### Public Comment Period for Home- and Community-Based Services (HCBS) Waiver Statewide Transition Plan (STP)

**Posted:** October 14, 2019

The Centers for Medicare & Medicaid Services (CMS) have issued regulations that define the settings in which it is permissible for states to pay for Medicaid Home- and Community-Based Services (HCBS).

The purpose of these regulations are to ensure that individuals receive Medicaid HCBS in settings that are integrated in and support full access to the greater community. This includes opportunities to seek employment and work in competitive and integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree as individuals who do not receive HCBS.

The state intends to submit a final statewide setting transition plan (STP) to CMS on November 18, 2019. The STP will cover the 1915(i) State Plan HCBS program known as HCBS Habilitation Services and all seven 1915(c) HCBS Waivers, which includes the Intellectual Disability, Brain Injury, Health and Disability, Physical Disability, Elderly, AIDS/HIV and Children's Mental Health Waivers. The STP covers all HCBS services whether provided through the Fee-for-Service (FFS) delivery system or through a Managed Care Organization (MCO), including any additional HCBS provided as "value-added" or 1915(b)(3) services through an MCO.

#### **Public Review and Comments**

The STP is posted on the DHS website at <https://dhs.iowa.gov/ime/about/initiatives/HCBS/TransitionPlans>. To reach all stakeholders, non-electronic copies will be available for public review at each local DHS office.

Comments received will be reviewed and incorporated into the final STP, as applicable, prior to submission to CMS. The STP will be available for review from October 14, 2019 through November 14, 2019.
