## VII. Public Comment Session

\*Next meeting is Tuesday, October 11, 2011 from 10:00 am – 3:15 pm at United Way of Central Iowa located at 1111 Ninth Street, Des Moines, IA 50314.

Meeting Preparation: Although the Children's redesign process is working within an extended timeline, there is an immediate need to build/organize the services necessary for bringing children home from out of state placements and reducing new demand for out of state services.

In preparation for the next work session, please think about the essential subset (of the eventual array) of core services that will support children returning home and their families.

- What are the core services?
- What are the key service components?
- What are the necessary service attributes (i.e. "individualized") and provider competencies (i.e. "Trauma-informed treatment")?
- What outcomes and performance indicators are important?

### Required Reading

- SAMSHA Core Elements in Responding to Mental Health Crises
