Readiness Review - LTC

Specific federal requirements related to long term care readiness include:

- Comprehensive LTC training
- Experience and expertise with LTC, including case management and disease management staff
- These requirements are applicable to subcontractors of the MCOs
Readiness Review Expectations

If the contractor fails to pass the readiness review at least 30 calendar day prior to scheduled member enrollment, DHS may:

- Apply a $2,168 per day penalty in liquidated damages
- Delay member enrollment
- Require other remedies up to but not limited to terminating the contract
- Recover from the contractor all costs incurred because of any delay
