance with Deliverables, performance measures, or other associated requirements based on the following:

1.3.3.2 Agency Review Clause. The Contract Manager or designee will use the results of monitoring activities and other relevant data to assess the Contractor’s overall performance and compliance with the Contract. At a minimum, the Agency will conduct a review annually; however, reviews may occur more frequently at the Agency’s discretion. As part of the review(s), the Agency may require the Contractor to provide additional data, may perform on-site reviews, and may consider information from other sources.

The Agency may require one or more meetings to discuss the outcome of a review. Meetings may be held in person. During the review meetings, the parties will discuss the Deliverables that have been provided or are in process under this Contract, achievement of the performance measures, and any concerns identified through the Agency’s contract monitoring activities.

1.3.3.3 Problem Reporting. As stipulated by the Agency, the Contractor and/or Agency shall provide a report listing any problem or concern encountered. The Agency’s acceptance of a problem report shall not relieve the Contractor of any obligation under this Contract or waive any other remedy. The Agency’s inability to identify the extent of a problem or the extent of damages incurred because of a problem shall not act as a waiver of performance or damages under this Contract.

The Contractor agrees that this provision constitutes proper and timely notice under any applicable laws governing offset.

2.5 Termination.

2.5.1 Termination for Cause by the Agency. The Agency may terminate this Contract upon written notice for the breach by the Contractor or any subcontractor of any material term, condition or provision of this Contract, if such breach is not cured within the time period specified in the Agency’s notice of breach or any subsequent notice or correspondence delivered by the Agency to the Contractor, provided that cure is feasible. In addition, the Agency may terminate this Contract effective immediately without penalty and without advance notice or opportunity to cure for any of the following reasons:

2.5.1.1 The Contractor furnished any statement, representation, warranty, or certification in connection with this Contract, the Solicitation, or the Bid Proposal that is false, deceptive, or materially incorrect or incomplete;

2.5.1.2 The Contractor or any of the Contractor’s officers, directors, employees, agents, subsidiaries, affiliates, contractors or subcontractors has committed or engaged in fraud, misappropriation, embezzlement, malfeasance, misfeasance, or bad faith;

2.5.1.3 The Contractor or any parent or affiliate of the Contractor owning a controlling interest in the Contractor dissolves;

2.5.1.4 The Contractor terminates or suspends its business;

2.5.1.5 The Contractor’s corporate existence or good standing in Iowa is suspended, terminated, revoked or forfeited, or any license or certification held by the Contractor related to the Contractor’s performance under this Contract is suspended, terminated, revoked, or forfeited;

2.5.1.7 The Agency determines or believes the Contractor has engaged in conduct that: (1) has or may expose the Agency or the State to material liability; or (2) has caused or may cause a person’s life, health, or safety to be jeopardized;

2.5.1.8 The Contractor infringes or allegedly infringes or violates any patent, trademark, copyright, trade dress, or any other intellectual property right or proprietary right, or the Contractor misappropriates or allegedly misappropriates a trade secret;

2.5.1.9 The Contractor fails to comply with any applicable confidentiality laws, privacy laws, or any provisions of this Contract pertaining to confidentiality or privacy; or

2.5.1.10 Any of the following has been engaged in by or occurred with respect to the Contractor or any corporation, shareholder or entity having or owning a controlling interest in the Contractor:
2.5.3 Termination Due to Lack of Funds or Change in Law.

2.5.3.1 The legislature or governor fail in the sole opinion of the Agency to appropriate funds sufficient to allow the Agency to either meet its obligations under this Contract or to operate as required and to fulfill its obligations under this Contract; or

2.5.3.2 If funds are de-appropriated, reduced, not allocated, or receipt of funds is delayed, or if any funds or revenues needed by the Agency to make any payment hereunder are insufficient or unavailable for any other reason as determined by the Agency in its sole discretion; or

2.5.3.3 If the Agency’s authorization to conduct its business or engage in activities or operations related to the subject matter of this Contract is withdrawn or materially altered or modified; or

2.5.3.4 If the Agency’s duties, programs or responsibilities are modified or materially altered; or

2.5.3.5 If there is a decision of any court, administrative law judge or an arbitration panel or any law, rule, regulation, or order is enacted, promulgated, or issued that materially or adversely affects the Agency’s ability to fulfill any of its obligations under this Contract.

The Agency shall provide the Contractor with written notice of termination pursuant to this section.

2.5.4 Other remedies. The Agency’s right to terminate this Contract shall be in addition to and not exclusive of other remedies available to the Agency, and the Agency shall be entitled to exercise any other rights and pursue any remedies, in law, at equity, or otherwise.

2.5.5 Limitation of the State’s Payment Obligations. In the event of termination of this Contract for any reason by either party (except for termination by the Agency pursuant to Section 2.5.1, Termination for Cause by the Agency) the Agency shall pay only those amounts, if any, due and owing to the Contractor hereunder for Deliverables actually and satisfactorily provided in accordance with the provisions of this Contract up to and including the date of termination of this Contract and for which the Agency is obligated to pay pursuant to this Contract; provided however, that in the event the Agency terminates this Contract pursuant to Section 2.5.3, Termination Due to Lack of Funds or Change in Law, the Agency’s obligation to pay the Contractor such amounts and other compensation shall be limited by, and subject to, legally available funds. Payment will be made only upon submission of Invoices and proper proof of the Contractor’s claim. Notwithstanding the foregoing, this section in no way limits the rights or remedies available to the Agency and shall not be construed to require the Agency to pay any compensation or other amounts hereunder in the event of the Contractor’s breach of this Contract or any amounts withheld by the Agency in
accordance with the terms of this Contract. The Agency shall not be liable, under any circumstances, for any of the following:

2.5.5.1 The payment of unemployment compensation to the Contractor’s employees;

2.5.6 Contractor’s Contract Close-Out Duties. Upon receipt of notice of termination, at expiration of the Contract, or upon request of the Agency (hereafter, “Close-Out Event”), the Contractor shall:
2.5.6.1 Cease work under this Contract and take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish a report within thirty (30) days of the Close-Out Event, describing the status of all work performed under the Contract and such other matters as the vice may require.
2.5.6.2 Immediately cease using and return to the Agency any property or materials, whether tangible or intangible, provided by the Agency to the Contractor.
2.5.6.3 Cooperate in good faith with the Agency and its employees, agents, and independent contractors during the transition period between the Close-Out Event and the substitution of any replacement service provider.

2.7.1.1 Any breach of this Contract;

2.7.1.3 The Contractor’s performance or attempted performance of this Contract, including any agent or subcontractor utilized or employed by the Contractor;
2.7.1.4 Any failure by the Contractor to make all reports, payments, and withholdings required by federal and State law with respect to social security, employee income and other taxes, fees, or costs required by the Contractor to conduct business in the State of Iowa;
2.7.1.5 Any claim of misappropriation of a trade secret or infringement or violation of any intellectual property rights, proprietary rights, or personal rights of any third party, including any claim that any Deliverable or any use thereof (or the exercise of any rights with respect thereto) infringes, violates, or misappropriates any patent, copyright, trade secret, trademark, trade dress, mask work, utility design, or other intellectual property right or proprietary right of any third party.

2.8 Insurance.
2.8.1 Insurance Requirements. The Contractor, and any subcontractor, shall maintain in full force and

The requirements set forth in this section shall be indicated on the certificates of insurance coverage supplied to the Agency.

2.8.2 Types and Amounts of Insurance Required.

Unless otherwise requested by the Agency in writing, the Contractor shall cause to be issued insurance coverages insuring the Contractor and/or subcontractors against all general liabilities, product liability, personal injury, property damage, and (where applicable) professional liability in the amount specified in the Special Terms for each occurrence. In addition, the Contractor shall ensure it has any necessary workers’ compensation and employer liability insurance as required by Iowa law.

2.8.3 Certificates of Coverage. The Contractor shall submit certificates of the insurance, which indicate coverage and notice provisions as required by this Contract, to the Agency upon execution of this Contract. The Contractor shall maintain all insurance policies required by this Contract in full force and effect during the entire term of this Contract, which includes any extensions or renewals thereof, and shall not permit such policies to be canceled or amended except with the advance written approval of the Agency. The insurer shall state in the certificate that no cancellation of the insurance will be made without at least a thirty (30) day prior written notice to the Agency. The certificates shall be subject to approval by the Agency. Approval of the insurance certificates by the Agency shall not relieve the Contractor of any obligation under this Contract.

2.9 Ownership and Security of Agency Information.

2.9.1 Ownership and Disposition of Agency Information. Any information either supplied by the Agency to the Contractor, or collected by the Contractor on the Agency’s behalf in the course of the performance of this Contract, shall be considered the property of the Agency (“Agency Information”). The Contractor will not use the Agency Information for any purpose other than providing services under the Contract, nor will any part of the information and records be disclosed, sold, assigned, leased, or otherwise provided to third parties or commercially exploited by or on behalf of the Contractor. The Agency shall own all Agency Information that may reside within the Contractor’s hosting environment and/or equipment/media.

2.9.2 Foreign Hosting and Storage Prohibited. Agency Information shall be hosted and/or stored within the continental United States only.

2.9.3 Access to Agency Information that is Confidential Information. The Contractor’s employees, agents, and subcontractors may have access to Agency Information that is Confidential Information to the extent necessary to carry out responsibilities under the Contract. Access to such Confidential Information shall comply with both the State’s and the Agency’s policies and procedures. In all instances, access to Agency Information from outside of the United States and its protectorates, either by the Contractor, including a foreign office or division of the Contractor or its affiliates or associates, or any subcontractor, is prohibited.

2.9.4 No Use or Disclosure of Confidential Information. Confidential Information collected, maintained, or used in the course of performance of the Contract shall only be used or disclosed by the Contractor as expressly authorized by law and only with the prior written consent of the Agency, either during the period of the Contract or thereafter. The Contractor shall immediately report to the Agency any unauthorized use or disclosure of Confidential Information. The Contractor may be held civilly or criminally liable for improper use or disclosure of Confidential Information.

2.9.5 Contractor Breach Notification Obligations. The Contractor agrees to comply with all applicable laws that require the notification of individuals in the
event of unauthorized use or disclosure of Confidential Information or other event(s) requiring notification in accordance with applicable law. In the event of a breach of the Contractor’s security obligations or other event requiring notification under applicable law, the Contractor agrees to follow Agency directives, which may include assuming responsibility for informing all such individuals in accordance with applicable laws, and to indemnify, hold harmless, and defend the State of Iowa against any claims, damages, or other harm related to such breach.

2.9.6 Compliance of Contractor Personnel. The Contractor and the Contractor’s personnel shall comply with the Agency’s and the State’s security and personnel policies, procedures, and rules, including any procedure which the Agency’s personnel, contractors, and consultants are normally asked to follow. The Contractor agrees to cooperate fully and to provide any assistance necessary to the Agency in the investigation of any security breaches that may involve the Contractor or the Contractor’s personnel. 2.9.8 Return and/or Destruction of Information. Upon expiration or termination of the Contract for any reason, the Contractor agrees to comply with all Agency directives regarding the return or destruction of all Agency Information and any derivative work. Delivery of returned Agency Information must be through a secured electronic transmission or by parcel service that utilizes tracking numbers. Such information must be provided in a format useable by the Agency. Following the Agency’s verified receipt of the Agency Information and any derivative work, the Contractor agrees to physically and/or electronically destroy or erase all residual Agency Information regardless of format from the entire Contractor’s technology resources and any other storage media. This includes, but is not limited to, all production copies, test copies, backup copies and/or printed copies of information created on any other servers or media and at all other Contractor sites. Any permitted destruction of Agency Information must occur in such a manner as to render the information incapable of being reconstructed or recovered. The Contractor will provide a record of information destruction to the Agency for inspection and records retention no later than thirty (30) days after destruction.

2.9.9 Contractor’s Inability to Return and/or Destroy Information. If for any reason the Agency Information cannot be returned and/or destroyed upon expiration or termination of the Contract, the Contractor agrees to notify the Agency with an explanation as to the conditions which make return and/or destruction not possible or feasible. Upon mutual agreement by both parties that the return and/or destruction of the information is not possible or feasible, the Contractor shall make the Agency Information inaccessible. The Contractor shall not use or disclose such retained Agency Information for any purposes other than those expressly permitted by the Agency. The Contractor shall provide to the Agency a detailed description as to the procedures and methods used to make the Agency Information inaccessible no later than thirty (30) days after making the information inaccessible. If the Agency provides written permission for the Contractor to retain the Agency Information in the Contractor’s information systems, the Contractor will extend the protections of this Contract to such information and limit any further uses or disclosures of such information.

2.10 Intellectual Property.

2.10.1 Ownership and Assignment of Other Deliverables. The Contractor agrees that the State and the Agency shall become the sole and exclusive owners of all Deliverables. The Contractor hereby irrevocably assigns, transfers and conveys to the State and the Agency all right, title and interest in and to all Deliverables and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables, including copyrights,
patents, trademarks, trade secrets, trade dress, mask work, utility design, derivative works, and all other rights and interests therein or related thereto. The Contractor represents and warrants that the State and the Agency shall acquire good and clear title to all Deliverables, free from any claims, liens, security interests, encumbrances, intellectual property rights, proprietary rights, or other rights or interests of the Contractor or of any third party, including any employee, agent, contractor, subcontractor, subsidiary, or affiliate of the Contractor. The Contractor (and Contractor’s employees, agents, contractors, subcontractors, subsidiaries and affiliates) shall not retain any property interests or other rights in and to the Deliverables and shall not use any Deliverables, in whole or in part, for any purpose, without the prior written consent of the Agency and the payment of such royalties or other compensation as the Agency deems appropriate. Unless otherwise requested by the Agency, upon completion or termination of this Contract, the Contractor will immediately turn over to the Agency all Deliverables not previously delivered to the Agency, and no copies thereof shall be retained by the Contractor or its employees, agents, subcontractors, or affiliates, without the prior written consent of the Agency.

2.10.2 Waiver. To the extent any of the Contractor’s rights in any Deliverables are not subject to assignment or transfer hereunder, including any moral rights and any rights of attribution and of integrity, the Contractor hereby irrevocably and unconditionally waives all such rights and enforcement thereof and agrees not to challenge the State’s rights in and to the Deliverables.

2.10.3 Further Assurances. At the Agency’s request, the Contractor will execute and deliver such instruments and take such other action as may be requested by the Agency to establish, perfect, or protect the State’s rights in and to the Deliverables and to carry out the assignments, transfers and conveyances set forth in Section 2.10, Intellectual Property.

2.10.4 Publications. Prior to completion of all services required by this Contract, the Contractor shall not publish in any format any final or interim report, document, form, or other material developed as a result of this Contract without the express written consent of the Agency. Upon completion of all services required by this Contract, the Contractor may publish or use materials developed as a result of this Contract, subject to confidentiality restrictions, and only after the Agency has had an opportunity to review and comment upon the publication. Any such publication shall contain a statement that the work was done pursuant to a contract with the Agency and that it does not necessarily reflect the opinions, findings, and conclusions of the Agency.

2.11 Warranties.

2.11.1 Construction of Warranties Expressed in this Contract with Warranties Implied by Law. Warranties made by the Contractor in this Contract, whether: (1) this Contract specifically denominates the Contractor's promise as a warranty; or (2) the warranty is created by the Contractor's affirmation or promise, by a description of the Deliverables to be provided, or by provision of samples to the Agency, shall not be construed as limiting or negating any warranty provided by law, including without limitation, warranties that arise through the course of dealing or usage of trade. The warranties expressed in this Contract are intended to modify the warranties implied by law only to the extent that they expand the warranties applicable to the Deliverables provided by the Contractor. With the exception of Subsection 2.11.3, the provisions of this section apply during the Warranty Period as defined in the Contract Declarations and Execution Section.

2.11.2 Contractor represents and warrants that:

2.11.2.1 All Deliverables shall be wholly original with and prepared solely by the Contractor; or it owns, possesses, holds, and has received or secured all rights, permits, permissions, licenses, and authority necessary to provide the Deliverables to the Agency hereunder and to assign, grant and convey the rights, benefits, licenses, and other rights assigned, granted, or conveyed to the Agency hereunder or under any license agreement related hereto without violating any rights of any third party;

2.11.2.2 The Contractor has not previously and will not grant any rights in any Deliverables to any third party that are inconsistent with the rights granted to the Agency herein; and

2.11.2.3 The Agency shall peacefully and quietly have, hold, possess, use, and enjoy the Deliverables without suit, disruption, or interruption.

2.11.3 The Contractor represents and warrants that:

2.11.3.1 The Deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables); and
2.11.3.2 The Agency’s use of, and exercise of any rights with respect to, the Deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables), do not and will not, under any circumstances, misappropriate a trade secret or infringe upon or violate any copyright, patent, trademark, trade dress or other intellectual property right, proprietary right or personal right of any third party. The Contractor further represents and warrants there is no pending or threatened claim, litigation, or action that is based on a claim of infringement or violation of an intellectual property right, proprietary right or personal right or misappropriation of a trade secret related to the Deliverables. The Contractor shall inform the Agency in writing immediately upon becoming aware of any actual, potential, or threatened claim of or cause of action for infringement or violation or an intellectual property right, proprietary right, personal right or misappropriation of a trade secret. If such a claim or cause of action arises or is likely to arise, then the Contractor shall, at the Agency’s request and at the Contractor’s sole expense:

- Procure for the Agency the right or license to continue to use the Deliverable at issue;
- Replace such Deliverable with a functionally equivalent or superior Deliverable free of any such infringement, violation, or misappropriation;
- Modify or replace the affected portion of the Deliverable with a functionally equivalent or superior Deliverable free of any such infringement, violation, or misappropriation; or
- Accept the return of the Deliverable at issue and refund to the Agency all fees, charges, and any other amounts paid by the Agency with respect to such Deliverable. In addition, the Contractor agrees to indemnify, defend, protect, and hold harmless the State and its officers, directors, employees, officials, and agents as provided in the Indemnification Section of this Contract, including for any breach of the representations and warranties made by the Contractor in this section.

The warranty provided in this Section 2.11.3 shall be perpetual, shall not be subject to the contractual Warranty Period, and shall survive termination of this Contract. The foregoing remedies provided in this subsection shall be in addition to and not exclusive of other remedies available to the Agency and shall survive termination of this Contract.

2.11.4 The Contractor represents and warrants that the Deliverables shall:

2.11.4.1 Be free from material Deficiencies; and

2.11.4.2 Meet, conform to, and operate in accordance with all Specifications and in accordance with this Contract during the Warranty Period, as defined in the Contract Declarations and Execution Section. During the Warranty Period the Contractor shall, at its expense, repair, correct or replace any Deliverable that contains or experiences material Deficiencies or fails to meet, conform to or operate in accordance with Specifications within five (5) Business Days of receiving notice of such Deficiencies or failures from the Agency or within such other period as the Agency specifies in the notice. In the event the Contractor is unable to repair, correct, or replace such Deliverable to the Agency’s satisfaction, the Contractor shall refund the fees or other amounts paid for the Deliverables and for any services related thereto. The foregoing shall not constitute an exclusive remedy under this Contract, and the Agency shall be entitled to pursue any other available contractual, legal, or equitable remedies. The Contractor shall be available at all reasonable times to assist the Agency with questions, problems, and concerns about the Deliverables, to inform the Agency promptly of any known Deficiencies or failures from the Agency or within such other period as the Agency specifies in the notice. In the event the Contractor is unable to repair, correct, or replace any Deliverables not performing in accordance with the warranties contained in this Contract, notwithstanding that such Deliverables may have been accepted by the Agency, and provide the Agency with all necessary materials with respect to such repaired or corrected Deliverable.

2.11.5 The Contractor represents, warrants and covenants that all services to be performed under this Contract shall be performed in a professional, competent, diligent, and workmanlike manner by knowledgeable, trained, and qualified personnel, all in accordance with the terms and Specifications of this Contract and the standards of performance considered generally acceptable in the industry for similar tasks and projects. In the absence of a Specification for the performance of any portion of this Contract, the parties agree that the applicable Specification shall be the generally accepted industry standard. So long as the Agency notifies the Contractor of any services performed in violation of this standard, the Contractor shall re-perform the services at no cost to the Agency, such that the services are rendered in the above-specified manner, or if the Contractor is unable to perform the services
as warranted, the Contractor shall reimburse the Agency any fees or compensation paid to the Contractor for the unsatisfactory services.

2.11.6 The Contractor represents and warrants that the Deliverables will comply with all Applicable Law.

2.11.7 Obligations Owed to Third Parties. The Contractor represents and warrants that all obligations owed to third parties with respect to the activities contemplated to be undertaken by the Contractor pursuant to this Contract are or will be fully satisfied by the Contractor so that the Agency will not have any obligations with respect thereto.

2.12 Acceptance of Deliverables.

2.12.1 Acceptance of Written Deliverables. For the purposes of this section, written Deliverables means documents including, but not limited to project plans, planning documents, reports, or instructional materials (“Written Deliverables”). Although the Agency determines what Written Deliverables are subject to formal Acceptance, this section generally does not apply to routine progress or financial reports. Absent more specific Acceptance Criteria in the Special Terms, following delivery of any Written Deliverable pursuant to the Contract, the Agency will notify the Contractor whether or not the Deliverable meets contractual specifications and requirements. Written Deliverables shall not be considered accepted by the Agency, nor does the Agency have an obligation to pay for such Deliverables, unless and until the Agency has notified the Contractor of the Agency’s Final Acceptance of the Written Deliverables. In all cases, any statements included in such Written Deliverables that alter or conflict with any contractual requirements shall in no way be considered as changing the contractual requirements unless and until the parties formally amend the Contract.

2.12.2. Reserved. (Acceptance of Software Deliverables)

2.12.3 Notice of Acceptance and Future Deficiencies. The Contractor’s receipt of any notice of Acceptance, including Final Acceptance, with respect to any Deliverable shall not be construed as a waiver of any of the Agency’s rights to enforce the terms of this Contract or require performance in the event the Contractor breaches this Contract or any Deficiency is later discovered with respect to such Deliverable.

2.13 Contract Administration.

2.13.1 Independent Contractor. The status of the Contractor shall be that of an independent contractor. The Contractor, its employees, agents, and any subcontractors performing under this Contract are not employees or agents of the State or any agency, division, or department of the State simply by virtue of work performed pursuant to this Contract. Neither the Contractor nor its employees shall be considered employees of the Agency or the State for federal or State tax purposes simply by virtue of work performed pursuant to this Contract. The Agency will not withhold taxes on behalf of the Contractor (unless required by law).

2.13.2 Incorporation of Documents. To the extent this Contract arises out of a Solicitation, the parties acknowledge that the Contract consists of these contract terms and conditions as well as the Solicitation and the Bid Proposal. The Solicitation and the Bid Proposal are incorporated into the Contract by reference. If the Contractor proposed exceptions or modifications to the Sample Contract attached to the Solicitation or to the Solicitation itself, these proposed exceptions or modifications shall not be incorporated into this Contract unless expressly set forth herein. If there is a conflict between the Contract, the Solicitation, and the Bid Proposal, the conflict shall be resolved according to the following priority, ranked in descending order: (1) the Contract; (2) the Solicitation; (3) the Bid Proposal.

2.13.3 Intent of References to Bid Documents. To the extent this Contract arises out of a Solicitation, the references to the parties' obligations, which are contained in this Contract, are intended to supplement or clarify the obligations as stated in the Solicitation and the Bid Proposal. The failure of the parties to make reference to the terms of the Solicitation or the Bid Proposal in this Contract shall not be construed as creating a conflict and will not relieve the Contractor of the contractual obligations imposed by the terms of the Solicitation and the Contractor’s Bid Proposal. Terms offered in the Bid Proposal, which exceed the requirements of the Solicitation, shall not be construed as creating an inconsistency or conflict with the Solicitation or the Contract. The contractual obligations of the Agency are expressly stated in this document. The Bid Proposal does not create any express or implied obligations of the Agency.
2.13.4 Compliance with the Law. The Contractor, its employees, agents, and subcontractors shall comply at all times with all Applicable Law. All such Applicable Law is incorporated into this Contract as of the effective date of the Applicable Law. The Contractor and Agency expressly reject any proposition that future changes to Applicable Law are inapplicable to this Contract and the Contractor’s provision of Deliverables and/or performance in accordance with this Contract. When providing Deliverables pursuant to this Contract the Contractor, its employees, agents, and subcontractors shall comply with all Applicable Law.

2.13.4.1 The Contractor, its employees, agents, and subcontractors shall not engage in discriminatory employment practices which are forbidden by Applicable Law. Upon the State’s written request, the Contractor shall submit to the State a copy of its affirmative action plan, containing goals and time specifications, and non-discrimination and accessibility plans and policies regarding services to clients as required under 11 Iowa Admin. Code chapter 121.

2.13.4.2 In the event the Contractor contracts with third parties for the performance of any of the Contractor obligations under this Contract as set forth in Section 2.13.9, the Contractor shall take such steps as necessary to ensure such third parties are bound by the terms and conditions contained in this Section 2.13.4.

2.13.4.3 Notwithstanding anything in this Contract to the contrary, the Contractor’s failure to fulfill any requirement set forth in this Section 2.13.4 shall be regarded as a material breach of this Contract and the State may cancel, terminate, or suspend in whole or in part this Contract. The State may further declare the Contractor ineligible for future State contracts in accordance with authorized procedures or the Contractor may be subject to other sanctions as provided by law or rule.

2.13.4.4 The Contractor, its employees, agents, and subcontractors shall also comply with all Applicable Law regarding business permits and licenses that may be required to carry out the work performed under this Contract.

2.13.4.5 If all or a portion of the funding used to pay for the Deliverables is being provided through a grant from the Federal Government, the Contractor acknowledges and agrees that pursuant to applicable federal laws, regulations, circulars, and bulletins, the awarding agency of the Federal Government reserves certain rights including, without limitation, a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes, the Deliverables developed under this Contract and the copyright in and to such Deliverables.

2.13.5 Procurement. The Contractor shall use procurement procedures that comply with all applicable federal, State, and local laws and regulations.

2.13.6 Non-Exclusive Rights. This Contract is not exclusive. The Agency reserves the right to select other contractors to provide Deliverables similar or identical to those described in the Scope of Work during the entire term of this Contract, which includes any extensions or renewals thereof.

2.13.7 Amendments. This Contract may only be amended by mutual written consent of the parties, with the exception of (1) the Contract end date, which may be extended under the Agency’s sole discretion, and (2) the Business Associate Agreement, which may be modified or replaced on notice pursuant to Section 1.5, Business Associate Agreement. Amendments shall be executed on a form approved by the Agency that expressly states the intent of the parties to amend this Contract. This Contract shall not be amended in any way by use of terms and conditions in an Invoice or other ancillary transactional document. To the extent that language in a transactional document conflicts with the terms of this Contract, the terms of this Contract shall control.

2.13.8 No Third Party Beneficiaries. There are no third party beneficiaries to this Contract. This Contract is intended only to benefit the State and the Contractor.

2.13.9 Use of Third Parties. The Agency acknowledges that the Contractor may contract with third parties for the performance of any of the Contractor’s obligations under this Contract. The Contractor shall notify the Agency in writing of all subcontracts relating to Deliverables to be provided under this Contract prior to the time the subcontract(s) become effective. The Agency reserves the right to review and approve all subcontracts. The Contractor may enter into these contracts to complete the project provided that the Contractor remains responsible for all Deliverables provided under this Contract. All restrictions, obligations, and responsibilities of the Contractor under this Contract shall also apply to the...
2.13.10 Choice of Law and Forum. Any and all litigation commenced in connection with this Contract shall be brought and maintained solely in Polk County District Court for the State of Iowa, Des Moines, Iowa, or in the United States District Court for the Southern District of Iowa, Central Division, Des Moines, Iowa, wherever jurisdiction is appropriate. This provision shall not be construed as waiving any immunity to suit or liability including without limitation sovereign immunity in State or Federal court, which may be available to the Agency or the State of Iowa.

2.13.11 Assignment and Delegation. The Contractor may not assign, transfer, or convey in whole or in part this Contract without the prior written consent of the Agency. For the purpose of construing this clause, a transfer of a controlling interest in the Contractor shall be considered an assignment. The Contractor may not delegate any of its obligations or duties under this Contract without the prior written consent of the Agency. The Contractor may not assign, pledge as collateral, grant a security interest in, create a lien against, or otherwise encumber any payments that may or will be made to the Contractor under this Contract.

2.13.12 Integration. This Contract represents the entire Contract between the parties. The parties shall not rely on any representation that may have been made which is not included in this Contract.

2.13.14 Headings or Captions. The paragraph headings or captions used in this Contract are for identification purposes only and do not limit or construe the contents of the paragraphs.

2.13.15 Not a Joint Venture. Nothing in this Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, (or other association of any kind or agent and principal relationship) between the parties hereto. No party, unless otherwise specifically provided for herein, has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to this Contract.

2.13.16 Joint and Several Liability. If the Contractor is a joint entity, consisting of more than one individual, partnership, corporation, or other business organization, all such entities shall be jointly and severally liable for carrying out the activities and obligations of this Contract, for any default of activities and obligations, and for any fiscal liabilities.

2.13.17 Supersedes Former Contracts or Agreements. This Contract supersedes all prior contracts or agreements between the Agency and the Contractor for the Deliverables to be provided in connection with this Contract.

2.13.18 Waiver. Except as specifically provided for in a waiver signed by duly authorized representatives of the Agency and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach.

If a delay results from a subcontractor’s conduct, negligence or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract unless the subcontractor or supplier is prevented from timely performance by a Force Majeure as defined in this Contract.

If a Force Majeure delays or prevents the Contractor’s performance, the Contractor shall immediately use its best efforts to directly provide alternate, and to the extent possible, comparable performance. Comparability of performance and the possibility of comparable performance shall be determined solely by the Agency.

The party seeking to exercise this provision and not perform or delay performance pursuant to a Force Majeure shall immediately notify the other party of the occurrence and reason for the delay. The requirements of this paragraph shall apply to the Contractor as well as any subcontractors.

By signing this Contract, the Contractor is providing the certification set out below:

2.14.2.1 The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2.14.2.2 The Contractor shall provide immediate written notice to the Agency if at any time the Contractor learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

2.14.2.3 The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principle, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. A participant may decide the method and frequency by which it determines the eligibility of its principals. A participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

2.14.2.7 Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. 2.14.2.8 Except for transactions authorized under Section 2.14.2.4 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
2.14.2.9 The Contractor certifies, by signing this Contract, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the Contractor is unable to certify to any of the statements in this certification, such Contractor shall attach an explanation to this Contract.

2.14.3.1 No federal appropriated funds have been paid or will be paid on behalf of the sub-grantee to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of the Congress, an officer or employee of the Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant loan, or cooperative agreement.

2.14.3.2 If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of the Congress, or an employee of a Member of Congress in connection with this Contract, grant, loan, or cooperative agreement, the applicant shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

2.14.3.3 The Contractor shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C.A. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000.00 and not more than $100,000.00 for each such failure.
