What do Iowans Want?

93% of Iowans 50+ say it is extremely or very important to be able to stay in their own homes as they age.

AARP survey, “Voices of 50+ Iowa: Dreams & Challenges”
Health Care v Sick Care

• How often do hospitals/physicians’ clinics touch our lives
  – When we’re dying
  – When we’re injured or seriously ill
  – When we have chronic conditions

• Where does “health care” take place
  – Community
  – Home
Family Caregiver and Community

• $495 billion unpaid industry nationally\(^1\)
  – Excludes family with chronic conditions
• $4.1 million in Iowa\(^2\)
• Community Programs for family caregivers
  – Older Americans Act
  – Peer to Peer/Family to Family Support
• Community provides non-clinical support for health

Care Transitions

Coordination of community supports for persons as they transition between settings (e.g. hospital to home)

• Family Caregiver Support
• Prevention, Health Promotion, Risk Reduction Programs
• National Evidence-based Programs
Care Transitions & ACOs

Consumer Accesses “Closed ACO” Providers

Physicians
Clinical Community Services
Hospitals

ACO Collaborative “Open” Model

Clinical Services
Family/Personal Supports
Community Long-Term Supports and Services
Community-Clinical
Community Conversation

What are your thoughts regarding long-term supports system, community, and family caregivers in the development of an IME ACO?
