Performance Indicators
January 1, 2010**

**PERFORMANCE INDICATORS
CARRYING MEDICAID FINANCIAL INCENTIVES
IOWA PLAN FOR BEHAVIORAL HEALTH
CONTRACT PERIOD #1
January 1, 2010 – June 30, 2010**

The Contractor shall provide to the Departments a monthly written report on all performance indicators to which financial incentives have been attached. These indicators will be reassessed annually by the Departments and the Iowa Plan Advisory Committee and may be modified annually at the Departments' discretion. Each indicator should be reported with either monthly or quarterly measurements (as specified) and with a contract year-to-date measurement. For performance indicators that utilize HEDIS specifications, the Contractor shall also report national Medicaid HEDIS 75th and 90th percentile rates for the indicator, using the most recently reported NCQA data, for comparison purposes.

The measurement specifications for each performance indicator shall be defined in detail in a methodology appendix attached to each report. The measurement specifications shall be reviewed and approved in writing by the Departments no later than 60 days after the Contract Operational Start Date.

For the attainment of each designated financial incentive performance indicator for the time period of January 1 through June 30, 2010 the measures will be prorated. For the period of July 1, 2010-June 30, 2011, the measures and the financial amounts shall be annualized. The Contractor shall be paid the amount the Department of Human Services has associated with each indicator. The Department of Human Services shall be solely responsible for determining whether or not the Contractor has met the required level of performance. The Department shall take whatever steps it deems appropriate to validate all information provided by the Contractor, including auditing Contractor measurement processes and data, prior to issuing incentive payments.

1. Quality of Care: Mental Health Readmission

Rate of mental health inpatient readmission by children and adults at 7, 30, and 90 days will be no higher than the following:

7-day readmission (monitor only) children: 6.0% adults: 6.0%	30-day readmission children: 14.0% adults: 14.0%	90-day readmission(monitor only) children: 25.0% adults: 25.0%
--	--	--

Numerator: The number of inpatient readmissions within 7/30/90 days of discharge.*

Denominator: The number of inpatient discharges that occur within the reporting periods, less 30 days.*

*Discharges/readmits at the MHIs where the Enrollee is moving between inpatient and residential are not counted. Court ordered inpatient admissions are not counted.

Data Source: Claims.

Standard	7-day readmission (Monitor Only) 6% or less	30-day readmission (Incentive) 14% or less	90-day readmission (Monitor Only) 25% or less
----------	---	--	---

2. Quality of Care: Community Tenure

The average time between mental health hospitalizations per contract period shall not fall below 94 days for Iowa Plan Enrollees.

For Enrollees who were admitted to a mental health inpatient hospital setting which is funded by the Contractor and subsequently readmitted to a mental health inpatient hospital setting funded by the Contractor within the contract period and the preceding 12 months of the contract period, the average number of days between discharge and readmission(s). The numbers must reflect all Enrollees who were re-admitted despite Contractor denial as well as those Enrollees whose admission was authorized.

Data Source: Authorizations.

Standard	94 days or more (children) before readmission – (monitor only) 94 days or more (adults) before readmission – (monitor only) 94 days or more (children and adults) before readmission – (incentive)

4. Quality of Care: Follow-up Contact After Hospitalization for Mental Illness

90% of Enrollees discharged from mental health inpatient care will receive a follow-up contact by a provider or by Magellan staff within 7 days of discharge.

Numerator: The number of Enrollees discharged from a mental health inpatient setting (whether or not the inpatient hospitalization was authorized by the contractor at the time of discharge) during the contract period for whom claims data or other information from a provider reflects subsequent treatment service or a follow-up with Magellan’s Staff within 7 calendar days of the discharge date.

Denominator: The number of Enrollees discharged from a mental health inpatient setting (whether or not the inpatient hospitalization was authorized by the contractor at the time of discharge) during the contract period.

Excluded: Clients not enrolled in the Iowa Plan at the time of discharge are excluded, even those clients who later gain Iowa Plan enrollment for the month of service. Clients determined to be admitted for a non-Iowa Plan diagnosis.

Data Source: Authorizations, IP Medical Record and claims.

Standard	90% of Enrollees receive follow-up treatment within 7 days of discharge
----------	---

5. Quality of Care: Follow-up After Hospitalization for Mental Illness (HEDIS)

56% of Enrollees 6 years of age and older discharged from mental health inpatient care for selected disorders will receive outpatient, intensive outpatient program or partial hospitalization treatment services with a mental health practitioner within 7 days of discharge.

76% of Enrollees 6 years of age and older discharged from mental health inpatient care for selected disorders will receive outpatient, intensive outpatient program or partial hospitalization treatment services with a mental health practitioner within 30 days of discharge.

Numerator and Denominator: Utilize HEDIS 2009 specifications for the measure “Follow-Up After Hospitalization for Mental Illness”

Exclude: Enrollees with Medicaid and Medicare

Data Source: Claims and Enrollment.

Standard	56% of Enrollees receive follow-up treatment within 7 days of discharge (Incentive) 76% of Enrollees receive follow-up treatment within 30 days of discharge (Monitor)

6. Quality of Care: Follow-up After Hospitalization for Substance Abuse Treatment

60% of Enrollees discharged from ASAM Levels III.5 and III.3 will receive a follow-up substance abuse service within 14 days of discharge

Numerator: The number of Enrollees discharged from ASAM Levels III.5 and III.3 who received a follow-up substance abuse service reimbursed by the Contractor within 14 days (as documented in the Contractor's claim system) of discharge.

Denominator: The number of Enrollees discharged from ASAM Levels III.5 and III.3.

Exclude: Enrollees with Medicaid and Medicare

Data Source: Authorizations and claims.

Standard	60% of Enrollees receive follow-up treatment within 14 days of discharge
----------	--

7. Quality of Care: Implementation of Mental Health Inpatient Discharge Plans

94% of all discharge plans written for Enrollees being released from a mental health inpatient hospitalization shall be implemented. (Minimum of 240 charts).

Numerator: Number of Enrollees* who have been discharged from a mental health inpatient setting during the contract period (whether or not the inpatient hospitalization was authorized by the Contractor at the time of discharge) for whom claims data or provider records reflect implementation of the follow-up plan written with the Enrollee at the time of discharge.

Denominator: Number of Enrollees* who have been discharged from a mental health inpatient setting during the contract period (whether or not the inpatient hospitalization was authorized by the Contractor at the time of discharge).

*Numerator and Denominator numbers are based solely on the number of record reviews completed during the measurement period.

DHS has the right to approve the sampling methodology and review criteria should the Contractor utilize provider records for this measurement.

Data Source: Chart Review.

Standard	94% or more of all discharge plans are implemented Minimum of 240 charts (Annual Number)
