IA Health Link Managed Care Program
Provider Toolkit
December 2015
August 17, 2015

Dear Iowa Medicaid health care providers,

The Iowa Department of Human Services (DHS) will be transitioning most Medicaid members to a new managed care program, officially named IA Health Link, as of January 1, 2016. The goals of IA Health Link are to improve the coordination and quality of care that Medicaid members receive and become a healthier state, while Iowa works towards a balanced, predictable state budget.

This program will be administered by contracted managed care organizations (MCOs) that will provide members with comprehensive health care services, including physical health, behavioral health, and long term care services and support. All members will have six months to two years to remain with their current provider(s), depending on the Iowa Medicaid services for which they are currently eligible. Members may keep their current medical health providers, mental health providers, and case manager until at least June 30, 2016, as long as their provider(s) choose to participate with the MCOs. The IA Health Link program has made sure that long term care or in home services and support providers will have the chance to be part of the MCOs through the end of December 2017.

Providers should contract with MCOs to continue providing care to Medicaid members. As part of ongoing network contracting, the MCOs will consider the quality of providers within their network. This reflects the priority of the DHS and MCOs to provide members the high quality care they deserve. **You will be receiving information over the next few months on contracting with a MCO.**

We understand that this is a very complex process, and that members may have many questions for you. We are here to help. This toolkit includes materials you can use to educate members about the IA Health Link program, as well as information for providers about how to participate in and support communication efforts.

You will notice this toolkit is branded IA Health Link. The IA Health Link brand previously represented the Healthy Behaviors program of the Iowa Health and Wellness Plan in 2014 through 2015, and was designed with the capability to represent future transitions for Medicaid programs, such as this new managed care program. The campaign and its website will ensure a seamless transition into the managed care program.

The enclosed documents have been developed to help communicate important information to members. Please use these materials in your local outreach efforts.

**This toolkit will be continually updated as new information and educational materials are available, visit our website frequently to check for updates.**

Thank you for your continued support,

Mikki Stier, MSHA, FACHE

IA Health Link Program Overview

Initiative Name
Medicaid Modernization Transition

Project Background
On February 16, 2015, the Iowa Department of Human Services (DHS) released a Request for Proposal (RFP) for Governor Branstad's Iowa High Quality Health Care Initiative also known as Medicaid Modernization. This initiative aims to improve the coordination and quality of care, while providing predictability and sustainability for Iowa taxpayers in Medicaid spending.

Under this initiative, we will enroll the vast majority of Iowa Medicaid members with a managed care organization (MCO). On August 17, 2015, DHS issued a notice of intent to award four MCOs with contracts to administer the program. The MCOs will provide comprehensive health care services, including physical health, behavioral health, and long-term services and supports.

You can learn more about the four MCOs to recently receive a bid award at http://dhs.iowa.gov/sites/default/files/IAHealthLink-Announcement-NOI.pdf.

The MCOs will begin providing services to members on January 1, 2016. Prior to beginning those services, DHS must prepare and transition the majority 560,000 current Medicaid members to the MCOs. In addition to the communications to members during the transition, DHS must also prepare the health care provider community, advocates, community resources, and family members.

Overall Goal
DHS aims to improve the coordination and quality of care while providing predictability and sustainability for Iowa taxpayers in Medicaid spending. To accomplish this goal, DHS has contracted with four MCOs to coordinate care for the vast majority of Medicaid members.

Bidder Awards
On Monday, August 17, 2015, DHS announced the intent to award four bidders. The bidders include:
- Amerigroup Iowa, Inc.
- AmeriHealth Caritas Iowa, Inc.
- UnitedHealthcare of the River Valley, Inc.
- WellCare of Iowa, Inc.

Provider FAQ
Find answers to frequently asked questions from providers.

**Question: What is Medicaid Modernization?**
Medicaid Modernization is the initiative supporting the Iowa High Quality Health Care Initiative announced by Governor Branstad on February 16, 2015. The initiative aims to improve access and care coordination, promote accountability and outcomes and provide a predictable and sustainable Medicaid budget. Through Medicaid Modernization, the Iowa Department of Human Services will contract with managed care organizations for the delivery of health care services for most Medicaid members.

**Question: Will the managed care programs such as; MediPASS and the Iowa Wellness Plan through the IME continue into 2016?**
Program eligibility will not change, but the majority of Medicaid members will be transitioned to managed care organizations. Members enrolled in current programs such as MediPASS and the Iowa Wellness Plan are included in that transition. Iowa Medicaid will maintain fee-for-service coverage for the limited number of members excluded from managed care.

**Question: Who is excluded from participating in managed care?**
Eligible members that will be excluded from managed care include:
- Members participating in the Medicare Savings Program
- Medically needy individuals
- Short-term Medicaid for undocumented individuals
- Members participating in the Health Insurance Premium Payment (HIPP) Program
- *Members enrolled in the Program of All Inclusive Care for the Elderly (PACE)
- *American Indians or Alaskan Natives

*Indicates the member may opt into managed care

**Question: Will Home and Community Based Services (HCBS) waiver services be available in 2016?**
All the Medicaid state plan and Home and Community Based Services (HCBS) and Habilitation program benefits available today will continue to be available through the MCOs. HCBS and Habilitation providers who are enrolled with Medicaid will be part of the MCO provider network, if they choose, until December 31, 2017. After December 31, 2017, provider networks will be negotiated by the MCOs and providers.

**Question: Will providers be required to enroll with all participating MCOs and the Iowa Medicaid Enterprise (IME)?**
All Providers will be required to enroll with the IME. Providers will be able to choose which MCOs they wish to enroll with and will not be required to enroll with all MCOs.

**Question: Where can I learn more about contracting with the MCOs?**
Providers may directly contact the MCOs to learn more about the contracting process. Providers may also receive information from the MCOs as they work to build their networks.

You may access Informational Letter 1539 regarding the announcement DHS made on August 17, 2015 to award four bidders. DHS signed contracts with all four MCOs in October 2015.

For information on provider contracting, please see Provider Contracting Information on the following page.

**Question: Will the MCOs have to honor existing prior authorizations?**
The MCOs will honor existing authorizations for at least three months.

**Question: Who is responsible for the utilization management guidelines?**
The MCOs are responsible, but guidelines must be approved by DHS.

**Question: Will claims be paid on a timely basis?**
The MCOs are required to pay claims within similar timeframes as Medicaid.

**Question: What is the claims timely filing limit for the MCOs?**
Claims must be submitted within 180 days of the date of service. Claims involving third-party liability must be submitted within 365 days of the date of service.

**Question: Which providers are included in the six month network transition and which providers are included in the two year transition?**

**Six Months:**
- Physical health care providers (ex. Primary care, hospitals, specialists, etc.)
- Hospice
- Behavioral health care providers (excludes CMHCs, and IDPH-funded substance use providers)
- Case managers

**Two Years:**
- Nursing Facilities
- HCBS waiver and habilitation providers (excludes case managers and care coordinators)
- Community Mental Health Centers
- ICF/IDs
- Health Homes
- Substance use disorder treatment programs also in the IDPH-funded network

**Question: What rates will the MCOs pay?**
MCOs will pay all providers at 100% of the IME rate and/or fee as of July 1, 2015, until April 1, 2016, regardless of whether or not the provider is in-network or out-of-network with the MCO. After that, MCOs will pay out-of-network providers at 90% of base rates established by DHS until July 1, 2016. Unless specifically announced or identified the reimbursement rate floors will remain the same unless federal or state law requires changes. It is important to note that the reimbursement rate floor establishes a baseline for provider reimbursement by the MCOs. This ensures stability in provider reimbursement. Please refer to informational letter 1562 for details.

**Question: What if there is no rate floor established in IL 1562 for the services I provide?**
Providers will need to negotiate their rates with the MCOs with which they choose to enroll.

**Question: I am a waiver provider, how do I find out my rates?**
Waiver rates were mailed to providers on November 3, 2105. If you have not received your rate, please contact IME Provider Services at 1-800-338-7909 or by email at IMEProviderServices@dhs.state.ia.us.

**Question: Where are the rates for mental health services that will be covered by the MCOs?**
The IME is working on the remaining mental health rate floors based on information that IME has received from Magellan.

**Question: Magellan paid my Community Mental Health Center (CMHC) an “enhanced rate,” will I still receive that rate from the MCOs?**
The floor will be the alternative fee schedule rates, which is equal to the Iowa Plan non-cost reporting fee schedule rates. It is up to the provider to negotiate anything that may be beyond those rates.

**Question: Will cost reporting still occur in 2016?**
Iowa Medicaid cost reporting will continue at least through State Fiscal Year 2016 (June 30, 2016), for most providers. It is anticipated that cost reporting will continue unless directed otherwise by the Iowa Legislature. In other words, there will be no changes to the current process for now.

**Question: Will unmet medical needs be paid based upon delay of enrollment as currently exists?**
There are no changes in unmet medical needs policies with the implementation of managed care. The retroactive eligibility period is covered by traditional Medicaid fee-for-service through the Iowa Medicaid Enterprise.
Question: Will the Eligibility Verification System (ELVS) still be available to determine member eligibility and MCO selection?

ELVS is available 24 hours a day, seven days a week and will continue to provide information on the member’s selected MCO and the MCO contact information. ELVS is available both through the Electronic Data Interchange Support Services (EDISS) and phone line.

- Web based eligibility is available through the Web Portal at https://ime-ediss5010.noridian.com/iowaxchange5010/LogonDisplay.do. Login ID and password may be obtained through EDI by submitting a Request Form to EDI or calling EDI at 1-800-967-7902.
- The ELVS phone line at: 515-323-9639 (locally in Des Moines) or 1-800-338-7752 (toll-free).

Provider Enrollment

The Iowa Medicaid Enterprise (IME) requires that all providers must be enrolled as Iowa Medicaid providers prior to enrolling with the MCOs. Providers that are currently enrolled as Iowa Medicaid providers will not need to do anything with the IME to begin the enrollment process with the MCOs. Additionally, during this transition all enrolled Iowa Medicaid providers have “deemed credentialing” meaning they will initially be considered credentialed to ensure continuity of care and allow time for any additional MCO credentialing to be completed.

To streamline the enrollment process moving forward, the IME has updated the Iowa Medicaid Provider Application, 470-02541, now called the Iowa Medicaid Universal Provider Enrollment Application to include information for both the IME and the MCOs. This application will be shared with any of the MCOs the provider selects on the application, and will allow for enrollment with multiple MCOs simultaneously. You can locate the Iowa Medicaid Universal Provider Enrollment Application here: https://dhs.iowa.gov/sites/default/files/470-0254_6.pdf.

The MCOs may have some additional information needs that were not captured by previous IME provider applications predating the IME Universal Application, Form 470-0254. For that reason, providers should work with the MCOs directly to see if any additional information is needed. Providers will then need to sign a contract with the MCO to be considered in network for that MCO.

If you have any questions, please contact the IME Provider Enrollment Unit at 1-800-338-7909, option 2 or by email at imeproviderenrollment@dhs.state.ia.us.

Member FAQs

Use the following information will help answer questions about the IA Health Link program with members.

What is the IA Health Link program?
IA Health Link is Iowa’s new managed care program for Medicaid members. On January 1, 2016, most Iowa Medicaid programs will be joined together in a single managed care program that will give you the same health care coverage you know and use, but will be covered by a managed care organization.

What is a managed care organization?
A managed care organization (MCO) is a health plan. It is a type of health coverage that makes sure you get complete care that’s just right for you from the managed care organization’s network of providers. You will have the opportunity to choose your MCO until December 17, 2015 which will be effective for January 1, 2016. If you do not choose then the state will match you with an MCO.

Are Iowa Medicaid members required to enroll with a managed care organization?
Almost all Iowa Medicaid members are required to enroll with a managed care organization (MCO), but you may be able to keep seeing your current provider if they contract with a MCO. You may also choose an MCO. If you do not choose then the state will match you with an MCO in the coming months. If you are interested in learning if your program will enroll with MCOs, visit dhs.iowa.gov.

Will my benefits or provider change?
Your benefits will not change as long as you are eligible for the same program. Your medical, mental health and long term care benefits will be covered by an MCO beginning January 1, 2016. The MCO will have a network of providers across the state of Iowa for you to choose from. Your provider may change if they choose not to contract with an MCO.

Why is this changing?
Understanding health care coverage can be difficult, especially if there are lots of different programs with different rules. IA Health Link brings Iowa Medicaid programs together into one simple program for individuals and families to all get the best care they need.

What services are in, and which services are out?
All benefits that are available to you today will continue with your managed care organization.

Will there be continuing education for members?
Yes, ongoing education will be available in the coming months. Please check our website (https://dhs.iowa.gov/ime/about/initiatives/MedicaidModernization/member-materials) periodically for event schedules and updated documents.

**If I am part of the Iowa Health and Wellness Plan, will I still need to engage in healthy behaviors?**
Yes, Iowa Health and Wellness Plan members still need to participate in the Healthy Behaviors program if members do not want to make a monthly contribution the following year. These help you stay healthy and can save you money. Getting a physical or dental exam is the first of many preventive health services that help you get the care you need. Remember, Iowa Health and Wellness Plan members who complete healthy behavior requirements each year will not be charged up to $10.00 per month the following year.

**How and where can I learn more?**
If you have questions or comments about this change or your current health coverage, please call the Iowa Medicaid Member Services Unit at 1-800-338-8366 or 515-256-4606. Representatives will be available Monday-Friday, 8:00 a.m. to 5:00 p.m.

- Call Center: 1-800-338-8366, 8am-5pm, M-F
- Members can select their MCO through voice system option 24/7 daily

IME Member Services offers health plan choice counseling to members. Choice counseling includes answering member questions about each health plan such as:
- Is my provider in the MCO network?
- Is my pharmacy in the MCO network?
- Does the MCO have specialists close to my community?
- Does the plan have value-added services that would benefit me?
- Are there special health programs that would help me?
- Does the MCO have call centers or helplines available beyond regular business hours?
Changing MCOs for Good Cause
Members may disenroll from their MCO at any time throughout the year for reasons of “good cause.” “Good cause” reasons can include:

- A member’s provider is not enrolled with the MCO and that provider disenrollment impacts the members’ health outcomes
- A member needs related services to be performed at the same time and not all related services are available in the MCO network
- If there is a change in eligibility (for example PACE)

To make a change:

- Members call the Iowa Medicaid Enrollment Broker to request disenrollment for “good cause”
- Members tell the Enrollment Broker which MCO they want to switch to
- If a member has a question about whether they have a “good cause” they can call the Enrollment Broker for more information
